Importance: High

Eric
Good Morning
I did make some comments on this application in City View. However I could not get the "pending" to change. Please if you could place in comments the following:
Emergency Management would like to know if possible the estimated finish floor elevation and the number of independent senior living units. Storm surge threat in this area appears to be significant and evacuation is likely. Emergency Management anticipates that some hurricane evacuation mitigation contribution is likely needed. I would appreciate your making this entry for me. Regrettably I am on leave until Tuesday and can give you a call first thing to discuss.
Thanks
Dan Summers

Dan,

Good afternoon. I was wondering if you had any questions regarding this petition. The comments are due tomorrow (August 3). Thanks!

Respectfully,
