

TO:

COLLIER COUNTY PLANNING COMMISSION

FROM:

ZONING DIVISION - ZONING SERVICES SECTION

GROWTH MANAGEMENT DEPARTMENT

**HEARING DATE:** JANUARY 18, 2018

SUBJECT:

PDI-PL20170003546, SABAL BAY

MIXED USE PLANNED UNIT DEVELOPMENT (MPUD)

#### **APPLICANT/AGENT:**

Owner:

CDC Land Investments, Inc. W134 N8675 Executive Pkwy

Menomonee Falls, WI 53051

Applicant/Contract Purchaser:

Continental 442 Fund LLC 2550 Goodlette Rd. N Ste 100

Naples, FL 34103-4609

Agent:

D. Wayne Arnold, AICP Q. Grady Minor, P.A. 3800 Via Del Rey

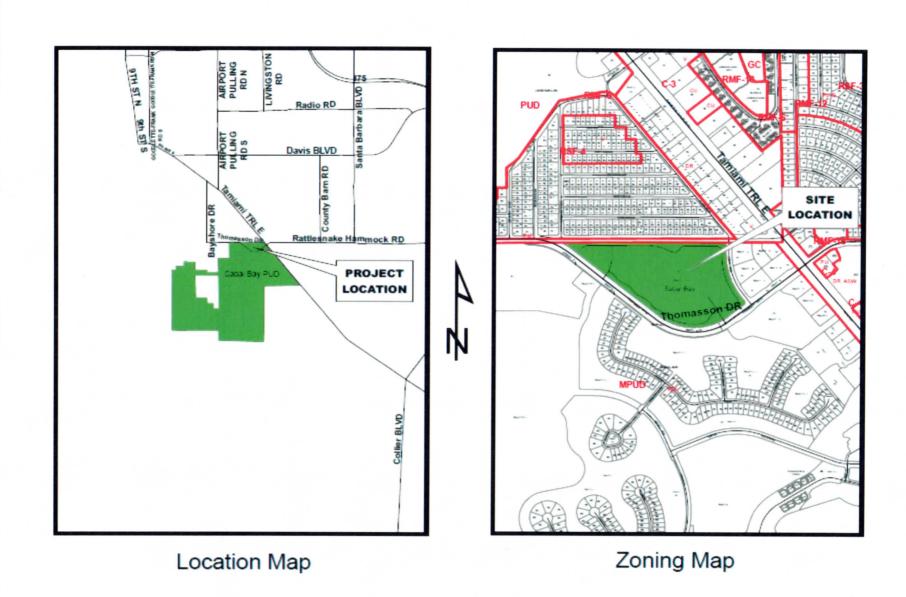

Bonita Springs, FL 34134

#### **REQUESTED ACTION:**

The applicant requests that the Planning Commission consider an insubstantial change to the Sabal Bay Mixed Use Planned Unit Development (MPUD), Ordinance No. 05-59, as amended, to reduce the minimum floor area for up to 52 multi-family/timeshare dwelling units (excluding townhouses) from 700 square feet to 551 square feet, for Tract 1 of the Sabal Bay Commercial Plat—Phase One subdivision.

#### **GEOGRAPHIC LOCATION:**

The PUD zoned property is located on the north side of Thomasson Drive, approximately 500 feet west of U.S. 41 East, in Section 24, Township 50 South, Range 25 East, Collier County, Florida, consisting of  $\pm 34.19$  acres. (See Location Map on the following page.)

#### **PURPOSE/DESCRIPTION OF PROJECT:**

On October 19, 2017, the petitioner applied for an insubstantial change to the Sabal Bay MPUD to modify the residential development standards for the multifamily/timeshare dwelling units by reducing the minimum floor area from 700 square feet (SF) to 551 SF by revising the Development Standards table. The following information is a brief summary of the PUD, but does not include all applications and approvals. In 2005, the property was rezoned from Planned Unit Development (PUD) Zoning District and Agricultural, (A) Zoning District, a portion of which had an agricultural special treatment overlay, to a Mixed Use Planned Unit Development (MPUD) pursuant to Ordinance 05-59 allowing for a maximum of 1,999 varied housing type units and golf courses, and recreation/village center and public facility uses. In 2012, the MPUD was amended via Ordinance 12-12 to include changes in development standards, addition of permitted uses, increase in preserve area by 45 acres, removal of affordable housing, and removal of bald eagle management plan.

#### **LAND USE AND ZONING:**

This section of the staff report identifies the land uses and zoning classifications for properties near the portion of the PUD affected by the request.

**North:** Thomasson Lane, a 2-lane arterial roadway, then a mix of single family, two-family, and multi-family residential, with a current zoning designation of Residential Multi-Family-6 District (RMF-6).

East: Cardinal Way, a 2-lane arterial roadway, then various retail and office uses, with a current zoning designation of Sabal Bay MPUD

South: Thomasson Drive, a 2-lane arterial roadway, then single family residential, with a current zoning designation of Sabal Bay MPUD

West: Thomasson Drive, a 2-lane arterial roadway, then undeveloped land owned by Collier County Public Schools with a current zoning designation of Sabal Bay MPUD

Aerial from Property Appraiser website

#### **STAFF ANALYSIS:**

Comprehensive Planning: Because this application is not adding uses or increasing the intensity of the previously approved uses in the PUD, it is consistent with the Future Land Use Element (FLUE) of the Growth Management Plan (GMP). See Attachment B for the complete report from Comprehensive Planning staff.

Conservation and Coastal Management Element: Environmental staff has evaluated the proposed change to the PUD Document and found no issue with consistency.

*Transportation Element:* Transportation Planning staff has evaluated the proposed changes to the PUD Document and found no issue with consistency.

LDC Sections 10.02.13.E.1 and 10.02.13.E.2 set forth the criteria by which insubstantial amendments to a PUD Master Plan and/or minor text changes to a PUD Document are to be reviewed before they can be approved. The criteria and a response to each have been listed as follows:

#### LDC Section 10.02.13.E.1:

a. Is there a proposed change in the boundary of the Planned Unit Development (PUD)?

No, there is no proposed change in the boundary of the PUD.

b. Is there a proposed increase in the total number of dwelling units or intensity of land use or height of buildings within the development?

No, there is no proposed increase in the number of dwelling units or intensity of land use or height of buildings within the development.

c. Is there a proposed decrease in preservation, conservation, recreation, or open space areas within the development in excess of 5% of the total acreage previously designated as such, or five acres in area?

No, there is no proposed decrease in preservation, conservation, recreation, or open space areas within the development as designated on the approved Master Plan.

d. Is there a proposed increase in the size of areas used for non-residential uses, to include institutional, commercial and industrial land uses (excluding preservation, conservation or open space), or a proposed relocation of nonresidential land uses?

There would be no increase to the size of areas used for non-residential uses and no relocation of non-residential areas.

e. Is there a substantial increase in the impacts of the development which may include, but are not limited to increases in traffic generation; changes in traffic circulation; or impacts on other public facilities?

No, there are no substantial impacts resulting from this amendment.

f. Will the change result in land use activities that generate a higher level of vehicular traffic based upon the Trip Generation Manual published by the Institute of Transportation Engineers?

The proposed amendment would not result in land use activities that generate higher levels of vehicular traffic, which were not anticipated when the principal uses were originally adopted, based upon the Trip Generation Manual published by the Institute of Transportation Engineers.

g. Will the change result in a requirement for increased stormwater retention, or otherwise increase stormwater discharge?

No, the proposed changes will not impact or increase stormwater retention or increase stormwater discharge.

- h. Will the proposed change bring about a relationship to an abutting land use that would be incompatible with an adjacent land use?
  - No. There will be no incompatible relationships with abutting land uses.
- i. Are there any modifications to the PUD Master Plan or PUD Document or amendment to a PUD ordinance which is inconsistent with the Future Land Use Element or other elements of the Growth Management Plan or which modification would increase the density of intensity of the permitted land uses?
  - No. Comprehensive Planning staff determined the proposed changes to the PUD Document would be consistent with the FLUE of the GMP. Both environmental and transportation planning staff have reviewed this petition, and no changes to the PUD Document are proposed that would be deemed inconsistent with the Conservation and Costal Management Element (CCME) or the Transportation Element of the GMP. This petition does not propose any increase in density or intensity of the permitted land uses.
- j. The proposed change is to a PUD District designated as a Development of Regional Impact (DRI) and approved pursuant to Chapter 380.06, Florida Statues, where such change requires a determination and public hearing by Collier County pursuant to Sec. 380.06 (19), F.S. Any change that meets the criterion of Sec. 380.06 (19)(e)2., F.S., and any changes to a DRI/PUD Master Plan that clearly do not create a substantial deviation shall be reviewed and approved by Collier County under Section 10.02.13 of the LDC.

This project is not a DRI, thus this is not applicable. The DRI was abandoned via Resolution# 05-396.

k. Are there any modifications to the PUD Master Plan or PUD Document or amendment to a PUD ordinance which impact(s) any consideration deemed to be a substantial modification as described under Section(s) 10.02.13 E.?

Based upon the analysis provide above, the proposed change is not deemed to be substantial.

#### LDC Section 10.02.13.E.2:

Does this petition change the analysis of the findings and criteria used for the original application?

No, the proposed change does not affect the original analysis and findings for the most recent zoning action in Petition PUDA-PL2011-000047. An excerpt from the staff report prepared for that petition is attached as Attachment C. Attachment C contains the PUD and Rezoning Findings from Petition PUDA-PL2011-000047.

#### **DEVIATION DISCUSSION:**

No deviations are being requested as part of this application.

#### **NEIGHBORHOOD INFORMATION MEETING (NIM):**

The applicant conducted a NIM on November 29, 2017 at the East Naples Library at 8787 Tamiami Trail East at 5:30 p.m. The applicant's agent team explained the request for the proposed insubstantial change to the Sabal Bay MPUD.

Wayne Arnold, the agent, opened the meeting and Katherine Hitch and Eric Thom representing Continental Properties, the contract purchaser, gave a PowerPoint presentation and answered questions from attendees. It was discussed that a footnote would be added to the development standards table in the PUD to allow studio units to be 551 SF minimum rather than 700 SF that are allowed for other multi-family units. Moreover, the agent explained of the 52 multi-family/timeshare dwelling units located in Tract I, up to 15% would be less than 700 SF using the new 551 SF minimum. There were also general discussions about buffering, emergency access point, and building height. A copy of the PowerPoint presentation, transcript, and sign-in sheet are included within the backup materials in the CCPC Package.

#### **COUNTY ATTORNEY OFFICE REVIEW:**

The County Attorney Office has reviewed the staff report on January 3, 2018.

#### **RECOMMENDATION:**

Staff recommends that the Collier County Planning Commission approve Petition PDI-PL20170003546 and forward the petition to the Board of County Commissioners (BCC) for ordinance amendment.

#### CCPC RESOLUTION NO. 18 –

RESOLUTION OF THE COLLIER COUNTY **PLANNING** COMMISSION FOR AN INSUBSTANTIAL CHANGE TO THE SABAL BAY MIXED USE PLANNED UNIT DEVELOPMENT (MPUD), ORDINANCE NO. 05-59, AS AMENDED, TO REDUCE THE MINIMUM FLOOR AREA FOR MULTI-FAMILY/TIMESHARE DWELLINGS (EXCLUDING TOWNHOUSES) FROM 700 SQUARE FEET TO 551 SQUARE FEET, FOR UP TO APPROXIMATELY 15 PERCENT OF THE TOTAL DWELLING UNITS ON TRACT 1 OF THE SABAL BAY COMMERCIAL PLAT-PHASE ONE SUBDIVISION. THE SUBJECT PROPERTY IS LOCATED ON THE NORTH SIDE OF THOMASSON DRIVE, APPROXIMATELY 500 FEET WEST OF U.S. 41 EAST, IN SECTION 24, TOWNSHIP 50 SOUTH, RANGE 25 EAST, COLLIER COUNTY, FLORIDA, CONSISTING OF ±34.19 ACRES. PL20170003546].

WHEREAS, the Legislature of the State of Florida in Chapter 125, Florida Statutes, has conferred on all counties in Florida the power to establish, coordinate and enforce zoning and such business regulations as are necessary for the protection of the public; and

WHEREAS, the County pursuant thereto has adopted a Land Development Code (Ordinance No. 04-41, as amended) which establishes regulations for the zoning of particular geographic divisions of the County; and

WHEREAS, the Collier County Planning Commission is authorized by the Board of County Commissioners to grant insubstantial changes to PUD Ordinances in accordance with Subsection 10.02.13.E.2 of the Land Development Code; and

WHEREAS, the Collier County Planning Commission, being the duly appointed planning agency for the area hereby affected, has held a properly noticed public hearing and has considered the advisability of the requested insubstantial change for the property hereinafter described, and has found as a matter of fact that satisfactory provision and arrangement have been made concerning all applicable matters required by said regulations and in accordance with Subsection 10.02.13.E.2 of the Collier County Land Development Code; and

WHEREAS, all interested parties have been given opportunity to be heard by this Commission in public meeting assembled and the Commission having considered all matters presented.

NOW, THEREFORE, BE IT RESOLVED BY THE COLLIER COUNTY PLANNING COMMISSION OF COLLIER COUNTY, FLORIDA, that:

Petition No. PDI-PL20170003546 filed by D. Wayne Arnold, AICP. of Q. Grady Minor and Associates, on behalf of Continental 422 Fund LLC, with respect to the property described in Ordinance No. 05-59, as amended, the Sabal Bay Mixed Use Planned Unit Development, be and the same is hereby approved to reduce the minimum floor area for multi-family/timeshare

dwellings (excluding townhouses) from 700 square feet to 551 square feet, for up to approximately 15 percent of the total dwelling units on Tract 1 of the Sabal Bay Commercial Plat—Phase One subdivision, as shown on the revision to the Sabal Bay MPUD attached hereto as Exhibit A.

BE IT FURTHER RESOLVED that the Commission and filed with the County Clerk's Commission and filed with the County Clerk's Clerk's Clerk's County Clerk's Clerk's Clerk's Co	is Resolution be recorded in the minutes of this office.
This Resolution adopted after motion, s of, 2018.	econd and majority vote on the day

Maximum Height	SPS	SPS	SPS	SPS	50'	SPS	80'

BH: Building Height- measured as defined in LDC Section 1.08.02 Definitions "building, zoned height of."

SBH: (Sum of Building Heights): Combined height of two adjacent buildings for the purpose of determining setback requirements.

SPS: Same as Principal Structure

Front yards shall be measured as follows: If the parcel is served by a public or private right-of-way, setback is measured from the adjacent right-of-way line.

\*1 - Setback from lake easements for all accessory uses and structures may be 0 feet. Setback from preserve areas shall be 25 feet for principal structures and 10 feet for accessory structures, or as may otherwise be permitted in accordance with the applicable provisions set forth in LDC Section 3.05.07.

\*2 - Minimum lot width for cul-de-sac lots consistent with the measurement standards established in the LDC.
\*3 - Zero feet (0'). Where the zero foot (0') yard option is utilized, the opposite side of the structure or attached structures shall have a ten foot (10') side yard. Where zero lot line development is proposed, a conceptual site plan shall be submitted with the application for final subdivision plat approval. The conceptual site plan shall depict the proposed location of dwelling units and the required setbacks.

\*4 - Distance between principal and accessory structures for multi-family development: Where common architectural themes are utilized for a common development tract, distances between principal structures may be reduced subject to Fire District approval at the time of site plan review. In no case shall the distance between principal structures be less than 10 feet or .25 SBH, whichever is greater. A common architectural theme shall be demonstrated during SDP review through submittal of drawings and renderings depicting common signage, common entry design features, common landscape and landscape features, and common architectural building design features.

\*5 - Building height is measured as set forth in LDC Section 1.08.02 Definitions "building, zoned height of." Actual height of structures in Single Family Detached. Zero Lot Line, Two Family/Duplex, and Single Family Attached/Townhome categories shall not exceed forty-five feet (45'). Multi-family/timeshare structures within Tract R, as depicted on the MPUD Master Plan (Exhibit "A") shall have a maximum height of 10 residential floors over parking, not to exceed 150 feet of zoned height as measured pursuant to LDC Section 1.08.02 Definitions "Buildings, zoned height of", and a maximum actual height of 165 feet.

\*6 - Front loading garages shall have a minimum front yard setback 23 feet, as measured from the back of sidewalk. Side loaded garages may be located less than 23 feet from the back of sidewalk provided that the driveway design allows for parking of vehicles so as not to interfere with or block the sidewalk.

\*7 - 50 feet for R8.

\*8 - Standards not specified herein shall be those specified in Section 5.05.04 of the LDC in effect as of the date of adoption of this MPUD Ordinance. There is no minimum floor area established for an ALF or CCRC; however, the maximum floor area ratio (FAR) is .60. The ALF/CCRC use is prohibited in the R2-B, R5, and R7 areas.

\*9 - Minimum separation between parking decks under mid-rise structures shall not be less than 60 feet.

\*10 - In no instance shall a structure encroach into a required landscape buffer, other than those structures permitted to be located within a landscape buffer in accordance with LDC applicable provisions in effect at the time or permitting.

\*11 - Multi-family dwelling units located on Tract I, Sabal Bay Commercial Plat-Phase One, PB 38, PG 81-84 may be reduced to 551 SF, not to exceed 52 multi-family dwelling units of the total 340 multi-family dwelling units proposed for Tract I.

December 13, 2017

Subject: Future Land Use Element (FLUE) Consistency Review

PETITION NUMBER: PDI - PL20170003546 R1

PETITION NAME: Sabal Bay Mixed Use Planned Unit Development (MPUD) with Insubstantial Changes (PDI)

REQUEST: To amend Sabal Bay MPUD, approved via Ordinance #05-59, as amended via Ordinance #12-12, to modify the Development Standards Table to reduce the multi-family minimum floor area from 700 square feet to 551 square feet and 660 square feet. Submittal 2 revises 3.5 Development Standards table to clarify only Tract I will have reduced Floor Area Minimums with this petition.

LOCATION: The  $\pm 2,416.49$ -acre site is located on the southeast side of the intersection of Tamiami Trail East (US 41) and Thomasson Drive, and north and west of the Wentworth Estates PUD; in Section 19, Township 50 South, Range 26 East and Sections 23, 24, 25, 26, and 36, Township 50 South, Range 26 East.

COMPREHENSIVE PLANNING COMMENTS: The subject PUD is designated Urban, Urban Commercial District, Urban Mixed Use Activity Center Subdistrict #17, and Urban Mixed-Use District, Urban Coastal Fringe Subdistrict, and is within the Coastal High Hazard Area as depicted on the Future Land Use Map of the Growth Management Plan. The Activity Center Subdistrict is intended to accommodate a variety of residential and non-residential uses, including Planned Unit Developments. The Sabal Bay MPUD is approved via Ordinance #12-12 for a maximum of 1,999 residential dwelling units and 182,000 square feet of commercial.

This petition is for Insubstantial changes to the Planned Unit Development (PDI) to amend the MPUD to modify the Developments Standards Table to reduce the multi-family minimum floor area from 700 to 551 square feet. This square feet reduction in floor area is to be applied to two different size studio units with 551 square feet for 24 of the units or 660 square feet for 28 units. The total number of units of the Springs at Sabal Bay project is 340 apartments. No changes to the PUD boundary, or in permitted uses, densities, or intensities are being requested.

Relevant FLUE Objectives and policies are stated below (in italics); each policy is followed by staff analysis (in bold).

#### **FLUE Policy 5.6:**

New developments shall be compatible with, and complementary to, the surrounding land uses, as set forth in the Land Development Code (Ordinance 04-41, adopted June 22, 2004 and effective October 18, 2004, as amended). (Comprehensive Planning staff leaves this determination to Zoning staff as part of their review of the petition.)

#### **FLUE Objective 7 and Relevant Policies**

Due to the minor changes proposed (no changes in permitted uses, densities, or intensities), and since the Sabal Bay MPUD was evaluated for consistency with the Future Land Use Element prior to the adoption of Ordinance #12-12 on March 12, 2012, staff is of the opinion that a re-evaluation of FLUE policies under Objective 7 (pertaining to access, interconnections, walkability, etc.) is not necessary.

Based upon the above analysis, the proposed PDI may be deemed consistent with the Future Land Use Element.

#### Attachment C

#### EXCERPT FROM THE STAFF REPORT FOR SABAL BAY, PUDA-PL2011-0000047

#### **FINDINGS OF FACT:**

<u>PUD Findings</u>: LDC Subsection 10.02.13.B.5 states that, "In support of its recommendation, the CCPC shall make findings as to the PUD Master Plan's compliance with the following criteria" (Staff's responses to these criteria are provided in bold font):

1. The suitability of the area for the type and pattern of development proposed in relation to physical characteristics of the land, surrounding areas, traffic and access, drainage, sewer, water, and other utilities.

Staff has reviewed the proposed amendment and believes the uses and property development regulations are compatible with the development approved in the area as limited by staff. The commitments made by the applicant should provide adequate assurances that the proposed change should not adversely affect living conditions in the area.

2. Adequacy of evidence of unified control and suitability of any proposed agreements, contracts, or other instruments, or for amendments in those proposed, particularly as they may relate to arrangements or provisions to be made for the continuing operation and maintenance of such areas and facilities that are not to be provided or maintained at public expense.

Documents submitted with the application, which were reviewed by the County Attorney's Office, demonstrate unified control of the property. Additionally, the development will be required to gain platting and/or site development approval. Both processes will ensure that appropriate stipulations for the provision of and continuing operation and maintenance of infrastructure will be provided by the developer.

3. Conformity of the proposed Planned Unit Development with the goals, objectives, and policies of the Growth Management Plan (GMP).

Staff has reviewed this petition and has offered an analysis of the relevant goals, objectives and policies of the GMP within the GMP discussion and the attached report from Comprehensive Planning staff and the zoning analysis of this staff report. Based on those staff analyses, planning zoning staff is of the opinion that this petition may be found consistent with the overall GMP.

4. The internal and external compatibility of proposed uses, which conditions may include restrictions on location of improvements, restrictions on design, and buffering and screening requirements.

Staff has provided a review of the proposed uses and believes that the project will be compatible with the surrounding area, subject to approval of the recommended limitation of staff, the proposed development standards and project commitments.

5. The adequacy of usable open space areas in existence and as proposed to serve the development.

The amount of native preserve aside for this project meets the minimum requirement of the LDC.

6. The timing or sequence of development for the purpose of assuring the adequacy of available improvements and facilities, both public and private.

The roadway infrastructure has adequate capacity to serve the proposed project at this time, i.e., GMP consistent at the time of rezoning as evaluated as part of the GMP Transportation Element consistency review. The project's development must comply with all other applicable concurrency management regulations when development approvals are sought. Additionally, the PUD document contains additional developer commitments that should help ensure there are adequate facilities available to serve this project.

7. The ability of the subject property and of surrounding areas to accommodate expansion.

The area has adequate supporting infrastructure such as road capacity, wastewater disposal system, and potable water supplies to accommodate this project based upon the commitments made by the petitioner and the fact that adequate public facilities requirements will be addressed when development approvals are sought. Additionally this petition represents an amendment to an approved PUD; no acreage or intensity or density is being added.

8. Conformity with PUD regulations, or as to desirable modifications of such regulations in the particular case, based on determination that such modifications are justified as meeting public purposes to a degree at least equivalent to literal application of such regulations.

The petitioner is seeking 15 deviations to allow design flexibility in compliance with the purpose and intent of the Planned Unit Development Districts (LDC Section 2.03.06.A). This criterion requires an evaluation of the extent to which development standards and deviations proposed for this PUD depart from development standards that would be required for the most similar conventional zoning district. Staff has provided an analysis of the deviations in the Deviation Discussion portion of this staff report, and is recommending approval of all deviations.

Rezone Findings: LDC Subsection 10.03.05.I. states, "When pertaining to the rezoning of land, the report and recommendations to the planning commission to the Board of County Commissioners...shall show that the planning commission has studied and considered proposed change in relation to the following when applicable" (Staff's responses to these criteria are provided in bold font):

1. Whether the proposed change will be consistent with the goals, objectives, & policies of the Future Land Use Map and the elements of the Growth Management Plan.

The zoning analysis provides an in-depth review of the proposed project. Staff is of the opinion that the project as proposed is consistent with GMP FLUE Policy 5.4 requiring the

### EXCERPT FROM THE STAFF REPORT FOR SABAL BAY, PUDA-PL2011-0000047

project to be compatible with neighborhood development. Staff recommends that this petition be deemed consistent with the FLUE of the GMP. The petition can also be deemed consistent with the CCME. Therefore, staff recommends that this petition be deemed consistent with the GMP subject to staff's conditions of approval.

2. The existing land use pattern;

Staff has described the existing land use pattern in the "Surrounding Land Use and Zoning" portion of this report and discussed it at length in the zoning review analysis. Staff believes the proposed amendment is appropriate given the existing land use pattern, and development restrictions included in the PUD Ordinance.

3. The possible creation of an isolated district unrelated to adjacent and nearby districts;

The proposed PUD amendment would not create an isolated zoning district because the subject site is already zoned PUD and there are no land additions proposed as part of this amendment.

4. Whether existing district boundaries are illogically drawn in relation to existing conditions on the property proposed for change.

Staff is of the opinion that the district boundaries are logically drawn given the current property ownership boundaries and the existing PUD zoning.

5. Whether changed or changing conditions make the passage of the proposed rezoning necessary.

The proposed amendment is not necessary, per se; but it is being requested in compliance with the LDC provisions to seek such the amendment to allow the owner the opportunity to develop the land with uses other than what the existing zoning district would allow. Without this amendment, the property could be developed in compliance with the existing PUD ordinance regulations. The applicant's request is consistent with the proposed GMPA.

6. Whether the proposed change will adversely influence living conditions in the neighborhood;

Staff is of the opinion that the proposed amendment, with the commitments made by the applicant, can been deemed consistent County's land use policies that are reflected by the Future Land Use Element (FLUE) of the GMP. The project includes numerous restrictions and standards that are designed to address compatibility of the project. Development in compliance with the proposed PUD amendment should not adversely impact living conditions in the area.

7. Whether the proposed change will create or excessively increase traffic congestion or create types of traffic deemed incompatible with surrounding land uses, because of peak volumes

#### EXCERPT FROM THE STAFF REPORT FOR SABAL BAY, PUDA-PL2011-0000047

or projected types of vehicular traffic, including activity during construction phases of the development, or otherwise affect public safety.

The roadway infrastructure has adequate capacity to serve the proposed project with the mitigation that will be provided by the developer. Staff believes the petition can be deemed consistent with all elements of the GMP if the mitigation is included in any recommendation of approval.

8. Whether the proposed change will create a drainage problem;

The proposed amendment should not create drainage or surface water problems. The developer of the project will be required to adhere to a surface water management permit from the SFWMD in conjunction with any local site development plan approvals and ultimate construction on site.

9. Whether the proposed change will seriously reduce light and air to adjacent areas;

If this amendment petition is approved, any subsequent development would need to comply with the applicable LDC standards for development or as outlined in the PUD document. The location of the proposed buildings, combined with the setbacks and project buffers will help insure that light and air to adjacent areas will not be reduced.

10. Whether the proposed change will adversely affect property values in the adjacent area;

This is a subjective determination based upon anticipated results, which may be internal or external to the subject property. Property valuation is affected by a host of factors including zoning; however zoning by itself may or may not affect values, since value determination is driven by market conditions.

11. Whether the proposed change will be a deterrent to the improvement or development of adjacent property in accordance with existing regulations;

The proposed zoning change should not be a deterrent to the improvement of adjacent properties.

12. Whether the proposed change will constitute a grant of special privilege to an individual owner as contrasting with the public welfare;

The proposed development complies with the Growth Management Plan which is a public policy statement supporting zoning actions when they are consistent with said Comprehensive Plan. In light of this fact, the proposed change does not constitute a grant of special privilege. Consistency with the FLUE is further determined to be a public welfare relationship because actions consistent with plans are in the public interest.

13. Whether there are substantial reasons why the property cannot be used in accordance with existing zoning;

The subject property could be developed within the parameters of the existing zoning designations; however, the petitioner is seeking this amendment in compliance with LDC provisions for such action. The petition can be evaluated and action taken as deemed appropriate through the public hearing process. Staff believes the proposed amendment meets the intent of the PUD district, if staff's conditions of approval are adopted, and further, believes the public interest will be maintained.

14. Whether the change suggested is out of scale with the needs of the neighborhood or the County;

As noted previously, the subject property already has a zoning designation of PUD; the PUD rezoning was evaluated at the rezoning stage and was deemed consistent with the GMP. The GMP is a policy statement which has evaluated the scale, density and intensity of land uses deemed to be acceptable throughout the urban-designated areas of Collier County. Staff is of the opinion that the development standards and the developer commitments will ensure that the project is not out of scale with the needs of the community.

15. Whether is it impossible to find other adequate sites in the County for the proposed use in districts already permitting such use.

The petition was reviewed on its own merit for compliance with the GMP and the LDC; and staff does not review other sites in conjunction with a specific petition. The proposed amendment is consistent with the GMP as it is proposed to be amended as discussed in other portions of the staff report.

16. The physical characteristics of the property and the degree of site alteration, which would be required to make the property usable for any of the range of potential uses under the proposed zoning classification.

Additional development anticipated by the PUD document would require considerable site alteration. This project will undergo extensive evaluation relative to all federal, state, and local development regulations during the site development plan or platting approval process and again later as part of the building permit process.

17. The impact of development on the availability of adequate public facilities and services consistent with the levels of service adopted in the Collier County Growth Management Plan and as defined and implemented through the Collier County Adequate Public Facilities Ordinance, as amended.

This petition has been reviewed by county staff that is responsible for jurisdictional elements of the GMP as part of the amendment process and those staff persons have concluded that no Level of Service will be adversely impacted with the commitments contained in the PUD document.

## EXCERPT FROM THE STAFF REPORT FOR SABAL BAY, PUDA-PL2011-0000047

18. Such other factors, standards, or criteria that the Board of County Commissioners (BCC) shall deem important in the protection of the public health, safety, and welfare.

To be determined by the BCC during its advertised public hearing.

RE: Springs at Sabal Bay Proposed Development

#### Good Morning Sharon,

Thank you for sharing your concerns. I am the planner on the Site Development Plan for this project. The development standards are approved through the Planned Unit Development process and my job is to apply these standards. The project will go through a Transportation Impact Study (TIS) and this will be reviewed by the Transportation reviewer. You may at any time come into Horseshoe Drive to look at the plans.

I have copied the project planner for the Planned Unit Development Insubstantial Change (PUDI), so he is also aware of your concerns.

Thank you,

Christine Willoughby Senior Planner Development Review Division Growth Management Department

Subject: Springs at Sabal Bay Proposed Development

#### **Dear Christine**

It is my understanding that you are one of the folks that have input on the apartment complex that is being proposed/developed on Thomasson near US 41. As such, I wanted to provide my thoughts and input for consideration as this project develops.

1. Traffic: After reviewing the proposed plan, I am very concerned with the traffic issues that will arise with both entrance/exit points located on Thomasson. Thomasson is only two lanes and is already extremely busy. Adding 350 new residences will exacerbate the already existing traffic flow along Thomasson heading towards Bayshore. And, part

of the path includes Avalon Elementary school placing more traffic in the school zone and placing children at increased risk for injuries/accidents by the increased traffic flow.

- 2. Aesthetics: We can all agree that some of the housing located along Thomasson is not very attractive. So it is my hope that these apartments will be a long term improvement to the aesthetics of the community as opposed to a drawback. To that end, it is my understanding that an aluminum fence as opposed to a wall is proposed for the development. The wall built "across the street" for the Isles of Collier Preserve is extremely attractive, includes a variety of landscaping and is well kept. It would be my hope that this development is as or more attractive so there is a value add to the neighborhood. There is enough run down/un kept properties just off Thomasson for the area now.
- 3. Residents: Are you able to confirm that this will not be low income housing? Again, this area is struggling to improve itself and any new developments should add to that improvement rather than contribute to further declines.

Thanks in advance for your consideration

Sharon Grider 5068 Tortola Ct Naples, Florida

RE: Springs at Sabal Bay

Ms. Young,

Thank you for sharing your concerns regarding the above project. I am forwarding your email to the Tim Finn, he is the Planner that is handling the Planned Unit Development Insubstantial Change (PDI) to the Sabal Bay MPUD. He can make it part of the record for this project.

I am the planner for the Site Development Plan, meaning I will be making sure the proposed project meets the development standards provided in the PUD Ordinance once it is approved by the Board. Feel free to contact me once the SDP is submitted and you wish to see what they are proposing to build on the site.

Have a good day.

Subject: Springs at Sabal Bay

Dear Mr. Strain and Ms. Willoughby:

I am a resident of the Isles of Collier Preserve writing to comment on the proposed apartment development across from the Isles on Thomasson Drive, the Springs at Sabal Bay. I do intend to attend the public meeting on November 29, which I understand to be for informational purposes only. I look forward to learning more specifics about the project.

In the meantime, there are some more global considerations that concern whatever is to be built at that location:
-on the 1-2(?) mile stretch of Thomasson from route 41 to the Bayview Park, there are five significant entities, in
addition to the Shoppes at Hammock Cove, utilizing that stretch of Thomasson. These are: 1)a public boat ramp, 2)the
Botanical Gardens, 3)the 260(?) unit townhouse development at Bayshore, 4) the Avalon Elementary School, and 5)the
East Naples Community Park. And, one other, as yet unbuilt property, is owned by CCPS and slated to become a Middle
School which would make 6 significant entities. Can Thomasson adequately accommodate the traffic by adding
yet another 340 unit complex? Collier's draw for tourists not being able to easily access these amenities could be
adversely impacted.

- -impact on the population at the Avalon School is crucial. The school already has a 93% Economically Disadvantaged student body. We want to attract more middle/upper income residents to offset this shocking situation. How is this being addressed by Collier County? Maybe we need more condos, not smaller studio apartments or other rentals in this location.
- -positioning of egress from the project location should be studied. Cardinal Way has much less traffic, as does Thomason Lane.

Please give strong consideration to the above. Children, tourists, boaters and residents are depending on you. Respectfully,

Patricia Young, 5074 Andros Drive, Naples, 34113

Springs Property Detail.xlsx; Denial Rationale.pptx

#### Timothy,

I'd like the attached materials be included in the packet of materials for the meeting and ultimately when the Springs at Sabal Bay project is discussed with the CCPC. I plan to present these materials during the public comments at this meeting. Please call if you have any questions. I can be reached at 612-940-2489. I'd emailed you earlier asking for the presentation that would be presented by the applicant. When I met with Mark Strain today he clarified that was I should be asking for is the staff presentation on this topic. It was my understanding this is scheduled to be completed by this coming Friday.

Sincerely,

Gary Lubben 5096 Tortola Ct Naples, FL

# The BCC/CCPC Should Deny Springs @ Sabal Bay's Insubstantial Change Request

- Approval is inconsistent with other developers actions such as Cirrus Point who modified their project to comply with previous sq. footage minimums.
- Approval would establish a <u>dangerous new precedent</u> for future developers.
   Future developer requests of this new standard <u>could increase density for the East Naples community writ large</u>.
- <u>Current homeowners in the same MPUD should be able to rely on the 2012</u>
   <u>BCC decisions</u> that limited minimum apartment sizes to 700 sq ft. This is a
   standard Collier Enterprises previously accepted. <u>Approval could</u>
   <u>disadvantage of over 500 homeowners in the same MPUD.</u>
- <u>Lease terms (3 mo. w/ furnished/commercial lease options) appear more in line with extended stay/transient usage</u> as opposed to longer-term, year-round members of the community.
- <u>Planned construction techniques are inconsistent</u> with other Sabal Bay MPUD properties and represent a longer term degradation risk.
- To date, no other developed Springs properties comply with the 700' sq. ft standard. (Attached Excel document).

#### Re: Traffic Safety and Landscaping Aesthetic Concerns for Springs at Sabal Bay

I would like to address traffic safety and congestion issues, as well as landscaping and aesthetic concerns impacted by the proposed Springs at Sabal Bay project. I am quite concerned that the Springs project will have an adverse impact on our community both now and in the future.

#### **Traffic Safety**

I am very concerned that the 700+ vehicles of additional traffic that this project will add to Thomasson Drive will create rush hour traffic jams in both directions in the morning and afternoon, as residents leave for and return from work. The contention that most cars from the Springs project will head directly east to US 41 is unsubstantiated. Many commuters who work in the City of Naples or north on US 41 will likely head west on Thomasson and then north on Bayshore to avoid US 41 traffic. Due to the area's remoteness from major business areas, the number of residents who might resort to bicycles and busses will be quite small. The traffic safety and density concerns are compounded by the presence of growing amenities, including the East Naples Community (County) Park and pickleball facility, and the Naples Botanical Garden, as well as Avalon Elementary School, with hours coinciding with the morning rush (including the associated school bus activity and many children walking to school). The expansion of existing communities, such as the Isles of Collier Preserve, future development of at least three new residential communities, the growth of existing communities, and the possible addition of a second school on Thomasson will create additional havoc on a road system not equipped to handle all this increased traffic.

I have not seen any plans or commitments from the developer or the County to expand Thomasson Drive to handle the increased traffic flow. The Springs project should be rejected, or at least delayed, until a new or updated traffic study and plan is developed for safely handling the traffic generated by this project *and* the rest of the proposed development along Thomasson. This should also include the development of the part of Thomasson that runs from Avalon School to US 41, which does not appear to be considered in the current proposals or by the CRA.

#### Landscaping and Aesthetics

As far as landscaping and aesthetics of the Springs project is concerned, the landscaping proposed by the developer, especially along Thomasson Drive, is woefully lacking. As seen in the photos of a similar Springs project in Estero (the nearest Springs community), the developer's plan for a plain, five-foot black aluminum fence and some shrubs along a very narrow buffer between Thomasson and the project's massive surface parking lot (in the complex, approximately

93% of all parking is open street parking) is completely inadequate, both for aesthetic and security purposes. There is nothing in the Sabal Bay project plans that suggest anything different than their Estero property; in fact, the developer has said that their projects are pretty much the same. Moreover, as you are aware, there is no apparent landscaping plan in place for Thomasson Drive west of the school to US41. Shouldn't the development of the Springs property be consistent with the overall aesthetic plan for Thomasson before building starts?

Based on a standard parking space size, it's pretty clear that a large amount of the project acreage will be devoted to asphalt parking, almost the size of the retention pond. And that's not counting other areas of the property that will be paved over. As you can see by the photos of the Springs project in Estero, this creates a sea of asphalt for parking. The lack of greenery, especially for masking the outdoor parking, is appalling, and the clustering of most of the open parking along Thomasson Drive is in conflict with a design vision that should be associates with a "gateway" entrance to so many amenities and public resources.

I have not seen any commitment from the developer to seriously address the aesthetics of the Springs project, especially as it appears from Thomasson Drive. More green space between the parking area and Thomasson is very much needed so as to plant an adequate, mature green screen. Furthermore, I have seen no plans or commitment for landscaping and lighting the median on Thomasson, which adds to the negative aesthetic of the area. The Springs project should be rejected, or at least delayed, until an adequate landscaping plan for the project, and adjacent public areas, especially along the *entire* length of Thomasson Drive (including its entrance off of US 41), is approved, funded and scheduled, and is supported by all parties that are working hard to enhance the East Naples community.

I know that I speak for many others in the area who are concerned that the development of the Thomasson/Bayshore area does not appear to include the eastern part of Thomasson, from the school to US 41, and that the Springs project does little to advance the vision for the area. In fact, it detracts from it. The Country has a great opportunity to build upon what has already been done, but in order to do so, it should demand a lot more from a developer who wants to participate in the area's growth.

Thank you.

Marc Rosenberg 6864 Bequia Way Naples, FL 34113 (908) 419-1178 marc@marcrosenberg.com

#### **Photographs**

Photographs of the Springs Apartments in Estero, Florida, were taken in December 2017 and January 2018. In summary, it appears that the developer has adequately landscaped the areas around the buildings, but has not adequately landscaped the areas around the parking lots, thus making it impossible to hide the large asphalt areas of the project, and the large parking lot from view along adjacent roadways and development, similar to the situation on Thomasson Drive.

Photo 1: The entrance to the development is nicely landscaped.

Photo 2: Where there is a large buffer between the buildings and the street, the landscaping is adequate.

Photo 3: Here you can see the large parking area similar to what is proposed on the Thomasson side of the project.

Photo 4: Another view of outdoor parking with garages.

Photo 5: Landscaping around the perimeter of the property, where there are no housing units, is inadequate to mask the parking lot from view.

Photo 6: This view, from outside the Estero property, shows the lack of landscaping around the perimeter of the property. This is due to the very small "green" strip, and is precisely what is proposed for the Thomasson side of the project, thus making adequate masking of the parking lot impossible.

RE: Sabal Bay PUD - PL20170003546

Dear Mr. Finn:

On behalf of our client, Continental 422 Fund LLC, we are submitting an application for an Insubstantial Change to a PUD (PDI) for the above referenced project.

The proposed amendment to the Sabal Bay PUD is being requested in order to modify the Development Standards Table to reduce the multi family minimum floor area from 700 SF to 551 SF.

Please contact me if you have any questions.

Sincerely,

D. Wayne Arnold, AICP

# Sabal Bay PUD Insubstantial Change to a PUD Project Narrative and Detail of Request

#### **Project Narrative**

The Sabal Bay PUD was approved in 2008 as Ordinance 08-06 and amended by Ordinance 12-12. The PUD permitted a maximum of 1,999 dwelling units. The applicant proposes to develop 340 market-rate multi-family apartments on a 33± acre tract within the PUD.

The applicant is proposing insubstantial changes to the Sabal Bay PUD. The primary purpose of this amendment is to revise the Development Standards Table to reduce the multi family minimum floor area from 700 SF to 551 SF.

### **Detail of Request**

On a separate sheet, attached to the application, describe the insubstantial change request. Identify how the request does not meet the PUD substantial change criteria established in LDC subsection 10.02.13 E.1.

#### Insubstantial Change Criteria LDC Subsection 10.02.13 E.1

- E. Changes and amendments. There are three types of changes to a PUD Ordinance: Substantial, Insubstantial, and Minor. Language changes to a previously approved PUD document shall require the same procedure as for amending the official zoning atlas, except for the removal of a commitment for payment towards affordable housing which is considered to be a minor change as described in <a href="Section 10.02.13">Section 10.02.13</a> E.3.c.
- 1. Substantial changes. Any substantial change(s) to an approved PUD Ordinance shall require the review and recommendation of the Planning Commission and approval by the Board of County Commissioners as a PUD amendment prior to implementation. **Applicants** shall be required to submit and process a new application complete with pertinent supporting data, as set forth in sections 10.02.13 A and B. For the purpose of this section, a substantial change shall be deemed to exist where:
- a. There is a proposed change in the boundary of the PUD; or

No

b. There is a proposed increase in the total number of **dwelling units** or intensity of land use or height of **buildings** within the **development**;

No

# Sabal Bay PUD Insubstantial Change to a PUD Project Narrative and Detail of Request

c. There is a proposed decrease in preservation, conservation, recreation or **open space** areas within the **development** not to exceed 5 percent of the total acreage previously designated as such, or 5 acres in area;

No net change in preserve, recreation or open space results from this amendment.

d. There is a proposed increase in the size of areas used for nonresidential uses, to include institutional, commercial and industrial land uses (excluding preservation, conservation or **open spaces**), or a proposed relocation of nonresidential land uses;

No increase in non-residential uses or areas for non-residential uses are proposed.

e. There is a substantial increase in the impacts of the **development** which may include, but are not limited to, increases in traffic generation; changes in traffic circulation; or impacts on other public facilities;

No additional traffic or public facility impacts will result from the request regarding accessory structures.

f. The change will result in land use activities that generate a higher level of vehicular traffic based upon the Trip Generation Manual published by the Institute of Transportation Engineers;

No additional dwelling units are proposed; therefore, there are no additional traffic impacts.

g. The change will result in a requirement for increased stormwater retention, or will otherwise increase stormwater discharges;

Adequate area exists on-site for stormwater retention, and no change to the approved discharge rate is proposed. No additional stormwater retention areas will be required.

h. The change will bring about a relationship to an **abutting** land use that would be incompatible with an **adjacent** land use;

The proposed revisions will have no impact to abutting land uses.

i. Any modification to the PUD master plan or PUD document or amendment to a PUD ordinance which is inconsistent with the future land use element or other element of the

# Sabal Bay PUD Insubstantial Change to a PUD Project Narrative and Detail of Request

growth management plan or which modification would increase the **density** or intensity of the permitted land uses;

The PUD and proposed changes are consistent with the Collier County Growth Management Plan.

j. The proposed change is to a PUD district designated as a **development** of regional impact (DRI) and approved pursuant to F.S. § 380.06, where such change requires a determination and public hearing by Collier County pursuant to F.S. § 380.06(19). Any change that meets the criterion of F.S. § 380.06(19)(e)2, and any changes to a DRI/PUD master plan that clearly do not create a substantial deviation shall be reviewed and approved by Collier County under this <u>section 10.02.13</u> of this Code; or

No changes to the Master Plan are proposed.

k. Any modification in the PUD master plan or PUD document or amendment to a PUD ordinance which impact(s) any consideration deemed to be a substantial modification as described under this section 10.02.13

The proposed changes do not meet the standards for a substantial modification and creates no external impacts.

Continental Properties Company, Inc. ("Continental"), is a privately held Milwaukee based developer of apartment, retail, and hospitality properties with operations throughout the United States. Since 2001, Continental has developed 68 of its nationally branded Springs apartment communities in 18 states (over 18,579 apartment homes), and Continental currently has over 5,800 apartment units under construction throughout the country.

In Florida, Continental has recently completed 'Springs at Six Mile Cypress' in Fort Myers and 'Springs at Gulf Coast' in Estero. 648 units are currently under construction in Kissimmee and Sarasota, with another 900 units being developed in Port Charlotte, Port St. Lucie, and Collier County.

# <u>Springs at Sabal Bay – Project Description</u>

Springs at Sabal Bay is generally located at the North West corner of Thomasson Drive and Cardinal Way, as shown on the enclosed site plan. Continental is planning a Class A, market-rate apartment community on the 33.24 acre site in Collier County, FL.

Continental's development will include 340 units at a density of 10.23 dwelling units / acre, within 14 separate two-story residential buildings. The buildings will offer a townhouse design featuring private, ground-level entrances to each unit as well as balconies, patios, and screened in porches. Many units will have attached, direct-access garages and the community will offer a limited number of detached garages as well as private fenced in yards. There will be a mix of studio, 1-bedroom, 2-bedroom, and 3- bedroom units.

The site is currently zoned to allow for multifamily development under the current <u>PUD Ordinance 2012-12</u>. This Ordinance specifies a (700 SF) 'Floor Area Minimum' for Multi Family Dwellings. Continental is submitting an application for 'Insubstantial Change to a PUD' to obtain approval for <u>24 studio units at (551 SF) and 28 studio units at (660 SF)</u>. The remainder of the 1, 2, and 3 bedroom apartment units range from (797 to 1430 SF), as noted in the unit data sheet below. Continental's proposed Springs at Sabal Bay development adheres to all other provisions as outlined in the PUD Ordinance.

The community features a clubhouse at approximately 4,600 SF, which includes a lounge, gathering room, kitchen area, coffee bar, fitness center, office space, wireless internet, and Continental's property management team. A pool and sun deck behind the clubhouse includes an outdoor BBQ area.

The design of the exterior building elevations provides an architectural interest with a wide variety of materials and accents, many large windows, and high quality materials including fiber cement board siding, coral stone, concrete tile roofs, and projecting metal roof canopies over unit entrances. Additional architectural appeal is created with varied roof lines, complimentary color selections and vertical and horizontal articulation.

The interiors of the apartment units include espresso colored cabinets, stainless steel appliances, and wood laminate flooring. Some units will feature granite countertops among other upgraded features.

Beyond resident amenities and high quality finishes, a sense of place is created for the community through a thoughtfully designed site plan. Ample open space and landscaping, vegetative buffers at the site perimeter, courtyards, and pedestrian connectivity throughout foster positive neighbor interaction and contribute to place making. An emphasis on building placement means that architecture is the focus. The development will be enclosed by perimeter fencing and automatic vehicular gates at the community entry.

# Springs at Sabal Bay - Facts & Highlights

- Springs at Sabal Bay will benefit the community and vicinity by offering a residential product segment that is much needed in the area, and a housing type that will support regional businesses' needs.
- The layout of the Springs at Sabal Bay is designed to promote a complimentary connection to the surrounding neighborhood, while creating a community feel with abundant open space and amenities.
- The Springs at Sabal Bay will generate additional real estate property tax revenue and will also create numerous jobs in the short and long term. In addition, these residents will be generating sales tax dollars by shopping and dining at local businesses.
- The community features two-story buildings with private, ground-level, direct access entries to each unit creating the appearance and feel of a townhouse. The architecture is enhanced to include horizontal and vertical articulation, varied roof lines, architectural accents, a variety of natural materials, and a high percentage of glazing for abundant natural light.
- The community will offer many choices for type of apartment including unit size, interior features, and amenities.
- The community will attract young professionals and provide a housing option for empty nesters.
- Continental will manage the community with full time, on-site leasing and maintenance staff. Continental has an exhaustive screening process for potential residents, which includes income/credit history, rental history, and criminal background checks.

BH: Building Height- measured as defined in LDC Section 1.08.02 Definitions "building, zoned height of."

SBH: (Sum of Building Heights): Combined height of two adjacent buildings for the purpose of determining setback requirements.

SPS: Same as Principal Structure

Front yards shall be measured as follows: If the parcel is served by a public or private right-of-way, setback is measured from the adjacent right-of-way line.

- \*1 Setback from lake easements for all accessory uses and structures may be 0 feet. Setback from preserve areas shall be 25 feet for principal structures and 10 feet for accessory structures, or as may otherwise be permitted in accordance with the applicable provisions set forth in LDC Section 3.05.07.
- \*2 Minimum lot width for cul-de-sac lots consistent with the measurement standards established in the LDC. \*3 - Zero feet (0'). Where the zero foot (0') yard option is utilized, the opposite side of the structure or attached structures shall have a ten foot (10') side yard. Where zero lot line development is proposed, a conceptual site plan shall be submitted with the application for final subdivision plat approval. The conceptual site plan shall depict the proposed location of dwelling units and the required setbacks.
- \*4 Distance between principal and accessory structures for multi-family development: Where common architectural themes are utilized for a common development tract, distances between principal structures may be reduced subject to Fire District approval at the time of site plan review. In no case shall the distance between principal structures be less than 10 feet or .25 SBH, whichever is greater. A common architectural theme shall be demonstrated during SDP review through submittal of drawings and renderings depicting common signage, common entry design features, common landscape and landscape features, and common architectural building design features.
- \*5 Building height is measured as set forth in LDC Section 1.08.02 Definitions "building, zoned height of." Actual height of structures in Single Family Detached. Zero Lot Line, Two Family/Duplex, and Single Family Attached/Townhome categories shall not exceed forty-five feet (45'). Multi-family/timeshare structures within Tract R, as depicted on the MPUD Master Plan (Exhibit "A") shall have a maximum height of 10 residential floors over parking, not to exceed 150 feet of zoned height as measured pursuant to LDC Section 1.08.02 Definitions "Buildings, zoned height of", and a maximum actual height of 165 feet.
- \*6 Front loading garages shall have a minimum front yard setback 23 feet, as measured from the back of sidewalk. Side loaded garages may be located less than 23 feet from the back of sidewalk provided that the driveway design allows for parking of vehicles so as not to interfere with or block the sidewalk.
- \*7 50 feet for R8.
- \*8 Standards not specified herein shall be those specified in Section 5.05.04 of the LDC in effect as of the date of adoption of this MPUD Ordinance. There is no minimum floor area established for an ALF or CCRC; however, the maximum floor area ratio (FAR) is .60. The ALF/CCRC use is prohibited in the R2-B, R5, and R7 areas.
- \*9 Minimum separation between parking decks under mid-rise structures shall not be less than 60 feet.
- \*10 In no instance shall a structure encroach into a required landscape buffer, other than those structures permitted to be located within a landscape buffer in accordance with LDC applicable provisions in effect at the time or permitting.
- \*11 Multi-family dwelling units located on Tract I, Sabal Bay Commercial Plat-Phase One, PB 38, PG 81-84 may be reduced to 551 SF, not to exceed 52 multi-family dwelling units of the total 340 multi-family dwelling units proposed for Tract I.

### STATEMENT OF COMPLIANCE

The purpose of this Section is to express the intent of the applicants, WCI Communities, Inc., (WCI), and CDC Land Investments, Inc., and Collier Land Development, Inc., hereinafter referred to eollectively as the developer Owners, to create a Mixed-Use Planned Unit Development (MPUD) on 2,416.0849 +/- acres of land located in Sections 23, 24, 25, 26, and 36, Township 50 South, Range 25 East, and Section 19, Township 50 South, Range 26 East, Collier County, Florida. The name of this MPUD shall be Sabal Bay. The development of Sabal Bay will be in compliance with the planning goals and objectives of Collier County as set forth in the Growth Management Plan (GMP). The development will be consistent with the GMP goals, objectives and policies, and with the Collier County Land Development Code (LDC), and other applicable regulations for the following reasons:

- 1. The subject property is within the Urban Coastal Fringe Sub-District as identified on the Future Land Use Map of the Future Land Use Element (FLUE). The purpose of the Urban Coastal Fringe Sub-District is to provide for a variety of residential and mixed-use developments such as Planned Unit Developments.
- a) The proposed residential density of Sabal Bay is 1.26 0.85 dwelling units (DUs) per acre, 1,999 units/1585-2,350 acres, which excludes the 31.00 acre educational facility, 1.00 acre East Naples Fire Control and Rescue District site, 75.01 50 acres of commercial uses, 12.40 acres of platted right-of-way, and the 16 acres of recreation/village center uses 711.67 acres of tidal wetlands. This density is consistent with the maximum density permitted by the FLUE Density Rating System and is therefore consistent with FLUE Policy 5.1. The base density allowed by the FLUE for the entire subject property is four (4) DUs per acre. Due to the project's location within the Traffic Congestion Zone, one (1) dwelling unit is subtracted from the base density permitting a maximum density of three (3) dwelling units per acre.
  - b) The maximum combined density and intensity within this PUD shall not exceed the Development of Regional Impact (DRI) thresholds for mixed-use developments, established for Collier County on the date of adoption of this PUD. Specifically, this PUD is limited to a maximum of: one-hundred and sixty percent (160%) of any combination of the individual DRI thresholds for three or more uses, including residential, office, and retail, and hotel uses, and no single use exceeds one-hundred percent (100%) of the DRI threshold for that use. Further, in no case shall commercial uses, inclusive of the existing 87,038 101,894 square feet of existing commercial development, exceed the following: 250 hotel rooms; 200,000 square feet of retail; and, 60,000 square feet of office.
  - c) The undeveloped and developed commercial acreage is consistent with the provisions of the FLUE as it is located within Activity Center # 17 at US 41 and Thomasson Drive.
  - d) Commercial uses within the Recreation/Village Center District are consistent with FLUE Map -11, which identifies existing zoning consistent with the FLUE by Policies 5-9, 5-10, 5-11, and 5-12. Moreover, the area and allowable uses within the Recreation/Village Center District are consistent with the provisions set forth in Policy 5.1.

- 3. The Sabal Bay MPUD is compatible with and complementary to existing and future surrounding land uses as required in Policy 5.4 of the FLUE.
- 4. Improvements are planned to be in compliance with the LDC as set forth in Objective 3 of the FLUE.
- 5. The development of the Sabal Bay MPUD will result in an efficient and economical extension of community facilities and services as required in Policy 3.1 of the FLUE.
- 6. The Sabal Bay MPUD is planned to incorporate natural systems for water management in accordance with their natural functions and capabilities as may be required by Objective 1.5 of the Drainage Sub-Element of the Public Facilities Element.
- 7. All final local development orders for this project are subject to the Collier County Adequate Public Facilities Ordinance, Chapter 6 and Chapter 10, of the LDC. Transportation concurrency is partially vested in that the Developer is Owners are entitled to a Certificate of Adequate Public Facilities for transportation concurrency for 1,766 dwelling units, upon compliance with the provisions set forth in the Standard Form Collier County Contribution Agreement for Road Impact Fee Credits dated October 22, 2002, and further amended on April 22, 2008 and June 22, 2010 between Collier Land Development, Inc., Collier Development Corporation, and the Board of County Commissioners.
- 8. By virtue of compliance with the provisions of Chapter 6, of the LDC, the project will also implement, and further Objective 2.0 of the FLUE, Objective 1.2 of the Sanitary Sewer Sub-Element, and Objective 1.5 of the Recreation and Open Space Element.
- 9. The native vegetation provisions of the Sabal Bay MPUD implement Policy 6.1.1 of the Conservation Coastal Management Element in that native preserves will be incorporated into the project design.
- 10. The development's commitment regarding the Lely Area Stormwater Improvement Project (Section 8.6(E) of this Document) is consistent with and furthers Policy 1.3.4 of the Drainage Sub-element of the Public Facilities Element in that it improves the existing Lely Canal drainage facility.

### **SHORT TITLE**

This ordinance shall be known and cited as the "SABAL BAY PUD MIXED-USE PLANNED UNIT DEVELOPMENT ORDINANCE".

### **SECTION I**

# LEGAL DESCRIPTION, PROPERTY OWNERSHIP, AND GENERAL DESCRIPTION, AND DENSITY

### 1.1 PURPOSE

The purpose of this Section is to set forth the legal description and ownership of the Sabal Bay MPUD, and to describe the existing conditions of the property proposed to be developed.

### 1.2 LEGAL DESCRIPTION

The subject property referred to within this Document as "project site" and "project area", is comprised of 2,416.0849 +/- acres, and located within Sections 23, 24, 25, 26, and 36 Township 50 South, Range 25 East, and Section 19, Township 50 South, Range 26 East, Collier County, Florida, and is legally described as:

See Exhibit "B"

### 1.3 GENERAL DESCRIPTION OF PROPERTY

- A. The subject property is located in Sections 23, 24, 25, 26, and 36, Township 50 South, Range 25 East, and Section 19, Township 50 South, Range 26 East, Collier County, Florida. The property is generally located south of Thomasson Drive, south and west of U.S. 41, north and west of the Wentworth PUD, and east of the Naples Bay Intercoastal Waterway in the western portion of Collier County.
- B. The zoning classification of the subject property, at the time of the MPUD application is PUD, A Agriculture, and A-ST Agriculture Special Treatment Overlay.
- C. Elevations within the subject property are approximately 8 to 11 feet above MSL. Per FEMA Firm Map Panel No. 1200670 581 F, 1200670 582 F, 1200670 583 E, 1200670 584 E, and 1200670 605 E, dated August 3, 1992, the Sabal Bay property is located within AE 8-11 of the FEMA flood insurance rate map. Finished floor elevations within the Sabal Bay development will be set in accordance with the FEMA Flood Elevation or SFWMD ERP in effect at the time of development permitting, whichever is greater.
- D. A large portion of the subject property contains native vegetation habitats of varying quality. The property also contains a significant amount of jurisdictional wetlands. An Environmental Impact Statement (EIS) has been submitted, pursuant to Subsection 10.02.02(A) of the LDC, and provisions for on-site preservation of higher quality wetlands, interspersed with uplands, are incorporated into the design of the conceptual master plan, and overall water management system. The Sabal Bay MPUD contains a wide variety of vegetative communities inventoried and

1-1

- mapped in the EIS. The site has been designed to provide for onsite protection of habitat for listed species.
- E. The soil types on the subject property include a variety of hydric and non-hydric soils listed in EIS.
- F. The subject property is located within the Collier County Water Management

  District Henderson Creek Watershed Lely Main Canal, Lely Manor Canal and

  Miscellaneous Coastal drainage basins.
- G. A portion of the subject property is located within the City of Naples Water Service District.
- H. The subject property is partially developed pursuant to the January 7, 2002 Preliminary Development Agreement (PDA) with the State of Florida's Department of Community Affairs to allow development on 83 acres of the property within Collier County.

### 1.4 DENSITY

A. A maximum of 1999 residential dwelling units may be constructed in the total project area. The gross project area, excluding commercial/office (C/O) development, and Village Commercial (REC/VC), tidal wetlands, and platted rights of way, is approximately 1585 2,350 acres. The gross project density shall be a maximum of 1.26 0.85 dwelling units per acre.

### **SECTION II**

### PROJECT DEVELOPMENT

### 2.1 PURPOSE

The purpose of this Section is to generally describe the plan of development for the Sabal Bay MPUD, and to identify relationships to applicable County ordinances, policies, and procedures.

### 2.2 GENERAL DESCRIPTION OF PROJECT PLAN AND PROPOSED LAND USES

A. The Sabal Bay MPUD will be a mixed-use planned unit development. The MPUD will incorporate residential, golf, commercial, recreational, and preserve land uses. The northeastern portion of the property along US 41 is located within Activity Center #17 and shall allow for commercial/office uses. There currently exists 87,038 101,894 square feet of retail development within the MPUD authorized to be constructed pursuant to a PDA between Collier Development Corporation and the State of Florida Department of Community Affairs. The other uses shall be distributed throughout the remainder of the MPUD property, as set forth on the MPUD Master Plan (Exhibit A).

Access to the property shall be from East Tamiami Trail (US 41), Thomasson Drive, Hamilton Avenue and Bayshore Drive.

The project will be served with centrally provided potable water, sanitary sewer, electric power, and telephone. Additional services shall be provided as deemed appropriate.

B. The MPUD Master Plan is illustrated graphically as Exhibit "A". A Land Use Summary indicating approximate land use acreages is shown on the Plan. The Master Plan is conceptual, and the location, size, and configuration of individual, residential, commercial, recreational areas, water management features, and tract development areas shall be determined at the time of site development plan (SDP) and/or subdivision plat approval.

### 2.3 COMPLIANCE WITH COUNTY ORDINANCES

A. Regulations for development of the Sabal Bay MPUD shall be in accordance with the contents of this MPUD Ordinance and applicable sections of the LDC (to the extent they are not inconsistent with this MPUD Ordinance) and the GMP in effect at the time of issuance of any development order to which said regulations authorize the construction of improvements, such as but not limited to subdivision plat, SDP, excavation permit and preliminary work authorization. Where these MPUD regulations fail to provide developmental standards, then the provisions of the most similar district in the LDC shall apply.

- B. Unless otherwise defined herein, or as necessarily implied by context, the definitions of all terms shall be the same as the definitions set forth in the LDC in effect at the time of development order application.
- C. Development permitted by the approval of this MPUD shall be subject to the Adequate Public Facilities Ordinance, Section 6.02.00 and Section 10.02.07 of the LDC. At this time, 1,766 residential units are vested for transportation concurrency pursuant to the terms of the Standard Form Collier County Contribution Agreement for Road Impact Fee Credits dated October 22, 2002, and amended April 22, 2008 and June 22, 2010, between Collier Land Development, Inc., Collier Development Corporation, and the Board of County Commissioners. In addition, 87,038 101,894 square feet of commercial development exists within the MPUD boundary.
- D. Unless modified, waived or excepted by this MPUD or by subsequent request, the provisions of other sections of the LDC remain in effect with respect to the development of the land which comprises this MPUD.
- E. All conditions imposed herein or as represented on the Sabal Bay Master Plan are part of the regulations which govern the manner in which the land may be developed.
- F. The Subdivisions Division of the LDC (Section 10.02.04 and Appendix B) shall apply to the Sabal Bay MPUD, except where an exemption or substitution is set forth herein or otherwise granted pursuant to Subsection 10.02.02(B) the LDC.
- G. The Site Development Plans Section of the LDC (10.02.03) shall apply to the Sabal Bay MPUD, except where an exemption is set forth herein or otherwise granted pursuant to Subsection 10.02.03(B) of the LDC.
- H. Recognizing that the MPUD Master Plan does not designate specific dwelling unit types, the type of dwelling unit which characterizes the initial development of any platted tract or phase of a platted tract shall be carried out throughout the development of that tract or phase.
- I. Regardless of the ultimate mix of uses, in no case shall this MPUD exceed DRI thresholds for a mixed-use project (100 percent for a specific use and 160 percent of any combination of three or more uses), as they exist on the date the MPUD is approved. The project shall be monitored through the PUD monitoring process on an annual basis and during SDP and/or subdivision plat review process, as may be applicable.

### 2.4 ROADWAYS

A. Roadways within the Sabal Bay MPUD shall be privately <u>and/or CDD</u> owned and maintained, except for Thomasson and <del>Xerie Drive</del> <u>Cardinal Way</u>, which will be public roads. Standards for roads shall be in compliance with the applicable provisions of the LDC regulating subdivisions, unless otherwise modified, waived or

excepted by this MPUD or approved during subdivision plat approval. The developer Owners reserves the right to request substitutions to design standards in accordance with Subsection 10.02.04(A)(3) of the LDC. The developer Owners retains the right to establish gates, guardhouses, and other access controls as may be deemed appropriate by the developer Owners on all internal and privately owned and maintained project roadways.

- B. Roadways within the Sabal Bay MPUD shall be designed and constructed in accordance with Chapter 10 of the LDC with the following substitutions:
  - 1. Streets and access improvements
    - a. Street Right-of-Way Width: At the discretion of the developer Owners, the minimum right-of-way width to be utilized for local streets and cul-desacs may be fifty feet (50'), a deviation from LDC Subsection 6.06.01(0) that requires rights-of- way for local roads to be at least sixty feet (60'). Drive aisles serving multi-family tracts shall not be required to meet this standard. Additionally, in specific cases where development roadways cross potential wetland or upland preserves, the Owners shall have the ability to reduce the required right-of-way width below the current 50-foot minimum to a width of no less than 40 feet.
    - b. Dead-end Streets: Cul-de-sacs may exceed a length of one thousand feet (1,000'), a deviation from LDC Subsection 6.06.01(J) that limits cul-de-sacs to 1,000 feet.
    - c. Reverse Curves: Tangents between reverse curves are not required for any local street design in this MPUD. A deviation from Section III, Exhibit "A", Design Requirements for Subdivisions C.13.j. of the Administrative Code for Collier County Construction Standards Manual adopted through Ordinance No. 2004-66.
    - d. In specific cases where development roadways cross potential wetland or upland preserves, the Owners shall have the ability to utilize rip-rap backslope treatment with a slope no steeper than 2:1, and for a maximum height of 36 inches for the length of the roadway crossing, a deviation from Section 4.06.05.j. Owners may utilize structural retaining wall to minimize potential wetland or upland impacts for backfill elevations exceeding 36 inches in height for the length of the roadway crossing. In these specific cases, a guard rail system designed to withstand vehicular impact will be provided.

### 2.5 SIDEWALKS/BIKEPATHS, BIKE LANES

- A. Sidewalks: All privately and/or CDD owned roads internal to the Sabal Bay MPUD other than local roads shall have a minimum six five foot (6 5') wide sidewalk on both sides of the street as illustrated on Exhibit A, or a minimum ten foot (10') wide pathway on one side of the street which may meander in and out of the right-of-way. This constitutes a deviation from LDC Subsection 6.06.02.A which requires arterial and collector roadways to provide a six foot (6') wide sidewalk on both sides of the street.
- B. Bike lanes shall be provided on both sides of collector and arterial streets.
- C.B. Pursuant to Chapter 6.06.02 of the LDC, sidewalks/bike paths shall be permitted as follows:
  - 1. An internal pedestrian walkway system is permitted within drainage easements. Where such a pedestrian system is provided, no sidewalk shall be required adjacent to the right-of-way serving the adjacent residential tract.
  - 2. Sidewalks may be located outside platted rights-of-way when located within a separate sidewalk easement.
  - 3. Sidewalks may be located within landscape buffers and/or easements; however, the landscape buffer shall be increased in width by an amount equal to the encroachment at the point of encroachment.

### 2.6 LAKE SETBACK AND EXCAVATION

The lake setback requirements described in Section 22-122(a1) of the Collier County Code of Laws and Ordinances may be reduced subject to the provisions established in Section 22-122(a1) of the Collier County Code of Laws and Ordinances. All lakes greater than two (2) acres may be excavated to the maximum commercial excavation depths set forth in Section 22-122(e3) of Collier County Code of Laws and Ordinances, and subject to permit approval from the South Florida Water Management District. Removal of fill and rock from the Sabal Bay MPUD shall be administratively permitted to an amount up to ten (10) percent per-lake (20,000 cubic yards maximum), unless the project is issued a commercial excavation permit.

### 2.7 FILL STORAGE

Fill storage is generally allowed throughout the Sabal Bay MPUD. Fill may be transported and stockpiled within areas that have been disturbed / or farmed. Prior to stockpiling in these locations, the developer Owners shall notify the Community Development and Environmental Services Administrator County Manager or his designee and shall demonstrate compliance with the following standards:

- 1. Stockpile maximum slope: 2:1
- 2. Stockpile maximum height: Thirty Feet (30')

- 3. Fill storage in excess of six feet (6') in height shall be located no closer than one hundred feet (100') from any existing residential unit or residential unit under construction. This excludes fill storage areas associated with the Lely Area Surface Drainage Improvements Project.
- 4. Soil erosion control shall be provided in accordance Subsection 10.02.02.C of the LDC.
- 5. Stockpiles with side slopes greater than 4:1 shall be fenced with childproof fencing.

### 2.8 USE OF PRIVATE AND/OR CDD RIGHTS-OF-WAY

Utilization of lands within all project rights-of-way for landscaping, decorative entranceways, and signage shall be allowed subject to review and administrative approval by the Collier County Engineering Director for engineering and safety considerations during the development review process and prior to any installations.

### 2.9 MODEL HOMES/SALES CENTERS/SALES OFFICES/ CONSTRUCTION OFFICES

- A. Models, sales/rental centers and other uses and structures related to the promotion and sale, resale, and/or rental of real estate and/or golf/sports memberships such as, but not limited to, pavilions, viewing platforms, gazebos, tents, parking areas, and signs, shall be permitted principal uses throughout the Sabal Bay MPUD subject to the requirements of Chapters 4.05.00, 4.06.00, 5.06.00 and 5.04.04 of the LDC. Such temporary use permits shall be valid through the life of the project with no extension of the temporary use permit required.
- B. Temporary use permits for sales centers, and model homes may be approved subsequent to zoning approval. Temporary use permit applications, and, where required, associated SDP or site improvement plan (SIP) application(s) for residential models, shall be submitted, and approved pursuant to Chapters 4.05.00, 4.06.00, 5.06.00, and 5.04.04 of the LDC, with applications for the subdivision plat. The location of the model units within a future platted lot shall be depicted on the SDP or SIP, as the case may be. All model units shall be located on lots that will be platted through subsequent development order approvals, and shall comply with all development standards applicable to said lots.
- C. Temporary uses for sales centers may be serviced by temporary well and septic systems.
- D. A portion (no more than 1/3 of the gross floor area), of the clubhouse facilities may be used as a temporary sales facility to be utilized to market residential products, including the re-sale of residences within the boundaries of the Sabal Bay MPUD and/or golf and sports club memberships. The use of a portion of the clubhouse as a temporary sales facility shall cease when the project is released to the control of the homeowners' association.

# 2.10 CHANGES AND AMENDMENTS TO MPUD DOCUMENT OR MPUD MASTER PLAN

Changes and amendments may be made to this MPUD Ordinance, MPUD Master Plan as provided in LDC Subsection 10.02.13.E. Minor changes and refinements as described in Section 8.3 C of this Document, may be made by the developer Owners in connection with any type of development or permit application required by the LDC.

### 2.11 COMMON AREA MAINTENANCE

Common area maintenance shall be provided by a Community Development District (CDD) established pursuant to Chapter 190, Florida Statutes, or by a property owners' association. For those areas not maintained by a CDD, the developer Owners will create a property owners' association or associations, whose functions shall include provisions for the perpetual maintenance of common facilities and open spaces. The CDD, or the property owners' association, as applicable, shall be responsible for the operation, maintenance, and management of the surface water and stormwater management systems.

### 2.12 LANDSCAPE BUFFERS, BERMS, FENCES AND WALLS

Landscape buffers, berms, fences and walls are generally permitted as a principal use throughout the Sabal Bay MPUD. The following standards shall apply:

- A. Landscape berms shall have the following maximum side slopes:
  - 1. Grassed berms: 4:1
  - 2. Ground covered berms:
    - a. Perimeter: 3:1
    - b. Internal to project: 3:1
  - 3. Other slope stabilizing materials and landscape features, including natural or manmade rock features and geotextile mats, where necessary, excluding rip rap: 1:1
  - 4. Structural walled berms: vertical
- B. Fence or wall maximum height:
  - Perimeter fences or walls and fences and walls separating commercial uses in the C01, C02, and C03 areas from residential areas shall be permitted at a height of up to eight feet (8'), as measured from the finished grade of the ground at the base of the fence or wall on top of a berm of up to four feet (4'). This constitutes a deviation from Subsection 5.03.02B.C of the LDC allowing wall height to be measured from finished grade, rather than existing grade, of the ground at the base of the wall. For the purpose of this provision, finished grade shall be considered no greater than 18 inches above the crown elevation of the nearest existing road. If the fence or wall is constructed on a perimeter landscape berm, the berm and wall in combination shall not be higher than 8 feet from the finished grade.
  - 2. All other fences or walls shall not exceed a height of six feet (6') as measured from the finished floor elevation of the nearest residential structure. Fences or walls constructed on a landscaped berm shall not exceed

- a height of six feet (6'), as measured from the top of the berm and the combination of berm and fence shall not exceed eight feet (8'), as measured from existing grade.
- 3. Entrance features, which are an integral part of security and access control structures such as gatehouses and control gates, shall be subject to the height limitations for principal residential structures, not to exceed 35 feet.
- C. Pedestrian sidewalks and/or bike paths and utilities may be allowed in landscape buffers. Where such structures or features are located in the required landscape buffer, the landscape buffer shall be increased in width equal to the encroachment in that location, as required in Chapter 4.06.02 of the LDC. Water management systems, and drainage structures, shall be permitted within a required buffer as provided in Subsection 4.06.02D(4) of the LDC.

### 2.13 DESIGN GUIDELINES AND STANDARDS

- A. The Collier County Planned Unit Development District is intended to encourage ingenuity, innovation and imagination in the planning, design and development or redevelopment of relatively large tracts of land under unified ownership or control, as set forth in Policy 5.6 of the FLUE of the Collier County GMP.
- B. The Sabal Bay MPUD is a planned community and shall be developed under unified control. The developer Owners will establish design guidelines and standards to ensure a high and consistent level of quality for residential units and related community features and facilities such as landscapes, hardscapes, waterscapes, signage, lighting, pedestrian systems, bicycle paths, pavement treatments, roadway medians, fences, walls, buffers, berms and other similar facilities.

#### 2.14 GENERAL PERMITTED USES

Certain uses shall be considered general permitted uses throughout the Sabal Bay MPUD except in the Preserve Area. General permitted uses are those uses which generally serve the developer Owners and residents of the Sabal Bay MPUD and are typically part of the common infrastructure or are considered community facilities.

### A. General Permitted Uses:

- 1. Water management facilities and related structures.
- 2. Irrigation treatment and distribution facilities.
- 3. Temporary sewage treatment facilities.
- 4. Lakes including lakes with bulkheads or other architectural or structural bank treatments.

- 5. Guardhouses, gatehouses, and access control structures.
- 6. Community and neighborhood parks, recreational facilities.
- 7. Temporary construction, sales, and administrative offices for the developer Owners and developer's Owners' authorized contractors and consultants, including necessary access ways, parking areas and related uses.
- 8. Landscape features including, but not limited to, landscape buffers, berms, fences and walls subject to the standards set forth in Section 2.12 of this Document.
- 9. Outside storage areas for recreational vehicles, trailers, and similar uses for the use by the project's residents and guests, excluding boats, in the R5 area only. If this use is provided, the Owners shall install an eight foot (8') high wall or fence on top of a four foot (4') berm for screening/buffering purposes prior to any storage use.

### <u>B.</u> Development Standards:

Unless otherwise set forth in this Document, the following development standards shall apply to structures:

- 1. Setback from back of curb or edge of pavement of any road Twelve feet (12') except for guardhouses, gatehouses, and access control structures which shall have no required setback.
- 2. Setback from MPUD boundary: See Table I, Section III, Development Standards.
- 3. Minimum distance between unrelated structures Ten feet (10')
- 4. Maximum height of structures See Table I, Section III Development Standards.
- 5. Minimum floor area None required.
- 6. Minimum lot or parcel area None required.
- 7. Standards for parking, landscaping, signs and other land uses where such standards are not specified herein are to be in accordance with LDC in effect at the time of SDP approval.

### 2.15 OPEN SPACE REQUIREMENTS

The Collier County LDC requires that mixed-use residential projects maintain open space at a minimum of 30% of the entire MPUD. The MPUD Master Plan identifies preserves,

lakes, recreation tracts, including golf course area, and buffers as open spaces. These areas, in conjunction with open space areas included within the residential areas, will satisfy the 30% open space requirements of Subsection 4.02.01B of the LDC for mixed-use developments.

### 2.16 NATIVE VEGETATION RETENTION REQUIREMENTS

Pursuant to Policy 6.1.1of the Conservation and Coastal Management Element of the Collier County GMP, and Section 3.05.07 of the Collier County LDC, a minimum of 559.52 537.61 acres (25% of the 2,238.07 2,150.45 +/- acres of native vegetation on site) is required to be retained or replanted. For the purposes of this MPUD, the Preserve Tracts, which equal 56% 61% +/- (1,256.24 1,302 acres) of the 2,238.07 2,150.45 +/- acres of native vegetation occurring on site, will fully satisfy the native vegetation requirements of Collier County. No other vegetation relocation or revegetation is required.

Of the 2,416.0849 ± acres on the project site, 178.01 266.04 ± acres are not considered habitats with native vegetation present. Those habitats not included as native vegetation habitats include commercial uses, open water, cleared lands, and agricultural lands. Of the remaining habitat types, exotic plant species coverage was not evaluated according to canopy coverage alone; therefore, these habitats are not excluded from the native vegetation preservation requirement pursuant to Policy 6.1.1 of the Conservation and Coastal Management Element of the GMP. Since the on-site preserve will exceed the GMP requirement, the applicant has elected not to further evaluate native habitats on-site to exclude them from this requirement.

### 2.17 SIGNAGE

### A. GENERAL

All signs shall be in accordance with Section 5.06.00 of the LDC except in the following instances.

- 1. Two ground or wall entrance signs shall be allowed at the entrance to each individual residential tract and shall be limited in size to 60 square feet each and shall not exceed a height of 6 feet as measured from finished grade. These signs shall not contain more than the project name of the individual tract, the main project name or any major use, the insignia or motto of the project and the developer's Owners' name and logo. Said signs shall be located so that they are visible only internal to the Sabal Bay MPUD. This constitutes a deviation from Subsection 5.06.04A.6.(b) 02.B.6 of the LDC, which limits such signs to 64 square feet.
- 2. Two ground signs are permitted for each project entrance (on US 41, Thomasson Drive, <u>Hamilton Avenue</u> and Bayshore Drive), and shall be allowed in addition to other signage allowed by Section 5.06.00 of the LDC. Each of these permitted signs shall be limited to 120 square feet in area and shall only contain the name of the project or any major use, insignia or motto of the entire development, and the <u>developer's Owners'</u>

name and logo and shall be architecturally compatible with the landscape buffer along the project boundaries and the common architectural theme of the entire project. This constitutes a deviation from LDC Section 5.06.05 02 and 5.06.04 which limits such signs to 64 square feet.

- 3. Boundary marker monuments containing project identification signs designed to identify the project, or any major use within the project, shall be permitted in locations depicted on the MPUD Master Plan (Exhibit "A"). The sign face area for such boundary markers shall not exceed 64 square feet in area and shall not exceed the height or length of the monument on which it is located. If the sign is two-sided, each sign shall not exceed 64 square feet in area. Each sign shall only contain the main project name, insignia or motto of the entire development, and the developer's Owners' name and logo.
- 4. In the case of commercial development within the REC/VC District, which is internalized within the MPUD, and in consideration of mixed-use and/or neo-traditional development, signage may vary from the requirements of Chapter 5.06.00 of the LDC.
- 5. Traffic signs, such as street signs, stop signs, speed limit signs, internal directional signs, and the like, shall be designed to reflect a common architectural theme. The placement and size of such signs shall be in accordance with the LDC, or other applicable County regulations.

### SECTION III RESIDENTIAL/GOLF

### 3.1 PURPOSE

The purpose of this Section is to identify permitted uses and development standards for areas within the Sabal Bay MPUD designated on the Master Plan as "R/G", Residential/Golf.

### 3.2 MAXIMUM DWELLING UNITS

A maximum of 1,999 approved residential dwelling units may be constructed on lands designated "R/G" Residential on the MPUD Master Plan. For purposes of project density, 4 ALF/CCRC units shall constitute 1 golf residential dwelling unit. However, the maximum density on tract R/G8 is limited to 390 dwelling units.

### 3.3 GENERAL DESCRIPTION

Areas designated as "R/G," Residential/Golf, on the Master Plan are designed to accommodate a full range of residential dwelling types, general permitted uses as described by Section 2.14 of this Document, a full range of recreational facilities, essential services, and customary accessory uses.

The approximate acreage of the area designated as "R/G", Residential/Golf, is indicated on the MPUD Master Plan. This acreage is based on conceptual designs and is approximate. Actual acreages of all development tracts will be provided at the time of SDP, or subdivision plat approvals, in accordance with Sections 10.02.03 and 10.02.04 of the LDC. Residential/Golf tracts are designed to accommodate internal roadways, open spaces, golf eourse uses and other similar uses found in residential areas.

### 3.4 PERMITTED USES AND STRUCTURES

No building or structure, or part thereof, shall be erected, altered or used, or land used, in whole or part, for other than the following:

### A. Principal Uses:

- 1. Single family attached and detached dwellings, townhomes.
- 2. Single family and zero lot line dwellings.
- 3. Two-family and duplex dwellings.
- 4. Multi-family dwellings including mid-rise, coach home and garden apartments. Multi-family buildings are limited to a maximum building height of 50 feet measured as set forth in the LDC Section 1.08.02

Definitions "building, zoned height of", except that within tract RG4, depicted on Exhibit "A", multi-family buildings shall be permitted up to a height of 10 residential floors over parking, not to exceed a zoned height of 150 feet", and an actual height of 165 feet.

- 5. Timeshares, which shall not be counted as temporary lodging units but which shall be counted as residential dwelling units.
- 6. Model homes and model home centers including offices for project administration, construction, sales and marketing.
- 7. Assisted living facilities (ALF) and/or continuing care retirement communities (CCRC) with ancillary medical uses and personal services for residents and their guests, including but not limited to, beauty salon, bank, pharmacy and convenience store are permitted as ancillary uses. (Such ancillary medical or personal service uses shall only be accessed from inside the ALF or CCRC). No external signage or advertising is permitted in support of these ancillary medical or personal service uses. As ancillary uses, not intended for utilization by the general public, such ancillary medical or personal service uses shall be limited in size and intensity to an amount determined to be necessary to serve the residents of the ALF or CCRC, their guests, and the facility employees. ALF and/or CRRC are prohibited in the R2-B, R5, and R7 areas as indicated on the MPUD Master Plan.
- 8. Golf course and golf course related facilities, except within tract R/G8.
- 9.8. Recreational facilities such as parks, playgrounds, and pedestrian/bikeways
- B. Accessory Uses and Structures:
  - 1. Accessory uses and structures customarily associated with principal uses permitted in this District, including swimming pools, spas and screen enclosures, recreational facilities designed to serve the development and provide essential services.
  - 2. Community, and golf course related recreational facilities and structures including clubhouses, health and fitness facilities, restaurants, cocktail lounges, pro-shops, driving ranges, pools, meeting rooms, community buildings, playgrounds, playfields, tennis courts, and similar uses intended to exclusively serve community residents and their guests.
  - 3. Community and golf course related maintenance facilities, water management facilities, and utility and maintenance structures and staff offices.

4. Boardwalks, nature trails, shelters, viewing piers, viewing platforms, educational signs, kiosks, elevated paths, and docks or platforms for launching and mooring or storage of non-motorized vessels utilizing movable storage racks. Electric boats are an allowed accessory use.

### 3.5 DEVELOPMENT STANDARDS

- A. Table I sets forth the development standards for land uses within the Sabal Bay MPUD Residential/Golf Area. Standards not specified herein shall be those specified in Chapter 5 of the LDC in effect as of the date of adoption of this MPUD Ordinance.
- B. The following standards shall be applicable to the proposed ALF or CCRC use. The ALF or CCRC use is prohibited in the R2-B, R5, and R7 areas depicted on the MPUD Master Plan. Standards not specified herein shall be those specified in Section 5.05.04 of the LDC in effect as of the date of adoption of this MPUD Ordinance.
  - 1. Minimum Lot Size: 1 acre.
  - 2. Minimum Yard Requirements:
    - i) Front:  $\frac{25 \text{ feet}}{25 \text{ feet}}$  one-half (1/2) the height of the principal structure
    - ii) Side: 15 feet one half (1/2) the sum of the height of principal structures, except no setback shall be required from any lake easement.
    - iii) Rear: 25 feet one-half (1/2) the height of the principal structure, except that no setback shall be required from any lake easement.
    - iv) Setback from U.S. 41: same as height of the principal structure
  - 3. Floor Area Ratio: 0.45 0.60 FAR.
  - 4. Maximum height: 3 stories over one level of parking not to exceed a zoned height of 50 60 feet and an actual height of 75 feet.
  - 5. Any ALF or CCRC constructed along U.S. 41 will provide a Type C buffer, 20 foot wide, opaque within one year, with a six-foot wall, fence, hedge or berm or combination thereof and two staggered rows of trees spaced no more than 30 feet on center along with a single row shrub. Trees shall be 14 feet tall at time of planting and shrubs shall be 24 inches tall at time of planting.
- C. Site development standards for single family, zero lot line, two-family, duplex, single family attached and town home uses apply to individual residential lot boundaries. Multi-family standards apply to platted parcel boundaries, unless otherwise specified.
- D. Standards for parking, landscaping, signs and other land uses, where such standards are not specified herein, are to be in accordance with the LDC in effect at the time of SDP approval. Unless otherwise indicated, required yards, heights, and floor area standards apply to principal structures.

TABLE I: SABAL BAY MPUD DEVELOPMENT STANDARDS FOR "RG" RESIDENTIAL/GOLF AREA

	J D/XI WIX C	DEVEL	OI MENT	BIANDARD	S FUR "RG" KES	JIDENTIAL	GOEF AILE

Rear	5'	5'	5'	5'	5'	10'	10'
From Preserve 1	10'	10'	10'	10'	10'	10'	10'
Minimum Distance Between Accessory Structures on same lot	0' or 10'	0' or 10'	0' or10'	0' or 10'	0' or 10'4	0' or 10' <sup>4</sup>	0' or 10'
Minimum Distance Between Accessory and Principleal Structures on same lot	0' or 10'	0' or 10'	0' or10'	0' or 10'	0' or 10' <sup>4</sup>	0' or 10' <sup>4</sup>	0' or 10'
Maximum Height	SPS	SPS	SPS	SPS	50'	SPS	<del>50'</del> <u>80'</u>

- BH: Building Height measured as defined in LDC Section 1.08.02 Definitions "building, zoned height of."
- SBH: (Sum of Building Heights): Combined height of two adjacent buildings for the purpose of determining setback requirements.
- SPS: Same as Principal Structure
- Front yards shall be measured as follows: If the parcel is served by a public or private right-of-way, setback is measured from the adjacent right-of-way line.
- \*1 Setback from lake easements for all accessory uses and structures may be 0 feet. Setback from preserve areas shall be 25 feet for principal structures and 10 feet for accessory structures, or as may otherwise be permitted in accordance with the applicable provisions set forth in LDC Section 3.05.07.
- \*2 Minimum lot width for cul-de-sac lots consistent with the measurement standards established in the LDC.
- \*3 Zero feet (0'). Where the zero foot (0') yard option is utilized, the opposite side of the structure or attached structures shall have a twelve ten foot (12 10') side yard. Where zero lot line development is proposed, a conceptual site plan shall be submitted with the application for final subdivision plat approval. The conceptual site plan shall depict the proposed location of dwelling units and the required setbacks.
- \*4 Distance between principal and accessory structures for multi-family development: Where common architectural themes are utilized for a common development tract, distances between principal structures may be reduced subject to Fire District approval at the time of site plan review. In no case shall the distance between principal structures be less than 10 feet or .25 SBH, whichever is greater. A common architectural theme shall be demonstrated during SDP review through submittal of drawings and renderings depicting common signage, common entry design features, common landscape and landscape features, and common architectural building design features.
- \*5 Building height is measured as set forth in LDC Section 1.08.02 Definitions "building, zoned height of." Actual height of structures in Single Family Detached, Zero Lot Line, Two Family/Duplex, and Single Family Attached/Townhome categories shall not exceed forty-five feet (45'). Mid-rise Multi-family/timeshare structures within Tracts- R/G4, as depicted on the MPUD Master Plan (Exhibit "A") shall have a maximum height of 10 residential floors over parking, not to exceed 150 feet of zoned height as measured pursuant to LDC Section 1.08.02 Definitions "Buildings, zoned height of", and a maximum actual height of 165 feet.
- \*6 Front loading garages shall have a minimum front yard setback 23 feet, as measured from the back of sidewalk. Side loaded garages may be located less than 23 feet from the back of sidewalk provided that the driveway design allows for parking of vehicles so as not to interfere with or block the sidewalk.
- \*7 -50 feet for R/G8.
- \*8 Standards not specified herein shall be those specified in Section 5.05.04 of the LDC in effect as of the date of adoption of this MPUD Ordinance. There is no minimum floor area established for an ALF or CCRC; however, the maximum floor area ratio (FAR) is .45 as set forth in Section 5.05.04 of the LDC .60. The ALF/CCRC use is prohibited in the R2-B, R5, and R7 areas.
- \*9 Minimum separation between parking decks under mid-rise structures shall not be less than 60 feet.
- 10 In no instance shall a structure encroach into a required landscape buffer, other than those structures permitted to be located within a landscape buffer in accordance with LDC applicable provisions in effect at the time or permitting.
- 11 Where setbacks are measure as a percent or factor of building height, the "Zoned" building height shall be utilized.

### **SECTION IV**

### RECREATION/VILLAGE CENTER

### **4.1 PURPOSE**

The purpose of this section is to identify permitted uses and development standards for areas within the Sabal Bay MPUD designated on the Master Plan as REC/VC, "Recreation /Village Center."

### **4.2 GENERAL DESCRIPTION**

The approximate acreage of the REC/VC Tract is indicated on the Master Plan. This acreage is based on conceptual designs and is approximate. Actual acreages of all development tracts will be provided at the time of SDP or subdivision plat approvals in accordance with Section 10.02.03 and Section 10.02.04 of the LDC. The REC/VC area shall accommodate a variety of recreational, water management, open space, commercial uses, including temporary lodging establishments, as well as customary accessory uses associated with the permitted principal use, and essential services.

The REC/VC Subdistrict shall not be subject to the conditions, limitations or restrictions set forth in Chapter 4.07.04 of the LDC. The commercial uses identified within this subdistrict are permitted pursuant to FLUE Map 11 that establishes exempt commercial areas within the boundaries of the MPUD which have been determined to be consistent by policy (FLUE Policy 5.9). Regardless of the ultimate mix of uses, in no case shall this MPUD exceed DRI thresholds established for a mixed-use project (100 percent for a specific use and 160 percent of any combination of three or more uses), as those regulations exist on the date this MPUD is approved. The developer Owners shall provide the County with incremental development information, including the aggregate commercial square footage within the REC/VC Tract and within the PUD in total, as required during the annual PUD monitoring process, and through the SDP and/or subdivision plat application submittal process.

### 4.3 PERMITTED USES AND STRUCTURES

No building or structure, or part thereof, shall be erected, altered or used, or land used, in whole or part, for other than the following:

### A. Permitted Principal Uses and Structures:

- 1. Recreational facilities and structures such as, but not limited to, pools, tennis courts, health and fitness facilities, clubhouses, <u>pro shops</u>, meeting rooms, community buildings, playgrounds, and playfields, docks, and electric boats.
- 2. Commercial banks (Groups 6021-6029 drive-through facilities are prohibited).
- 3. Real estate agents and managers for property within PUD only (Group 6531).

- 4. Hardware store only -2,500 square feet, maximum floor area (Group 5251).
- 5. Variety stores 2,500 square feet maximum floor area (Group 5331).
- 6. Miscellaneous general merchandise stores, except catalog showrooms 2,500 square feet maximum floor area (Group 5399).
- 7. Grocery stores, 10,000 square feet maximum floor area (Group 5411).
- 8. Fish, meat, and seafood markets only (Group 5421).
- 9. Fruit and vegetable markets (Group 5431).
- 10. Retail bakeries (Group 5461).
- 11. Coffee stores and health food stores only -2,500 square feet maximum floor area (Group 5499).
- 12. Gasoline service stations, except truck stops (Group 5541).
- 13. Apparel and accessory stores 2,500 square feet maximum floor area (Groups 5611—5661).
- 14. Record and prerecorded tape stores (Group 5735).
- 15. Eating places, except caterers and industrial and institutional food service establishments, dinner theaters, drive-in restaurants and restaurants with drive-through facilities (Group 5812).
- 16. Liquor stores (Group 5921).
- 17. Gift, novelty, and souvenir shops (Group 5947).
- 18. Sewing, needlework, and piece goods stores (Group 5949).
- 19. Florists (Group 5992).
- 20. Agents for laundries and drycleaners only (Group 7212).
- 21. Coin-operated laundries and drycleaning (Group 7215).
- 22. Diaper service, and garment alteration and repair shops only (Group 7219).
- 23. Beauty shops, except beauty schools and cosmetology schools (Group 7231).
- 24. Barber shops, except barber colleges (Group 7241).

- 25. Depilatory salon, electrolysis, massage parlor, shopping services for individuals, and tanning salons only (Group 7299).
- 26. Housekeeping and maid services only (Group 7349).
- 27. Videotape rental (Group 7841).
- 28. Physical fitness facilities (Group 7991).
- 29. Offices and/or clinics of physicians, and offices and/or clinics of dentists. (Groups 8011—8021).
- 30. Offices and clinics of chiropractors (Group 8041).
- 31. Establishments operating primarily to provide temporary lodging such as hotels or motels as defined under Industry Group 7011 in the Standard Industrial Classification Manual. Within the REC/VC Subdistrict, up to 150 temporary lodging units may be developed. Those temporary lodging units may be developed as typical hotel or motel units or may be developed as independent detached or attached units constructed so as to appear like residential dwelling units of various types (No more then than 250 temporary lodging units shall be permitted within the entire MPUD).
- 32. Timeshares, which shall not be counted as temporary lodging units but which shall be counted as residential dwelling units.
- 33. Miscellaneous Retail Stores, not elsewhere provided for above (Groups 5699, 5999), whether accessory to a hotel, motel, clubhouse, or independent.
- 33.34. Open space uses, and structures such as, but not limited to, boardwalks, nature trails, bikeways, landscape nurseries, gazebos, fishing/observation pier, picnic areas, fitness trails, and shelters.
- 35. Carwashes (Group 7542)
- 36. United States Postal Service (Group 4311)
- B. Permitted Accessory Uses and Structures
  - 1. Customary accessory uses or structures incidental to recreation and village center areas and, or facilities, including structures constructed for purposes of maintenance, storage or shelter with appropriate screening and landscaping.

- 2. Accessory uses and structures customarily associated with the permitted principal uses and structures, including, but not limited to:
  - a. Parking facilities and signage
  - b. One caretaker's residence
  - c. Temporary licensed uses such as art festivals, displays, outdoor gatherings or performances and outdoor food markets.

### 4.4 DEVELOPMENT STANDARDS

- A. Minimum Yard Requirements:
  - 1. Front Yard: Twenty-five feet (25').
  - 2. Side Yard: Fifteen feet (15').
  - 3. Rear Yard: Fifteen feet (15').
  - 4. Proposed structures located adjacent to a lake may have no setback from the lake maintenance easement. No structures are permitted in the required 20-foot lake maintenance easement.
  - 5. Principal and accessory structure setbacks from Preserve Area
    - i) Principal structure: Twenty-five feet (25')
    - ii) Accessory structure: Ten feet (10')
- B. Exterior lighting shall be arranged in a manner which will protect roadways and residential properties from direct glare or unreasonable interference.
- C. Maximum height of structures Fifty feet (50); except clock towers or similar architectural features, which shall be permitted up to seventy-five feet (75').
- D. Minimum distance between principal structures Ten feet (10'), or greater, if required by local fire codes in effect at time of development.
- E. Minimum distance between accessory structures Ten feet (10').
- F. Parking for uses and structures constructed in the Recreation/Village Center: The amount of required parking within this District may be reduced by up to 25% of the applicable LDC parking requirements if it is demonstrated that such a reduction is warranted through the submission of a shared parking analysis, to be submitted with an SDP application. The amount of parking necessary shall be determined utilizing the modal splits and parking demands for various uses recognized by the Institute of Traffic Engineers (ITE), Urban Land Institute (ULI) or other sources or studies. The analysis shall demonstrate the number of parking spaces available for more than one use or function, recognizing the required parking spaces will vary depending on the multiple functions or uses in close proximity which are unlikely to require the spaces at the same time.

The shared parking analysis methodology will be determined and agreed upon by the County Transportation Staff and the applicant during the SDP pre-application meeting. The shared parking analysis shall use the maximum square footage of uses proposed by the SDP application. Note: Any such reduction approved by staff is a deviation from the requirements set forth in LDC Section 4.05.04.

### G. Architectural and Site Design Standards:

Commercial development within the REC/VC Subdistrict shall conform with the guidelines and standards of Section 5.05.08 of the LDC, or if variations from these guidelines are needed to accommodate mixed use residential or neotraditional neighborhood scale commercial development, a separate plan for architectural design and site design and signage shall be submitted to the Collier County Zoning and Land Development Review Director at the time of the first SDP approval for commercial or mixed use development within this subdistrict. The plan for architectural design shall indicate the exact nature of any deviation from the requirements of Section 5.05.08 of the LDC, and shall further demonstrate that any such deviation, while varying from one or more of the provisions of Chapter 5.05.08, nonetheless are deemed to meet the overall purpose and intent of Chapter 5.05.08.

# SECTION V COMMERCIAL/OFFICE

### 5.1 PURPOSE

The purpose of this Section is to set forth the development plan for tracts designated as "C/O", Commercial/Office on Exhibit "A", MPUD Master Plan. The general function and purpose of this Tract is to provide the opportunity for diverse types of commercial activities delivering goods and services, including entertainment and recreational attractions to many segments of the population.

### 5.2 MAXIMUM COMMERCIAL/OFFICE SQUARE FEET

The  $45 \ \underline{50} \pm \text{acre Commercial/Office Areas}$  (Tracts C/O1, C/O2 and C/O3), shall be developed with an amount of commercial/office square footage that will not exceed individual DRI thresholds. Total retail or other uses on the C/O1 and C/O2 shall not exceed 142,000 square feet of retail and 40,000 square feet of office space.

Regardless of the ultimate mix of uses, in no case shall this MPUD exceed DRI thresholds established for a mixed-use project (100 percent for a specific use and 160 percent of any combination of three or more uses) as those regulations exist on the date this MPUD is approved. This shall be monitored through the PUD monitoring process on an annual basis and through the SDP and/or subdivision plat review process.

### **5.3 PERMITTED USES**

No building or structure, or part thereof, shall be erected, altered or used, or land used in whole or in part, for other than the following:

# A. Principal Uses<sup>1</sup>:

1. Establishments primarily engaged in performing soil preparation services, crop services, veterinary services, other animal services, farm labor and management services, and landscape and horticultural services, as outlined under Major Group 07 in the Standard Industrial Classification Manual, only including Industry Number 0742 – veterinary services for animal specialties.

<sup>&</sup>lt;sup>1</sup> Reference Executive Office of the President, Office of Management and Budget, Standard Industrial Classification Manual, 1987 Edition.

- 2. Establishments furnishing point-to-point communications services as outlined under Major Group 48 in the Standard Industrial Classification Manual; no communication towers are permitted.
- 3. Any retail business as defined in the Standard Industrial Classification Manual for the following categories:
  - a. 523 Paint glass, and wallpaper stores;
  - b. 525 Hardware stores;
  - c. 526 Retail nurseries, lawn and garden supply stores;
  - d. Major Group 53 General merchandise stores.
- 4. Any retail store engaged in selling food as defined under Major Group 54 in the Standard Industrial Classification Manual.
- 5. Any retail business engaged in selling automobile parts and accessories; and retail gasoline sales (without service facilities), as defined in the Standard Industrial Classification Manual for the following categories:
  - a. 553 Auto and home supply stores, not including any installation facility:
  - b. 554 Gasoline stations, not including service facilities;
  - c. Group 7542 Carwashes only.
- 6. Any retail business engaged in selling new or used motorboats and other watercraft, marine supplies, and outboard motors as defined under Industry Group 555 in the Standard Industrial Classification Manual.
- 7. Any retail business engaged in selling apparel and accessories as defined under the Major Group 56 in the Standard Industrial Classification Manual.
- 8. Any retail business engaged in selling home furniture, furnishings, and equipment stores as defined under Major Group 57 in the Standard Industrial Classification Manual.
- 9. Any retail establishment selling prepared foods and drinks, including alcoholic drinks (for consumption on the premises), as defined under the Major Group 58 in the Standard Industrial Classification Manual.
- 10. Any miscellaneous retail business as defined under Major Group 59 in the Standard Industrial Classification Manual, not including Industry Group

- Numbers: 596 non-store retailers; 598 fuel dealers; and not including retail sale of fireworks.
- 11. Establishments operating primarily in the fields of finance, insurance, and real estate as defined under Major Groups 60, 61, 62, 63, 64, 65, and 67 in the Standard Industrial Classification Manual.
- 12. Within Tract C/O3 only, establishments operating primarily to provide temporary lodging such as hotels or motels as defined under Industry Group 7011 in the Standard Industrial Classification Manual. No more than 150 units shall be permitted. (No more than 250 units shall be permitted in total within the REC/VC District and Tract C/O3).
- 13. Establishments operating primarily to provide personal services as defined in the Standard Industrial Classification Manual for the following Industry Groups:
  - a. 721 Laundry, cleaning, and garment services, only including Group 7211 power laundries, family and commercial, Group 7215 coin-operated laundries and dry-cleaning, and Group 7217 carpet and upholstery cleaning;
  - b. 722 Photographic portrait studios;
  - c. 723 Beauty shops
  - d. 724 Barber shops;
  - e. 725 Shoe repair shops and shoeshine parlors;
  - f. 729 Miscellaneous personal services, only including Group 7291 tax return preparation services, and Group 7299 personal services, only including car title and tag service, computer photography or portraits, costume rental, diet workshops, electrolysis (hair removal), genealogical investigation service, hair weaving or replacements service, dress suit or tuxedo rental, and tanning salons.
- 14. Establishments operating primarily to provide business services as defined in the Standard Industrial Classification Manual for the following industry Groups:
  - a. 731 Advertising, not including Group 7312 outdoor advertising services agencies;
  - b. 733 Mailing, reproduction, commercial art and photography, and stenographic services;
  - c. 735 Miscellaneous equipment rental and leasing, only including Group 7352 medical equipment, rental and leasing;
  - d. 737 Computer programming, data processing, and other computer related services, not including Group 7371 prepackaged software

- 15. Establishments primarily engaged in developing film and in making photographic prints and enlargements for the trade or for the general public, only including Group 7384, Photofinishing laboratories.
- 16. Establishments primarily engaged in furnishing automotive repair, rental, leasing and parking services to the general public, including Group 7513 Truck rental and leasing, without drivers; Group 7514 Passenger car rental; Group 7515 Passenger car leasing; and Group 7519 Utility trailer and recreational vehicle rental.
- 17. Establishments engaged in miscellaneous repair services, only including Group 7631 Watch, clock, and jewelry repair and Group 7699 Repair shops and related services, not elsewhere classified.
- 18. Establishments operating primarily to provide motion picture services as defined under Major Group 78 in the Standard Industrial Classification Manual, only including Group 7832 Motion picture theaters, except drive-in, and Group 7841 Videotape rental.
- 19. Establishments operating primarily to provide amusement and recreation services as defined under Major Group 79 in the Standard Industrial Classification Manual, for the following Groups:
  - a. 7911 Dance studios, schools and halls
  - b. 7922 Theatrical producers (except motion picture) and miscellaneous theatrical services
  - c. 7941 Professional sports clubs and promoters, only including managers of individual professional athletes, and promoters of sports events.
  - d. 7991 Physical fitness facilities
  - e. 7999 To include moped rental, motorcycle rental, rental of bicycles, schools and camps-sports instructional, scuba and skin diving instruction, sporting goods rental only.
- 20. Establishments operating primarily to provide medical and health services as defined under Major Group 80 in the Standard Industrial Classification Manual, for the following Groups:
  - a. 801 Offices and clinics of doctors of medicine;
  - b. 802 Offices and clinics of dentists:
  - c. 803 Offices and clinics of doctors of osteopathy;
  - d. 804 Offices and clinics of other health practitioners.

- 21. Establishments operating primarily to provide medical and dental laboratories as defined under Major Group 807 in the Standard Industrial Classification Manual, for the following Groups:
  - a. Group 8071 Medical Laboratories:
  - b. Group 8072 Dental Laboratories.
- 22. Establishment operating primarily to provide legal services as defined under Major Group 81 in the Standard Industrial Classification Manual.
- 23. Establishments primarily engaged in providing library services, only including Group 8231 Libraries.
- 24. Membership organizations engaged in promoting the interests of their member as defined under Major Group 86 in the Standard Industrial Classification Manual.
- 25. Establishments operating primarily to provide engineering, accounting, research, and management for the following Groups:
  - a. 8711 Engineering services
  - b. 8712 Architectural services
  - c. 8713 Surveying services
  - d. 8721 Accounting, auditing and bookkeeping services
  - e. 8732 Commercial economic, sociological, and educational research
  - f. 8741 Management services
  - g. 8742 Management consulting services
  - h. 8743 Public relations services
  - i. 8748 Business consulting services.
- 26. Offices of government as defined under Major Group 91 in the Standard Industrial Classification Manual.
- 27. Mixed multi-family residential and commercial uses located within C/O1 and C/O2 Tracts. Residential dwelling units shall be counted toward the maximum 1999 allowable residential dwelling units. A maximum of 390 units shall be permitted within the combined Tracts R/G8, C/O1 and C/O2. The commercial space shall be counted toward the maximum allowable square footage as allowed per DRI thresholds. Regardless of the ultimate mix of uses, in no case shall this MPUD exceed DRI thresholds, established in chapter 380 of Florida Statutes, for a mixed-use project (100 percent for a specific use and 160 percent of any combination of three or more uses), in effect on the date of approval of this PUD. This

shall be monitored through the PUD monitoring process on an annual basis, and during all SDP and/or subdivision plat submittals. The mixed residential and commercial uses shall be subject to the following criteria:

- a. An SDP is approved pursuant to Chapter 10 of the LDC that is designed to protect the character of the residential uses and of the neighboring lands;
- b. The commercial uses in the development shall be limited in hours of operation, size of delivery trucks, and type of equipment;
- c. The residential uses are designed so that they are compatible with commercial uses;
- d. Residential dwelling units may be located above principal structures;
- e. Residential and commercial uses shall not occupy the same floor of a building in which the uses are located;
- f. The mixed-commercial/residential structure shall be designed to enhance the compatibility of the commercial and residential uses through such measures as, but not limited to, minimizing noise associated with commercial uses, directing commercial lighting away from residential units, and separating pedestrian and vehicular access ways and parking areas from residential units; and
- g. The SDP shall incorporate traditional neighborhood design (TND) principles.

#### B. Accessory Uses

Accessory uses and structures customarily associated with the permitted principal uses and structures, including, but not limited to:

- 1. Parking facilities and signage
- 2. One caretaker's residence
- 3. Temporary licensed uses such as art festivals, displays, outdoor gatherings or performances and outdoor food markets.
- 4. Docks and electric boats.
- C. Should market conditions not warrant commercial development within the C/O3 Tract, that Tract shall be used for any uses permitted within the R/G Subdistrict, subject to all development standards set forth in Section III of this MPUD Document.

#### 5.4 DEVELOPMENT STANDARDS

- A. Minimum Lot Area: 10,000 square feet.
- B. Minimum Lot Width: 100 feet

#### C. Minimum Yards (Internal):

- 1. Front Yard: Twenty (20) feet plus one (1) foot for each two (2) feet of building height over fifty (50) feet.
- 2. Side Yard: None, or a minimum of five (5) feet, with unobstructed passage from front to rear yard
- 3. Rear Yard: 15 feet.
- 4. Parcels with two frontages may reduce one front yard by 10 feet.
- 5. In no instance shall a structure encroach into a required landscape buffer, other than those structures permitted to be located within a landscape buffer, in accordance with LDC provision in effect at the time or permitting."

#### D. Minimum Yards and Buffers (External):

- 1. East Tamiami Trail (US 41): 50-foot setback, except that canopies for gas stations shall maintain a 30-foot setback, provided no gas pumps or pump islands are located closer than 30 feet from the East Tamiami Trail right-of-way. A 20-foot landscape buffer, in accordance with Section 2.12 of this Document and Section 4.06.00 of the LDC, shall be provided along the entire frontage of US 41. In accordance with Subsection 5.05.05D1 of the LDC, should a gasoline service station be developed, a 25 foot wide landscape buffer is required along rights-of-way adjacent to the service station. In no instance shall a structure encroach into a required landscape buffer, other than those structures permitted to be located within a landscape buffer, in accordance with the LDC provisions in effect at the time or permitting.
- E. Minimum Distance Between Non-attached Structures: Fifteen feet (15') or one-half the sum of the building heights, whichever is greater.
- F. Maximum Height: Five stories or fifty feet (50'), whichever is greater, except for hotels, which may be developed up to seventy-five feet (75') in height, as measured in accordance with the LDC definition of the term "building, zoned height of".
- G. Minimum Floor Area: 500 square feet per principal structure, on the finished first floor. Kiosk vendor, concessions, and temporary or mobile sales structures shall be permitted to have a minimum floor area of 25 square feet and shall not be subject to the setback requirements set forth on Paragraph 5.4 C. above; however, in no instance shall a structure encroach into a required landscape buffer, other

- H. than those structures permitted to be located within a landscape buffer in accordance with LDC provision in effect at the time or permitting.
- I. Off-Street Parking and Loading Requirements:

As required by Section 4.05.00 of the LDC in effect at the time of SDP approval.

J. Architectural and Site Design Standards:

Commercial development within this District shall conform with the guidelines and standards of Section 5.05.08 of the LDC or variance. Gray, primary and/or secondary colors shall be permitted as a predominant exterior roof colors. This is a deviation from Subsection 5.05.08C.13.b of the LDC.

#### **SECTION VI**

#### **PRESERVE**

#### 6.1 PURPOSE

The purpose of this Section is to identify permitted uses and development standards for the area within the Sabal Bay MPUD designated on the Master Plan as "P", Preserve.

#### 6.2 GENERAL DESCRIPTION

Areas designated as "P", Preserve on the Master Plan are designed to accommodate conservation, passive recreation and water management uses and functions. The approximate acreage of the Preserve is indicated on the Master Plan. This acreage is based on conceptual designs and is approximate. The configuration of these areas may change due to permitting requirements with the South Florida Water Management District, United States of America Corps of Engineers and other agencies; however, the acreage shall be generally consistent with that shown on the Master Plan. Actual acreages of preserve areas will be provided at the time of SDP or subdivision plat approvals in accordance with Sections 10.02.03 and 10.02.04 of the LDC.

#### 6.3 PERMITTED USES AND STRUCTURES

No building or structure, or part thereof, shall be erected, altered or used, or land or water used, in whole or in part, for other than the following:

- A. Permitted Principal Uses and Structures
  - 1. Upland preserves
  - 2. Wetland preserves
- B. Permitted Accessory Uses and Structures
  - 1. Boardwalks, nature trails, shelters, viewing piers, viewing platforms, educational signs, kiosks, elevated golf cart paths, golf course rough areas, and docks or platforms for launching and mooring or storage of non-motorized vessels utilizing movable storage racks.
  - 2. Water management structures in accordance with Collier County, SFWMD, DEP, and USACOE permitting requirements.

#### 6.4 DEVELOPMENT STANDARDS

- A. Minimum Yard Requirements for Accessory Structures
  - 1. From MPUD or external development tract boundary: Fifteen Feet (15')
  - 2. From internal tract boundary: Ten Feet (10')
  - 3. From lake maintenance easement: Zero Feet (0')

4. Maximum Height of Structures: Twenty-five Feet (25'), except for viewing platforms that may be forty feet (40') seventy-five feet (75')

#### **SECTION VII**

#### **PUBLIC FACILITY**

#### 7.1 PURPOSE

The purpose of this Section is to identify permitted uses and development standards for the area within the Sabal Bay MPUD designated on the Master Plan as "PF", Public Facility. The PF district land is set aside for Collier County School Board to build an elementary or middle school and one acre is set aside for fire, rescue and an EMS site. Should the School Board or Fire District decide that it will not need this land, or a portion of it, then this area may be used for any uses permitted within the R/G Subdistrict, subject to all development standards set forth in R/G Subdistrict.

#### 7.2 GENERAL DESCRIPTION

Areas designated as "PF", on the Master Plan are designed to accommodate an educational facility, and public safety services and facilities. The approximate acreage of the areas designated as "PF", are indicated on the MPUD Master Plan. This acreage is based on conceptual designs and is approximate. Actual acreages of all development tracts will be provided at the time of SDP or subdivision plat approvals in accordance with Sections 10.02.03 and 10.02.04 of the LDC.

#### 7.3 PERMITTED USES AND STRUCTURES

No building or structure, or part thereof, shall be erected, altered or used, or land or water used, in whole or in part, for other than the following:

- A. Permitted Principal Uses and Structures
  - 1. Educational facilities, limited to public elementary or middle school.
  - 2. Educational plant, limited to public elementary or middle school.
  - 3. Safety service facilities, limited to fire stations and EMS facilities.
- B. Accessory Uses

Accessory uses customarily associated with the principal permitted uses.

#### 7.4 DEVELOPMENT STANDARDS

- A. Minimum Yard Requirements:
  - 1. Front Yard: Twenty-five feet (25')
  - 2. Side Yard: Fifty feet (50').
  - 3. Rear Yard: Fifty feet (50').
- <u>C.B.</u> Exterior lighting shall be arranged in a manner, which will protect roadways and residential properties from direct glare or unreasonable interference.

- 1. Maximum height of structures Thirty-five feet (35')
- 2. Minimum distance between principal structures Ten feet (10'), or half the sum of building heights.
- 3. Minimum distance between accessory structures Ten feet (10').
- 4. Minimum off-street parking: Subject to Chapter 4.05.00 of the LDC.

#### SECTION VIII

#### GENERAL DEVELOPMENT COMMITMENTS

#### 8.1 PURPOSE

The purpose of this Section is to set forth the development commitments for the Sabal Bay MPUD.

One entity (hereinafter the Managing Entity) shall be responsible for PUD monitoring until close-out of the PUD, and this entity shall also be responsible for satisfying all PUD commitments until close-out of the PUD. At the time of this PUD approval, the Managing Entity is CDC Land Investments, Inc. Should the Managing Entity desire to transfer the monitoring and commitments to a successor entity, then it must provide a copy of a legally binding document that needs to be approved for legal sufficiency by the County Attorney. After such approval, the Managing Entity will be released of its obligations upon written approval of the transfer by County staff, and the successor entity shall become the Managing Entity. As Owner and Developer sell off tracts, the Managing Entity shall provide written notice to County that includes an acknowledgement of the commitments required by the PUD by the new owner and the new owner's agreement to comply with the Commitments through the Managing Entity, but the Managing Entity shall not be relieved of its responsibility under this Section. When the PUD is closed-out, then the Managing Entity is no longer responsible for the monitoring and fulfillment of PUD commitments.

#### 8.2 GENERAL

All facilities shall be constructed in strict accordance with SDPs, subdivision plats (if required), and all applicable State and local laws, codes, and regulations applicable to this MPUD. Except where specifically noted or stated otherwise, the standards and specifications of Section III, Exhibit "A", Design Requirements for Subdivisions of the Administrative Code for Collier County Construction Standards Manual adopted through Ordinance No. 2004-66 shall apply to this project, even if the land within the MPUD is not to be platted. The developer Owners, its their successors and assigns, shall be responsible for the commitments outlined in this Document

The developer Owners, its their successors or assignee, shall follow the Master Plan and the regulations of the MPUD, as adopted, and any other conditions or modifications as may be agreed to in the rezoning of the property. In addition, any successors or assignee in title to the developer Owners is are bound by the commitments within this Document. These commitments may be assigned or delegated to a condominium/ homeowners' association to be created by the developer Owners. Upon assignment or delegation, the developer Owners shall be released from responsibility for the commitments.

#### 8.3 MPUD MASTER DEVELOPMENT PLAN

- A. Exhibit "A", MPUD Master Plan illustrates the proposed development and is conceptual in nature. Proposed tract, parcel, or land use boundaries, or special land use boundaries shall not be construed to be final, and may be varied at any time at any subsequent approval phase such as subdivision plat or SDP application. Subject to the provisions of Subsection 10.02.13(E) of the LDC, amendments may be made from time to time.
- B. All necessary easements, dedications, or other instruments shall be granted to insure the continued operation and maintenance of all services and all common areas in the project.
- C. The Community Development and Environmental Services Administrator, County Manager or his designee, shall be authorized to approve minor changes and refinements to the Sabal Bay MPUD Master Plan upon written request of the developer Owners, subject to the provisions set forth in LDC Subsection 10.02.13E.

#### 8.4 ENGINEERING

A. Except as noted and authorized as a deviation in this PUD Document, all project development will be consistent with provisions of Sections 10.02.04 and 10.02.03 of the LDC.

#### 8.5 UTILITIES

- A. All County or City water distribution and sewage collection and transmission facilities to serve the project shall be designed, constructed, conveyed, owned, and maintained in accordance with Collier County Ordinance No. 04-51, as amended, and other applicable County or City rules and regulations.
- B. All customers connecting to the water distribution and sewage collection facilities shall be considered to be customers of the County or the City of Naples, as the case may be, and shall be billed by the County or City in accordance with the County's or City's established rates.
- C. The development shall be subject to application for and conditions associated with a water and sewer availability letter from the Collier County Public Works Division, or from the City of Naples Utilities Department, whichever is applicable, in accordance with applicable franchise services boundaries.
- D. The developer Owners shall reserve three requested easements, and associated utility and access easements to connect with a public right-of-way. These sites shall be used for wells (not to exceed 100' by 100' for each site) with a minimum spacing of 500 feet between wells. This conveyance shall occur at the time the

- SDP, or final subdivision approval for the area within the development phase that contains the easement.
- E. The <u>developer Owners</u> shall provide a 10 foot wide utility easement on the development property along both sides of Bayshore Drive, if determined to be needed by Collier County.

#### 8.6 WATER MANAGEMENT

- A. In accordance with the Rules of the South Florida Water Management District, this project shall be designed for a storm event of a 3-day duration and 25-year return frequency.
- B. The developer Owners shall design the water management facilities in accordance with County ordinances, State, and Federal minimum design regulations in effect at the time of submittal of SDPs, or construction plans or plat approvals as the case may be. An analysis of predevelopment pollutant loading and post development pollutant loading in general accordance with the Harvey Harper methodology shall be completed and submitted prior to the issuance of final site development plans or construction plan approvals.
- C. An excavation permit shall be required for the proposed lakes in accordance with Siubsection 22-122(c) of Ordinance 04-55 of Collier County Code of Laws and Ordinances. All lake dimensions shall be approved at the time of excavation permit approval, and shall be consistent with permits issued by the South Florida Water Management District.
- D. Detailed paving, grading and site drainage plans shall be submitted to Engineering Review Services Staff for review and approval. No construction permits shall be issued unless and until approval of the proposed construction in accordance with the approved plans is granted.
- E. This developer Owners shall obtain an Environmental Resource Permit or Early Work Permit from the South Florida Water Management District prior to SDP approval.
- F. The developer Owners shall adhere to the conditions set forth in the September 23, 2003 October 14, 2003 (as amended March 27, 2007, April 22, 2008, and October 27, 2009) Contribution Companion Agreement by and between Collier Land Development, Inc., Collier Development Corporation and Collier County regarding the Lely Area Surface Water Drainage Improvements in order to further the Lely Area Stormwater Improvement Project (LASIP). To further clarify, the applicant's responsibilities are as follows:

- Hamilton Avenue (f.k.a. Fern Street) the applicant will make provisions in the land plan design to continue to allow the current positive outfall, and provide physical maintenance, through the natural flowway portions of the outfall within applicant's property. Collier County will be responsible to provide all on-going physical maintenance of the conveyance within the Hamilton Avenue (f.k.a. Fern Street) right-of-way.
- Avalon Outfall Canal System the applicant will make provision in the land plan design to continue to allow the current positive outfall of this canal by relocating the canal to the westerly property line in that area (as shown on the MPUD Master Plan), construct a uniform canal section, and place it in an 87-foot wide drainage easement, to be purchased by Collier County, which is consistent with previous PUD and ERP approvals. Collier County will be responsible to provide all on-going physical maintenance of the conveyance and easement. Owners agree to provide legal access to Collier County for the purposes of providing said maintenance.

#### 8.7 ENVIRONMENTAL

- A. Buffers shall be provided around wetlands, extending at least fifteen (15) feet landward from the edge of the jurisdictional wetland boundary in all places and averaging twenty-five (25) feet from the edge of the jurisdictional wetland boundary. Where natural buffers are not possible, structural buffers shall be provided in accordance with the State of Florida Environmental Resources Permit Rules.
- B. A preserve area management plan shall be provided to Environmental Services Staff for approval prior to site/construction plan approval, identifying methods to address treatment of invasive exotic species, fire management, and maintenance.
- C. All conservation areas shall be placed under conservation easements with protective covenants per or similar to Section 704.06 of the Florida Statutes.
- D. B. This PUD shall comply with the guidelines of the United States Fish and Wildlife Service (USFWS) and Florida Fish and Wildlife Conservation Commission (FFWCC), and as applicable, Collier County regulations, for impacts to protected species. With respect to the Bald Eagle Management Plan, rRestrictions within bald eagle nest protection buffer zones buffer shall be in accordance with the USFWS South Florida Multi-Species Recovery Plan, May 1999 and Habitat Management Guidelines for the Bald Eagle in the Southeast Region, USFWS 1987, except to the degree that the site specific bald eagle management plan provides for allowance or restrictions that vary from the USFWS South Florida Multi-Species Recovery Plan, May 1999 and Habitat Management Guidelines for the Bald Eagle in the Southeast Region, USFWS 1987 State and Federal

Management guidelines and. Upon receipt of technical assistance from the U.S. Fish & Wildlife Service (USFWS) and the Florida Fish and Wildlife Conservation Commission (FFWCC) all proposed improvements may be required to be removed from the Bald Eagle Primary Nest Protection Zone. may require technical assistance from the USFWS and FFWCC. The listed species documented on the property include American alligator, gopher tortoise, little blue heron, snowy egret, tri-colored heron, white ibis, bald eagle, wood stork, Florida panther, and Florida black bear. A Habitat Management Plan for listed species shall be submitted to Environmental Services Staff for review and approval prior to SDP approval.

- E. This Bald Eagle Management Plan shall be updated to depict the location of new eagles nests, or to remove the location of nests that have been abandoned in the following manner:
  - 1) If the nest is abandoned in accordance with US fish and Wildlife Regulations, the Bald Eagle Management Plan may be administratively updated to eliminate the abandoned nest.
  - If the eagles relocate to a tree that is not located on the subject property and the primary and secondary protection zones of the tree are located entirely outside of any area of the PUD proposed for any type of development; then the bald eagle management plan shall be administratively updated to reflect any of the following: new nest location; new primary zone location; new secondary zone location. If the eagles relocate to a tree and the primary or secondary protection zones of the tree are located on any area of the PUD proposed for any type of development; then the bald eagle management plan shall be amended and shall require a PUD amendment including public hearing before the Environmental Advisory Council (EAC), Collier County Planning Commission (CCPC) and Board of County Commissioners (BCC).
- F. Approximately 60 acres of the project site are identified as an old agricultural operation. Soil sampling within this former agricultural area shall be required at the time development is proposed within these areas. Sampling shall provide soil analysis for herbicides, pesticides and heavy metals. Measures needed to clean up the site shall be addressed prior to site plan/construction plan approval.
- G. A gopher tortoise relocation/management plan shall be submitted for review and approval at the time of final SDP/construction plan submittal, and shall be in accordance with the requirements of LDC. The success of the establishment of gopher tortoises within proposed gopher tortoise preserves shall be studied by an independent (non-governmental) party to document the success of the relocation effort. A copy of the report detailing the study and the results shall be provided to Environmental Services Department Staff.

- HC. In accordance with requests from Rookery Bay National Estuarine Research Reserve (RBNERR) and the Conservancy of Southwest Florida (Conservancy) the Developer Owners agrees to the following:
  - 1. The developer shall establish a surface water hydrology monitoring program, which will include annual reports of said monitoring to be shared with RBNERR. The Collier County Lely Area Stormwater Improvement Project (LASIP) Permit requires water quality monitoring, for some period of time, at the furthest downstream portion of the Lely Canal. During January, 2011, the Owners provided RBNERR a copy of the most recent water quality report for the test locations within the Sabal Bay MPUD. For so long as the LASIP Permit requires water quality monitoring, the Owners will provide a copy of the annual water quality monitoring report to RBNERR. Additional reports may be obtained from SFWMD upon request.
  - 2. The developer Owners shall include a provision in the conservation easement requiring notification to RBNERR and the Conservancy in advance of any changes to the conditions of, and or dedication language set forth in the project's conservation easement. The RBNERR and the Conservancy will be allowed to participate in the discussions of any proposed changes.
  - 3. The developer shall allow the Conservancy to review and comment on the draft master declaration document pertaining to any provisions that will address language to protect and sustain the environmental integrity of the development's preserves.
  - <u>3. 4.</u> In order to minimize environmental impacts to water quality within RBNERR, tThe developer Owners shall do the following: conducting predevelopment water quality testing by an independent laboratory; testing of sediments at the furthest downstream stormwater outfalls for pollutant loading prior to soil disturbance for construction of these outfall locations to assess existing sediment quality; utilizeing water management Best Management Practices (BMP's) during construction to minimize adverse impacts on water quality during development; conducting providing post development water quality monitoring and reporting as set forth in Paragraph 8.7.H.C.1. above; Additionally, the Owners will seek to and, increaseing public awareness by educating residents and the homeowners' association, through the use of signage and take-home information, of the potential damage from stormwater pollution on the environment and the importance of protecting aquatic and terrestrial resources within and nearby the RBNERR. Further, the developer Owners shall erect signage at various locations along the RBNERR boundary, making residents and guests aware of the location and natural resource importance of the estuarine ecosystem and its management. The developer shall include water management Best Management Practices (BMP's) from the

proposed Southwest Florida Basin BMP Matrix rule, with the selection of BMPs based on minimum of two (2) from Group A, two (2) from Group B, and one (1) from Group C, as part of the SFWMD ERP.- The developer will include in the design of the backbone surface water management system, four additional Best Management Practices (BMP's), which includes: 1) extended hydraulic residence time due to increased lake acreage; 2) existing and created wetland areas, incorporated into a treatment train concept, upstream of final discharge; 3) planted filter marshes, incorporated into a treatment train concept, upstream of wetland treatment areas; 4) increased flow path between inflow and outflow through both the planted filter marshes and the wetland treatment areas. These BMP's will be incorporated downstream of the lake system, and prior to final discharge from the system, to provide additional "treatment" or "polishing." Such design will be made part of the development's surface water management plans, to be reviewed and permitted by SFWMD as a part of the ERP application.

- 4.5. The developer Owners shall disclose in the homeowner association documents that the following activities may occur on the adjacent RBNERR lands: exotic plant removal and ongoing maintenance; utilization of prescribed burns as a means of habitat management; controlling illegal dumping; management of access within RBNERR lands, controlling and trapping when necessary, feral, nuisance and domestic animals.
- 5. 6. The two archeological sites determined to be of prehistoric cultural significance (8cr535 and 8cr 227) shall be preserved and the developer Owners shall coordinate with the Florida Division of Historic Resources to minimize any disturbance to these sites during development and as a result of exotic vegetation removal.

#### 8.8 TRANSPORTATION

- A. All traffic control devices, signs, pavement markings and design criteria shall be in accordance with Florida Department of Transportation (FDOT) Manual of Uniform Minimum Standards (MUMS), current edition, FDOT Design Standards, current edition, and the Manual on Uniform Traffic Control Devices (MUTCD), current edition. All other improvements shall be consistent with the LDC.
- B. Arterial level street lighting shall be provided at all access points. Access lighting shall be in place prior to the issuance of the first certificate of occupancy (CO) for the units/square footage that will directly utilize the access.
- C. Access points, including both driveways and proposed streets, shown on the PUD Master Plan are considered to be conceptual. Nothing depicted on any such Master Plan shall vest any right of access at any specific point along any property

frontage. All such access issues shall be approved or denied during the review of required subsequent SDP or final plat submissions. All such accesses shall be consistent with the Collier County Access Management Policy (Res. 01-247), as it may be amended from time to time, and with the Collier County Long range Transportation Plan. The number of access points constructed may be less than the number depicted on the Master Plan; however, no additional access points shall be considered unless a PUD amendment is to be processed.

- D. Site related improvements (as aopposed to system-related improvements) necessary for safe ingress and egress to this project, as determined by Collier County, shall not be eligible for impact fee credits. Site related improvements shall be in place by phase, and available for access, prior to the issuance of the first CO for that phase.
- E. Road impact fees shall be paid in accordance with Ordinance 01-13, as amended, and section Chapter 6.02 and Section 10.02.07 of the LDC, as it may be amended.
- F. All work within Collier County rights of way or public easements shall require a right-of way permit.
- G. All proposed median opening locations shall be in accordance with the Collier County Access Management Policy (Resolution 01-247), as it may be amended, and the LDC, as it may be amended. Collier County reserves the right to modify or close any median opening existing at the time of approval of this PUD which is found to be adverse to the health, safety and welfare of the public. Any such modifications shall be based on, but are not limited to, safety, operational circulation, and roadway capacity.
- H. Nothing in any development order shall vest a right of access in excess of a right in/right out condition at any access point. Neither shall the existence of a point of ingress, a point of egress or a median opening, nor the lack thereof, be the basis for any future cause of action for damages against the County by the developer, its successor in title, or assignee.
- I. All internal roads, driveways, alleys, pathways, sidewalks and interconnections to adjacent developments shall be operated and maintained by an entity created by the developer and Collier Country shall have no responsibility for maintenance of any such facilities.
- J. If any required turn lane improvement requires the use of existing County rights of way or easements, compensating right of way, shall be provided without cost to Collier County as a consequence of such improvement.
- K. If, in the sole opinion of Collier County, a traffic signal, or other traffic control device, sign or pavement marking improvement within a public right-of-way or

easement is determined to be necessary, the cost of such improvement shall be borne by the developer.

- A. L. The development shall abide by Section 6.02.00 02 of the LDC in regards to Transportation Demand Management (TDM) strategies required for a project that is located within and affects a Transportation Concurrency Exemption Area (TCEA).
- B. The Owners, their successors or assigns, agree that the southwest connection to US-41 across from St. Andrews Boulevard will be at the sole discretion of FDOT and shall align with the existing St. Andrews Boulevard. Upon connection to this signalized intersection, the Owners, their successors, or assigns shall assume sole financial responsibility for intersection improvements relating to the use of this intersection by this development. This shall include, but not be limited to, the following:
  - i. Any increase in the storage capacity of the northwest-bound left turn lane(s) approaching the signal constructed at the time of connection.
  - ii. Design, purchase, and installation of any physical intersection improvements including a mast arm, signal head(s), pedestrian signal heads, and any signal controller(s) that are necessary to accommodate this developments connection to the signal.
  - iii. County or FDOT's cost(s) for setup and modification of intersection controls including a mast arm, signal head(s), pedestrian signal heads, and any related signal timing changes that are necessary to accommodate each phase of this development. The Owners, their successors, or assigns agree to reimburse the FDOT or the agency maintaining the traffic signal within 90 days of the agency's request.
  - iv. Correction of any non-ADA compliant features within the Public Right-of-Way at all four quadrants of this intersection to become compliant with the then-current Americans with Disabilities Act requirements."
- C. The Owners, their successors or assigns, agree that at the St. Andrews Boulevard access, they will maintain a throat distance of at least 200 feet as measured from the edge of pavement of U.S. 41 to the closest point of any gate or gatehouse.
- D. The Owners, their successors or assigns, agree that the project's main residential access on U.S. 41 may be a signalized intersection if approved by FDOT. The Owners, their successors or assigns shall assume sole financial responsibility for intersection improvements relating to the use of this intersection by this development. This shall include, but not be limited to, the following:
  - i. Design, purchase, and installation of intersection improvements including mast arm(s), signal head(s), pedestrian signal heads, and any signal controller(s) that are necessary to accommodate this development's connection to the signal.
  - ii. Any additional signal timing adjustments directly related to this development's traffic shall also remain the financial responsibility of this development, in perpetuity.
  - iii. Design, purchase, and installation of ADA compliant items within the public right-of-way.

#### 8.9 ADDITIONAL COMMITMENTS

- A. Prior to the issuance of the 400<sup>th</sup> certificate of occupancy for a single family home, Tthe developer Owners, their successors or assigns shall provide a minimum of one playground, for use by residents and their guests, meeting ASTM design guidelines.
- B. The developer Owners, their successors or assigns shall install a pathway along the lake where the lake fronts Thomasson Drive and shall provide a minimum of three benches for public use <u>for</u> this portion of lake-frontage <u>at the time development occurs adjacent to the lake.</u>

#### 8.10 AFFORDABLE/WORKFORCE HOUSING COMMITMENTS

- A. The developer, or its successors or assigns, shall pay the sum of \$1,000.00 to the Collier County Affordable Housing Trust Fund for each residential unit not located within Tracts RG8, C/O1 and C/O2. The payment shall be made within seven (7) days on the closing of the residential unit.
- B. The developer or its successors or assigns shall pay the sum of fifty cents (\$0.50) for each square foot of retail development constructed on the property, excluding Tracts C/O1 and C/O2, to the Collier County Affordable Housing Trust Fund within seven (7) days of the improvement receiving a CO.
- C. The payment of the sums set forth in the Section shall satisfy any obligations of the project to pay linkage fee, or similar types of fees should an ordinance establishing such fees be adopted by the Board of County Commissioners in the future.

## ALL OF SECTION 25 AND PART OF SECTIONS 23, 24, 26 AND 36, TOWNSHIP 50 SOUTH, RANGE 25 EAST, AND PART OF SECTION 19 TOWNSHIP 50 SOUTH, RANGE 26 EAST, COLLIER COUNTY, FLORIDA

(Containing 2,416.49 Acres ±) Sabal Bay P.U.D. Boundary

All of Section 25 and part of Sections 23, 24, 26 and 36, Township 50 South, Range 25 East, and part of Section 19 Township 50 South, Range 26 East, Collier County, Florida and being more particularly described as follows;

Beginning at the Northeast Corner of Section 25, Township 50 South, Range 25 East, Collier County, Florida;

Thence along the East Line of Said Section 25 South 00°22'18" West 2,687.69 feet;

Thence continue along the east line of said Section 25 South 00°20'37" West 2,685.56 feet to the Southeast Corner of said Section 25;

Thence along the East line of Section 36 South 00°19'56" West 1,518.00 feet;

Thence North 87°28'51" West 5,326.38 feet;

Thence North 00°14'25" East 1,254.17 feet to the North West Corner of Said Section 36;

Thence along the south line of Section 26 South 89°32'22" West 2,696.15 feet;

Thence continue along the South line of Said Section South 89°29'09" West 2,696.69 feet to the Southwest corner of said Section 26;

Thence along the West line of said Section 26 North 00°22'46" East 2,689.10 feet;

Thence continue along the West line of said Section 26 North 00°22'20" East 2,690.20 feet to the Northwest Corner of Said Section 26;

Thence along the West Line of Section 23 North 00°06'08" West 1345.66 feet;

Thence continue along the West line of Said Section 23 North 00°07'16" West 693.72 feet;

Thence North 89°29'07" East 469.67 feet;

Thence North 00°04'49" West 453.06 feet;

Thence North 89°30'33" East 916.44 feet;

Thence North 00°31'29" West 567.34 feet;

Thence North 89°27'53" East 300.00 feet;

Thence South 00°32'07" East 60.00 feet;

Thence North 89°28'59" East 980.33 feet to the West line of the plat of Naples Groves and Truck Co's Little Farms No 2 (Lots 67-69), as recorded in Plat Book 1, Page 27, Public Records of Collier County, Florida.

Thence along said West line South 00°46'37" East 308.52 feet;

Thence continue along said West line South 00°40'46" East 673.87 feet to the Northwest Corner of Lot 70, of said Naples Groves and Truck Co's Little Farms No 2;

Thence along the North line of Said Lot 70 North 89°27'07" East 1,322.10 feet to the North East Corner of Said Lot 70;

Thence along the East line of Said Lot 70 and Lot 71 of said Plat South 00°43'14" East 674.00 feet to the Southeast corner of Said Lot 71;

Thence along the South line of Said Lot 71 South 89°28'25" West 1,322.26 feet to the Southwest corner of said Lot 71;

Thence along the West line of Said Plat South 00°42′15" East 1,347.80 feet;

Thence continue along said West line South 00°20'27" West 1,344.53 feet to the Southwest corner of Lot 79 of said plat;

Exhibit B
Page / of 2

Thence along the South line of Said Lot 79 North 89°31'43" East 1,346.87 feet to the fractional corner of said Section 26 being the Northwest corner of the Northwest Quarter of the Southeast Quarter of the Northeast Quarter of Said Section 26:

Thence along said fractional line South 00°19'29" West 671.99 feet to the Southwest corner of said fractional quarter;

Thence along the south line of said fractional Quarter North 89°31'42" East 673.39 feet to the Northwest corner of Lot 81 of Said Naples Grove and Truck Co's Little Farms No. 2;

Thence along the west line of said Lot 81 South 00°12'23" West 672.16 feet to the Southwest corner of said Lot 81:

Thence along the south line of said Lot North 89°31'43" East 672.16 feet to the East line of Said Lot and the East line of said Section 26;

Thence along the East line of said Section 26 North 00°19'29" East 2,688.11 feet to the Northeast corner of said Section 26:

Thence along the East line of said Section 23 North 00°42'49" West 1,351.04 feet to the southeast corner of Lot 91 of said Naples Groves and Truck Co's Little Farms No 2.

Thence along the South line of said Lot 91 South 89°27'26" West 1,320.61 feet;

Thence along the west line of Said Lot 91 North 00°47'37" West 337.27 feet;

Thence along the North line of said Lot 91 North 89°30'57" East 1,320.45 feet to the east line of said Section 23:

Thence along the East line of Said Section North 00°44'44" West 1,011.86 feet;

Thence Continue along said East line North 00°34'32" West 752.45 feet to the Southwest corner of that land described in Official Record Book 1027, page 678, Public Records of Collier County, Florida;

Thence along the South line of said Land North 89°31'59" East 1,289.77 feet;

Thence along the East line of said Land North 00°42'37" West 1,890.79 feet to the south Right of Way Line of Thomasson Drive (100 Right Of Way);

Thence along said Right of Way Line North 89°35'12" East 1399.52 feet;

Thence continue along said Right of Way line North 89°35'12" East 2855.89 feet to an intersection with the westerly Right of Way line of US 41 (Tamiami Trail) (State Road No. 90);

Thence along said Right of Way of US41 of South 39°03'59" East 1266.82 feet;

Thence continue along said Right of Way South 39°03'59" East 5,465.08 feet to a point at the intersection of said westerly Right of Way and the South line of Section 19, Township 50 South, Range 26 East, Collier County, Florida;

Thence along the South line of said Section 19 South 88°13'29" West 1,636.98 feet;

Thence continue along said South line South 88°23'16" West 2,491.52 feet to the POINT OF BEGINNING.

Less and excepting there from the waters of Tide Creek located on the west line of Section 23.

Subject to easements and restrictions of record.

Containing 2,416.49 acres more or less.

Bearings are based on the North Line of Section 19 being North 89°42'24"East - Florida State Plane - East Zone 83-90 Adjustment

Not valid unless embossed with the Professionals Seal

#### Exhibit "C"

#### List of Deviations

## (PREVIOUSLY APPROVED DEVIATIONS 1 – 8 IN ACCORDANCE WITH ORDINANCE 05-59 TO STILL REMAIN IN EFFECT)

**Deviation 1:** LDC Section 6.06.01(O) and LDC Appendix B, in order to allow 50 feet of right-of-way for local roads rather than the required 60-foot width (throughout).

**Deviation 2:** LDC Section 6.06.01(J), to allow cul-de sacs in excess of 1,000 feet the MPUD (throughout).

**Deviation 3:** In accord with LDC Section 10.02.04.A.3, Section 2-12 of the Collier County Code of Ordinances, Exhibit "A", Design Requirements for Subdivisions C.17.j of the Administrative Code for Collier County Construction Standards Manual, formerly LDC Section 3.2.8.4.16.10 (Section III P. 10 of the proposed Construction Standards Manual) to allow reverse curves without tangents (throughout).

**Deviation 4:** LDC Section 5.03.02B to allow perimeter fences or walls to be permitted at 8 feet on top of a 4 foot berm, formerly approved as a height of eight feet (8') as measured from the finished grade of the ground at the base of the fence or wall, and modified at staff's request.

**Deviation 5**: LDC Section 5.06.02.B.6., formerly Section 5.06.04 A. 6. (b.) to allow a maximum of two ground or wall entrance signs shall be allowed at the entrance to each individual residential tract and shall be limited in size to 60 square feet each (rather than the combined size permitted in the LDC of 64 square feet) and shall not exceed a height of 6 feet as measured from finished grade.

**Deviation 6:** LDC Sections 5.06.02 and 5.06.04, formerly Chapter 5.06.05 to allow entrance signs up to 120 square feet. Two ground signs shall be permitted for each project entrance (on US 41, Thomasson Drive and Bayshore Drive), and shall be allowed in addition to other signage allowed by Chapter 5.06.00, of the LDC. Each of these permitted signs shall be limited to 120 square feet in area and shall only contain the name of the project or any major use, insignia or motto of the entire development, and the developer's owners' name and logo and shall be architecturally compatible with the landscape buffer along the project boundaries and the common architectural theme of the entire project.

**Deviation 7:** LDC Section 4.05.04, to allow parking for uses and structures constructed in the Recreation/Village Center to be reduced by up to 25% of the applicable LDC parking requirements, should such a reduction be deemed to be warranted through the development and submission of a shared parking analysis submitted with the SDP application. Parking requirements shall be determined utilizing the modal splits and parking demands for various uses recognized by Institute of Traffic Engineers (ITE), Urban Land Institute (ULI) or other sources or studies. The analysis shall demonstrate the number of parking spaces available to more than one use or function, recognizing

the required parking area will vary depending on the multiple functions or uses in close proximity which are unlikely to require the same spaces at the same time. The shared parking analysis methodology shall be determined and agreed upon by the County Transportation Growth Management Staff and the developer owners during the SDP pre-application meeting. The shared parking analysis shall use the maximum square footage of uses proposed by the SDP application.

**Deviation 8:** LDC 5.05.08.C.13.b., formerly Section 5.05.iii.(a) to allow gray primary and/or secondary colors to be permitted as a predominant exterior roof color. See Section 5.4.J. of the MPUD document.

#### **NEW DEVIATIONS:**

Deviation 9 seeks relief from LDC Section 6.06.01(O) and LDC Appendix B in order to allow, in specific cases where private, internal development roadways cross wetland or upland preserves, the Owners request additional flexibility to reduce the required ROW width below the current 50-foot minimum to a width of no less than 40 feet. This deviation would allow the Owners to minimize impacts to potential wetland or upland preserves while maintaining accessibility throughout the site.

Deviation 10 seeks relief from LDC Section 6.06.02.A which requires arterial and collector roads to provide a six-foot sidewalk on both sides of the street. The applicant requests the ability for all privately and/or CDD owned roadways internal to the Sabal Bay development to provide a minimum five-foot sidewalks on both sides of all streets or a minimum ten-foot wide pathway on one side of the street which may meander in and out of the right-of-way. Since the development is planned for an internal pathway system, this is a reasonable deviation.

Deviation 11 seeks relief from LDC Section 4.06.02 which requires a Type B buffer between single family and multi-family uses. Specifically, the applicant requests that no buffer be required between these uses when a water body separates the two uses. Requiring the installation of a buffer in these areas would inhibit the lake views for both single family and multi-family residences.

Deviation 12 seeks relief from LDC Section 4.06.05. J which requires that rip-rap treatment for those areas that have a slope no steeper than 2:1, but steeper than 3:1, be limited to 30 inches in height, and be limited to 200 square feet sections or solely used in rapid flow water management areas. Specifically, this deviation requests to allow rip-rap treatment along the backslope of certain roadway crossings adjoining preserves on one side or more in order to minimize impacts to potential wetland and upland preserves, as well as allow the use of rip-rap stabilization for elevations up to a height of 36 inches. Approval of this deviation will allow the owners to minimize impacts to potential wetland and upland preserve areas by minimizing the development footprint, subsequently reducing the total amount of wetland impacts required to develop the subject Project. Since the suggested roadways will be low-speed, low-volume and limited in length, this is a reasonable deviation.

<u>Deviation 13 seeks relief from LDC Section 5.05.04.D.1 which allows a maximum floor area ratio of 0.45 for care units, assisted living units, continuing care retirement</u>

communities, nursing homes, and dwelling that are part of an aging-in-place living environment. Market studies on the desires of people moving into these types of facilities have shown that a larger unit is often desired. In order to offer a competitive product that is marketable to an aging sector, the applicant requests a maximum floor area ration of 0.60 which is similar to other approved continuing care retirement communities in this area.

<u>Deviation 14</u> seeks relief from LDC Sections 5.06.02 and 5.06.04 to allow entrance signs up to 120 square feet. This previously approved deviation is requested to add the entrance signs to be located on Hamilton Avenue as previously approved for the entrances on U.S. 41, Thomasson Drive, and Bayshore Drive.

Deviation 15 seeks relief from LDC Section 5.03.02 to allow fences or walls separating commercial uses from residential areas to be permitted at a height of up to eight feet (8') on top of a berm of up to four feet (4') in height. This is needed since much of the land within the MPUD is low-lying and given that appropriate buffering is needed between different land uses. This deviation will benefit the public welfare by allowing for enhanced buffering.

## DESCRIPTION

ALL THAT PART OF SECTION 24, TOWNSHIP 50 SOUTH, RANGE 25 EAST, AND ALL THAT PART OF SECTION 19, TOWNSHIP 50 SOUTH, RANGE 26 EAST, COLLIER COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS: COMMENCING AT THE NORTHEAST CORNER OF SAID SECTION 24:

THENCE ALONG THE EAST LINE OF SAID SECTION 24 SOUTH 00°14'17" WEST 173.15 FEET TO THE POINT OF BEGINNING OF THE PARCEL HEREIN DESCRIBED; THENCE LEAVING THE EAST LINE OF SAID SECTION 24 ALONG THE SOUTHWEST RIGHT OF WAY LINE OF TAMIAMI TRAIL (U.S. 41) SOUTH 39'04'27" EAST

THENCE LEAVING SAID RIGHT OF WAY LINE SOUTH 03'07'44" WEST 210.69 FEET: THENCE SOUTH 50'55'33" WEST 114.02 FEET;

THENCE SOUTH 39'04'27" EAST 228.02 FEET;

THENCE NORTH 50'55'33" EAST 255.55 FEET TO A POINT ON THE SOUTHWEST RIGHT OF WAY LINE OF SAID TAMIAMI TRAIL (U.S. 41);

THENCE ALONG SAID RIGHT OF WAY LINE SOUTH 39"04'27" EAST 81,00 FEET:

THENCE LEAVING SAID RIGHT OF WAY LINE SOUTH 50'55'33" WEST 449,00 FEET:

THENCE SOUTHWESTERLY 4.39 FEET ALONG THE ARC OF A CIRCULAR CURVE CONCAVE TO THE SOUTHEAST HAVING A RADIUS OF 8.00 FEET THROUGH A CENTRAL ANGLE OF 31"26'25" AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 35'12'20" WEST 4.34 FEET: THENCE SOUTH 1929'07" WEST 4.70 FEET;

THENCE SOUTHWESTERLY 28.53 FEET ALONG THE ARC OF A CIRCULAR CURVE CONCAVE TO THE NORTHWEST HAVING A RADIUS OF 52.00 FEET THROUGH A CENTRAL ANGLE OF 31'26'25" AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 35'12'20" WEST 28.18 FEET: THENCE SOUTH 50'55'33" WEST 17.08 FEET:

THENCE WESTERLY 11.10 FEET ALONG THE ARC OF A CIRCULAR CURVE CONCAVE TO THE NORTH HAVING A RADIUS OF 20.00 FEET THROUGH A CENTRAL ANGLE OF 31'47'18" AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 66'49'13" WEST 10.95 FEET:

THENCE SOUTH 50'55'33" WEST 99.61 FEET: THENCE NORTH 74'11'12" WEST 586.65 FEET:

THENCE WESTERLY 119.05 FEET ALONG THE ARC OF A CIRCULAR CURVE CONCAVE TO THE SOUTH HAVING A RADIUS OF 138.50 FEET THROUGH A CENTRAL ANGLE OF 49'15'00" AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 81'11'21" WEST 115.42 FEET TO A POINT OF REVERSE CURVATURE; THENCE WESTERLY AND NORTHWESTERLY 216.74 FEET ALONG THE ARC OF A CIRCULAR CURVE CONCAVE TO THE NORTH HAVING A RADIUS OF 135.50 FEET THROUGH A CENTRAL ANGLE OF 91°38'52" AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 77'36'43" WEST 194.36 FEET; THENCE NORTH 31'47'17" WEST 59.53 FEET:

THENCE NORTHWESTERLY 41,47 FEET ALONG THE ARC OF A CIRCULAR CURVE CONCAVE TO THE SOUTHWEST HAVING A RADIUS OF 38.50 FEET THROUGH A CENTRAL ANGLE OF 61'43'19" AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 6238'56" WEST 39.50 FEET TO A POINT

THENCE SOUTHWESTERLY 42.52 FEET ALONG THE ARC OF A CIRCULAR CURVE CONCAVE TO THE NORTHWEST HAVING A RADIUS OF 810.00 FEET THROUGH A CENTRAL ANGLE OF 03'00'28" AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 62'48'46" WEST 42.52 FEET; THENCE NORTH 25'41'00" WEST 120.00 FEET:

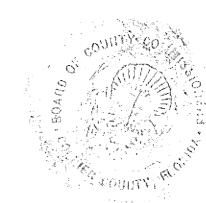

THENCE WESTERLY AND NORTHWESTERLY 777.35 FEET ALONG THE ARC OF A CIRCULAR CURVE CONCAVE TO THE NORTH HAVING A RADIUS OF 690.00 FEET THROUGH A CENTRAL ANGLE OF 64'32'58" AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 83'24'31" WEST 736.89 FEET; THENCE NORTH 51'08'02" WEST 1350,48 FEET:

THENCE NORTHWESTERLY 161.72 FEET ALONG THE ARC OF A CIRCULAR CURVE CONCAVE TO THE SOUTHWEST HAVING A RADIUS OF 840.00 FEET THROUGH A CENTRAL ANGLE OF 11'01'50" AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 5638'57" WEST 161.47 FEET TO A POINT ON THE SOUTH RIGHT OF WAY LINE OF THOMASSON DRIVE:

THENCE ALONG SAID RIGHT OF WAY LINE NORTH 89'35'35" EAST 26.43 FEET; THENCE CONTINUE ALONG SAID RIGHT OF WAY LINE NORTH 89'42'30 EAST 2587.54 FEET TO THE RIGHT OF WAY OF SAID U.S. 41 SOUTH; THENCE SOUTH SOUTH 39°04'27" EAST 157.97 FEET TO THE POINT OF BEGINNING OF THE PARCEL HEREIN DESCRIBED;

SUBJECT TO EASEMENTS AND RESTRICTIONS OF RECORD CONTAINING 61.85 ACRES MORE OR LESS

BEARINGS ARE BASED ON THE EAST LINE OF SAID SECTION 24 BEING SOUTH 00'14'17" WEST.

## DEDICATION

STATE OF FLORIDA

COUNTY OF COLLIER

KNOW ALL MEN BY THESE PRESENTS THAT COLLIER LAND DEVELOPMENT, INC. AND TRACT H DEVELOPMENT, INC., THE OWNERS OF THE LAND DESCRIBED HEREON HAS CAUSED THIS PLAT ENTITLED "SABAL BAY COMMERCIAL PLAT - PHASE ONE" A SUBDIVISION IN PART OF SECTION 24, TOWNSHIP 50 SOUTH, RANGE 25 EAST, AND SECTION 19, TOWNSHIP 50 SOUTH, RANGE 26 EAST, COLLIER

1. TO THE SABAL BAY COMMERCIAL SITE PROPERTY OWNERS ASSOCIATION, INC.:

COUNTY, FLORIDA, TO BE MADE AND DO HEREBY DEDICATE THE FOLLOWING:

A) ALL SIGN, LANDSCAPE (L.E.) AND MAINTENANCE EASEMENTS (M.E.) WITH RESPONSIBILITY

B) ALL LANDSCAPE BUFFER EASEMENTS (L.B.E.) FOR LANDSCAPE PURPOSES, WITH RESPONSIBILITY FOR MAINTENANCE.

C) ALL DRAINAGE EASEMENTS (D.E.) INDICATED ON THE PLAT FOR DRAINAGE AND STORMWATER MANAGEMENT PURPOSES, INCLUDING INSTALLATION AND MAINTENANCE OF

THOSE RESPECTIVE FACILITIES, WITH THE RESPONSIBILITY FOR MAINTENANCE. D) ALL ACCESS EASEMENTS (A.E.) INDICATED ON THE PLAT FOR ACCESS, NOT INCLUDING THOMASSON

DRIVE AND XERIX LANE, WITH RESPONSIBILITY FOR MAINTENANCE.

E) ALL GRAVITY SEWER LINES AND LIFT STATION IN SABAL BAY COMMERCIAL PLAT PHASE ONE ARE PRIVATELY OWNED AND MAINTAINED BY SABAL BAY COMMERCIAL SITE PROPERTY OWNERS ASSOCIATION, INC. F) ALL PRIVATE UTILITY EASEMENTS WITH RESPONSIBILITY FOR MAINTENANCE OF GRAVITY SEWER SYSTEM AND

LIFT STATION FOR THE PURPOSE OF INSTALLATION AND MAINTENANCE OF THEIR FACILITIES. TO THE COLLIER COUNTY WATER-SEWER DISTRICT: A) ALL COUNTY UTILITY EASEMENTS (C.U.E.) INDICATED ON THE PLAT FOR THE PURPOSE OF PROVIDING AND MAINTAINING WATER AND SEWER SERVICE

WITHOUT RESPONSIBILITY FOR MAINTENANCE. B) ALL POTABLE WATER DISTRIBUTION LINES CONSTRUCTED WITHIN THE PLATTED AREA UPON ACCEPTANCE OF THE IMPROVEMENTS REQUIRED BY

THE APPLICABLE LAND DEVELOPMENT REGULATIONS. C) ALL SEWER FACILITIES AND THE SEWER FORCE MAIN CONSTRUCTED WITHIN THE PUBLIC RIGHT OF WAY AND COUNTY UTILITY EASEMENT UPON THE ACCEPTANCE OF THE IMPROVEMENTS REQUIRED BY THE APPLICABLE LAND DEVELOPMENT REGULATIONS.

3. TO COLLIER COUNTY:

A) ALL DRAINAGE EASEMENTS (D.E.) WITHOUT RESPONSIBILITY FOR MAINTENANCE.

B) ALL ACCESS EASEMENTS (A.E.) WITHOUT RESPONSIBILITY FOR MAINTENANCE.

C) TRACT "R" (THOMASSON DRIVE AND XERIC LANE)
AS A PUBLIC ROAD RIGHT OF ROADWAY, (R.O.W.) SUBJECT TO THE EASEMENTS DEPICTED HEREIN, WITH RESPONSIBILITY FOR MAINTENANCE.

4. TO COLLIER COUNTY AND THE COLLIER COUNTY WATER-SEWER DISTRICT: A) ALL COUNTY UTILITY EASEMENTS (C.U.E.) AND TRACT "R", FOR THE PURPOSE OF INSTALLATION AND MAINTENANCE OF THEIR FACILITIES WITH RESPONSIBILITY FOR MAINTENANCE.

5. A NON-EXCLUSIVE PUBLIC UTILITY EASEMENT (P.U.E.) TO ALL LICENSED OR FRANCHISED PUBLIC OR PRIVATE UTILITIES AS SHOWN ON THIS PLAT FOR PUBLIC UTILITY PURPOSES, INCLUDING CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION OF THEIR RESPECTIVE FACILITIES, INCLUDING CABLE TELEVISION SERVICES, PROVIDED THAT SUCH USES BE SUBJECT TO. AND NOT INCONSISTENT WITH, THE USE BY THE COLLIER COUNTY WATER-SEWER DISTRICT. IN THE EVENT A CABLE COMPANY DAMAGES THE FACILITIES OF ANOTHER PUBLIC UTILITY, IT WILL BE SOLELY RESPONSIBLE FOR SAID DAMAGES.

## Multifamily Experience

### Springs Experience

In the late 1980's and early 1990's, Continental Properties developed two apartment communities in the Milwaukee area. Applying the lessons learned from these first two communities, Continental created a comprehensive plan to become a national developer, owner and operator of apartments. This planning eventually resulted in the creation of the nationally branded Springs apartment communities. Continental broke ground on the first Springs community in July of 2001 in Bradenton, Florida. Between that time and today, Continental has developed 64 multifamily communities in 18 states, totaling more than 17,300 apartment homes.

With the growth of its apartment portfolio, Continental invests significant resources in personnel and systems to optimize performance. Each property is managed by a team of on-site professionals supported by specialists at our home office in operations, accounting, IT, training, marketing and other fields. Continental's industry-leading market research group enables the organization to continually evaluate over 360 metropolitan areas nationally in order to select the best possible markets for new project development. Leveraging in-house development, design, construction and operation teams, Continental can work with municipalities in selected markets and address the evolving needs of the Springs customers.

### Development Criteria

Continental's development activities begin with extensive market research. Utilizing both internal and external resources, Continental's market research group identifies metropolitan areas offering the greatest development potential. Each market is evaluated on three key metrics:

- 1) Market ratings by outside institutions such as MPF Research, Brookings, and Milliken.
- 2) Key economic indicators such as current and historical employment growth data, unemployment rate variance, economic diversity, household/population growth and home price index trend.
- 3) Multifamily indicators such as vacancy rates, vacancy rate change, construction permits, home ownership rate, percentage of population between ages 20-34, projected population growth and median household income.

Once a market is targeted, Continental's development team searches for suitable sites, works with landowners to negotiate land purchases, and obtains government approvals and permits.

#### SPRINGS

#### Experience & Top Property Management Professionals

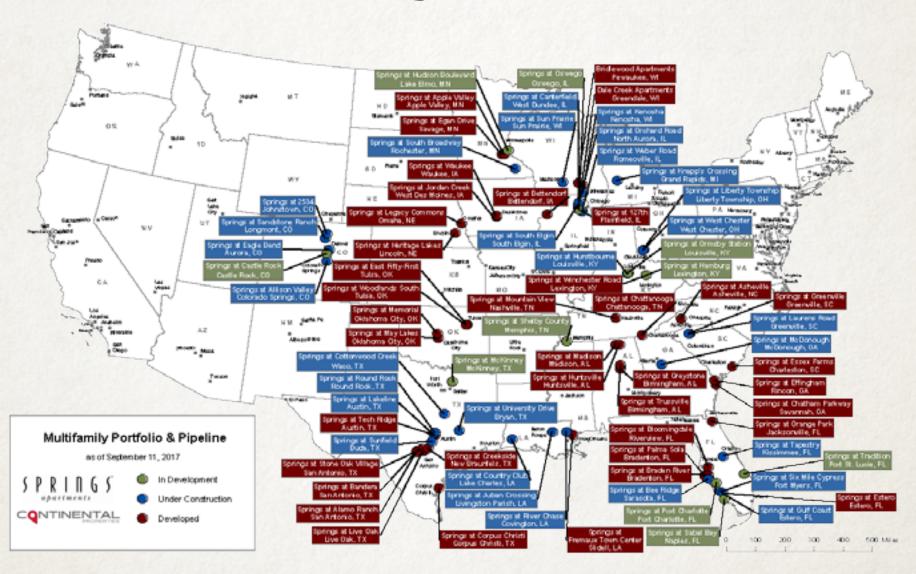

Springs Apartments offer an attractive housing option. Most communities feature studio, one, two and three bedroom apartment homes. Each community offers a community clubhouse, resort-style swimming pool, fitness center, pet playground, townhomestyle private entries and attached garages. Coupled with unique amenities such as a car care center and pet spa area, the Springs creates the best in suburban living. The vertical and horizontal articulation along with the color palette of the buildings and the landscaping of the community compliment the surrounding area. Innovative interior space planning showcases practicality, privacy and peace of mind.

Continental employs top professionals in the multifamily industry to provide Springs residents with personal attention and world-class service. Customer service distinguishes Springs from the competition by promoting resident satisfaction and retention, setting new standards for the apartment industry. Many of our Property Management Teams, communities and associates have received national and local awards from the National Apartment Association.

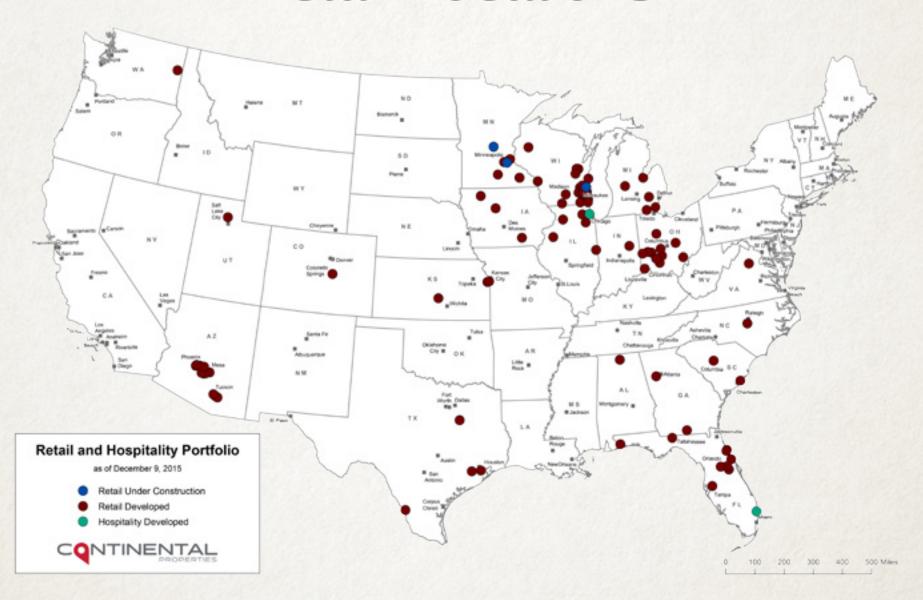

Continental Properties believes that every Springs project is a long-term investment for the company and for the local communities. As a result of a thorough design process and a highly professional approach to property management, Springs communities are very well received by these communities.

## Development

Throughout our history, Continental has succeeded in meeting investor and municipal expectations through meticulous attention to detail. When developing in a new market, we take a very proactive approach working with each municipality early on to explain our Springs concept and seek community input in formulating our development plans. We hold neighborhood meetings during the development process to ensure these external stakeholders have input in the Springs community. Through neighborhood and municipal process, we endeavor to incorporate this input into our plans to better blend into the fabric of each community. Our collaborative approach through development helps to build relationships with neighbors and municipalities throughout the entitlement process. This makes us a unique developer. As long-term members of the communities we serve, these initial entitlement relationships are continued by our property management group. Our successful track record is the result of a professional approach to all phases of the development process – from site selection, permitting, construction, financing and on-site property management.

Continental Properties continually seeks a diversity of projects, tenants, and geographic locations. Our current multifamily development strategy emphasizes the development of suburban townhome-style apartment communities on the best sites in the strongest sub-markets, with excellent supply and demand fundamentals.

### About Us

Continental Properties Company, Inc. is a Milwaukee-based developer of apartment, retail and hospitality properties with operations throughout the United States. Privately held throughout its history, Continental Properties has grown from a small real estate company to a major presence in the development industry. Headquartered in Menomonee Falls, Wisconsin, Continental Properties' wealth of professional staff and financial resources, creative thinking and industry insight are the tools employed to create attractive and successful developments that benefit our tenants and enhance the communities we serve.

Continental Properties developed its first Springs apartment community in 2001 and has developed 18,579 multifamily apartment homes in 68 communities in 18 states since that time. In addition, the company has developed over 14 million square feet of retail buildings during its history. Continental Properties has worked with some of the country's largest retailers including Wal-Mart, Kohl's, Sears and many others, and currently has a portfolio including more than 150 retail projects. In its 38 year history, Continental Properties has also developed/owned 471 rooms in 2 hotels.

The Continental Creed, the definition of our core values and approach to business is as follows:

#### **Our Creed**

We are a diverse group of professionals sharing an uncompromising commitment to the highest standards of ethics and integrity in all of our dealings and in our respect for others - our co-workers, our customers and our vendors.

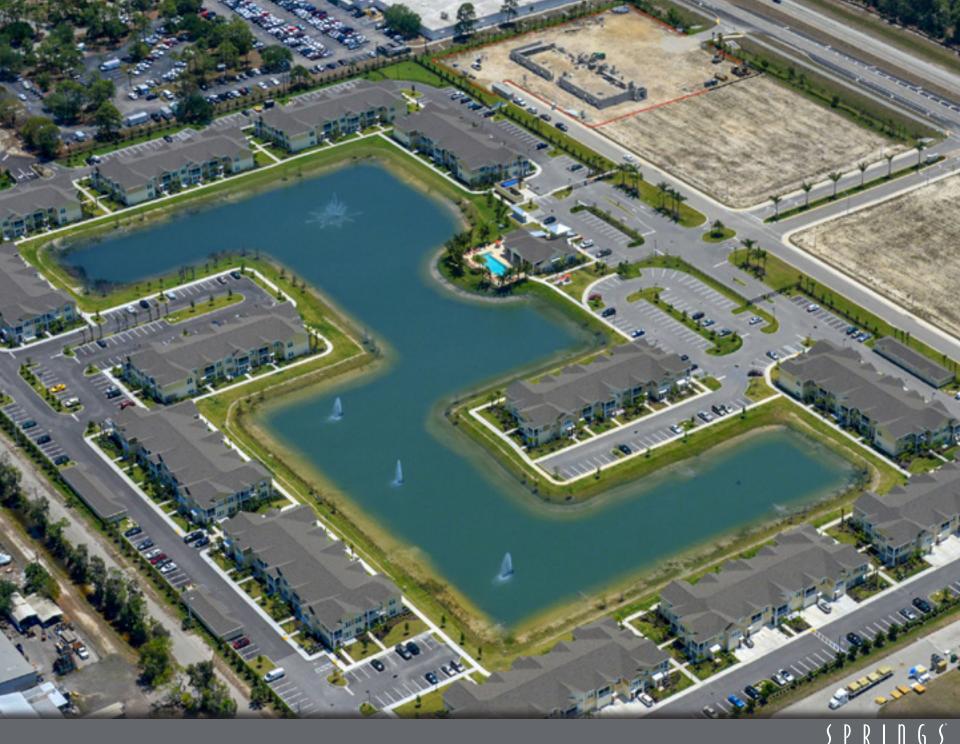

We are committed to providing unparalleled value to our customers by performing our work better than it is performed anywhere else and better than we have ever done it before.

We accomplish our objectives through an eagerness to embrace change and an unwavering dedication to teamwork, fair dealing, superior thinking, economy and hard work.

We are committed to creating opportunities for others by serving as a magnet for the best and the brightest who share our values while offering new perspectives and creativity generated from diverse experiences and interests.

# LEADERSHIP TEAM

### James H. Schloemer, Chairman of the Board & Chief Executive Officer

Jim, Continental's founder, is responsible for Continental's vision and strategy. Under his stewardship, Continental has grown into a major presence in the real estate development industry. Jim has been active in real estate development and investment since 1977. In 1979, he cofounded Continental and has been its senior officer since that time. During its 38-year history, Continental has built a diversified portfolio of outstanding retail, apartment, and hospitality real estate across the United States.

### Daniel J. Minahan, Member of the Board, President & Chief Operating Officer

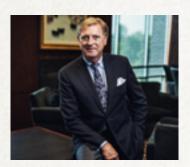

Dan oversees Continental's real estate development and operations initiatives. He joined Continental in 1996 as its Chief Operating Officer and became its President in 2001. Prior to joining Continental, he was an attorney at the Milwaukee law firm of Davis & Kuelthau and served as a member of the firm's Executive Committee and Board of Directors. Dan is a member of the International Council of Shopping Centers, the State Bar of Wisconsin, and the Board of Advisors for the University of Wisconsin-Madison Center for Real Estate.

### Edward Madell, CFO and Executive VP Information Systems and Investor Relations

Ed joined Continental Properties as Chief Financial Officer in 2012. Prior to joining, Ed held positions as Managing Director at Plaisance Advisors and CFO at multi-state homebuilder Kimball Hill, Inc. In his current role, Ed oversees three critical functions. He is responsible for property disposition analysis and profitability analysis of Continental's numerous retail, residential, and hospitality development projects, as well as financial reporting and cash management. He manages our IT functions, which encompasses hardware, software and information security. Finally, Ed heads up our investor relations area, overseeing equity raises and ensuring that Continental's interactions with our financial partners exceed their expectations.

### J. Camp Van Dyke, Vice President, Private Equity and Investor Relations

Camp joined Continental with 41 years of experience in the Financial Services Industry, including stints at Smith Barney & Co. and Robert W. Baird, where he finished in the capacity of Managing Director of Baird Wealth Management. More recently Camp served as Managing Director of New Business Assets at Stark Investments, a global hedge fund headquartered in Milwaukee. In his current role, Camp interfaces with our equity partners, initiating conversations about upcoming opportunities and keeping them informed about results.

### Kimberly Grimm, Executive VP of Development and Chief Talent Officer

Kim leads Continental's Development Department, which includes the multifamily dealmakers, entitlement team members for all product types, land planners, market research team members and interior design. Prior to being named Vice President of Development, Kim served the company in increasing roles of responsibility in that department, as Development Coordinator, Development Director, then Senior Development Director. Kim also has experience in various real estate functions including Contract/Appraisal Specialist for an Asset Management Firm and consulting work for environmental services.

### Paul R. Seifert, Executive VP of Operations and Chief Legal Officer

Paul manages Continental's operations group, overseeing all apartment operations. In addition, he manages the retail property management department and hotel assets. He joined Continental in 2001 as its Associate General Counsel and became its Chief Legal Officer in 2003. Prior to joining Continental, Paul was a real estate attorney at the Milwaukee law firms of Reinhart Boerner and Michael Best & Friedrich. During his legal career he has focused on real estate transactions, leasing, financing and development. Paul is a member of the International Council of Shopping Centers and the State Bar of Wisconsin.

RE: Neighborhood Information Meeting (NIM) PL20170003546, Sabal Bay PUD

Dear Sir or Madam:

A formal application has been submitted to Collier County, seeking approval of an Insubstantial Change to a PUD (PDI), by Continental 422 Fund LLC (Continental), represented by D. Wayne Arnold, AICP of Q. Grady Minor and Associates, P.A., for the following described property:

The subject property is comprised of approximately 33± acres, located on the north side of Thomasson Drive, west of U.S. 41 in Section 24, Township 50 South, Range 25 East, Collier County, Florida.

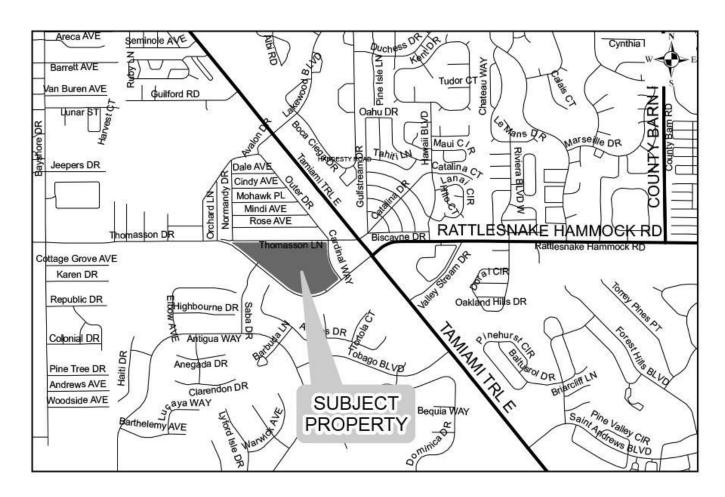

Continental is asking the County to approve this Insubstantial Change application, which proposes to amend the previously approved Development Standards Table to reduce the multi family minimum floor area from 700 square feet (SF) to 551 SF. The applicant proposes to develop 340 market-rate multi-family apartments on the 33± acre tract within the PUD, of which 24 studio units are proposed to be 551 SF, 28 studio units are proposed to be 660 SF and the remainder of the units range from 797 SF to 1430 SF.

You are invited to attend a neighborhood information meeting (NIM) hosted by the applicant to inform nearby property owners, neighbors and the public of the proposed Insubstantial Change to a PUD for the subject property. The NIM is for informational purposes only and is not a public hearing. The meeting will be held on Wednesday, November 29, 2017, 5:30 pm at the East Naples Library, 8787 Tamiami Trail East, Naples, Florida 34113.

If you have questions or comments, they can be directed to Katherine Hitch, Development Director, Continental Properties, W134 N8675 Executive Parkway, Menomonee Falls, WI 53051, khitch@cproperties.com, phone 262-532-9318. Project information is posted online at www.gradyminor.com/planning.

Sincerely,

Katherine Hitch Development Director

The government said more than 600,000 people signed up for Affordable Care Act coverage in the first week of open enrollment. ALEX BRANDON/AP

# Feds' health care site does its biggest business yet

**Jayne O'Donnell** USA TODAY

Consumers are flocking to the Affordable Care Act exchanges to buy insurance, setting a record in the first few days of open enrollment, federal numbers out Thursday show.

Total daily sign-ups were up 79 percent for the first few days Healthcare-.gov was open, compared to the equivalent period last year. Open enrollment started Nov. 1 and runs through Dec. 15.

The government said more than 600,000 people signed up in the first week, and nearly 8 in 10 of those were current customers renewing their coverage.

The news comes despite — or perhaps because of — efforts to repeal and replace the Obama-era health law on Capitol Hill and attempts by the Trump administration to dismantle it.

"The administration has caused a lot of anxiety for people over the last year when it comes to health care but there's also been a more in-depth conversation about what Obamacare really is about," said former Obama administration official Lori Lodes, co-founder of the group Get Covered America.

Sign-ups increased among new customers as well as those who were previously enrolled on Healthcare.gov, which handles enrollment for 39 states that didn't set up their own exchanges. These states tend to be controlled by Republican governors or legislatures that have not generally supported the law.

About two times as many people on average signed up each of the first four days of open enrollment, which started on a Wednesday, so these first figures are for a partial week. Even more surprising, there were more than 34,000 new customers on average a day, compared to more than 26,000 daily last year.

There's especially good reason for those receiving federal subsidies to sign up. More than half of the nearly 6 million people eligible for financial help can buy a bronze plan on Healthcare.gov without having to pay a premium, according to an analysis also out Thursday by Kaiser Family Foundation.

Bronze plans are the least expensive plans, premium-wise, on the ACA exchanges that are available to everyone. Contributing: Associated Press

### **NEIGHBORHOOD INFORMATION MEETING** PL20170003546, Sabal Bay PUD

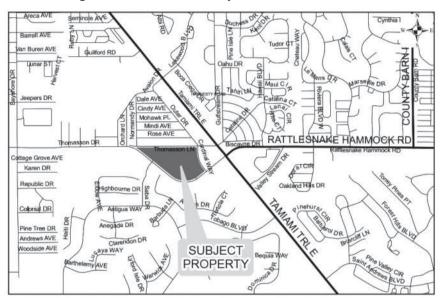

The public is invited to attend a neighborhood meeting held by D. Wayne Arnold, AICP, of Q. Grady Minor and Associates, P.A., representing Continental 422 Fund LLC (Continental) on:

Wednesday, November 29, 2017, 5:30 pm

East Naples Library, 8787 Tamiami Trail East, Naples, Florida 34113

Continental is asking the County to approve an Insubstantial Change to a PUD (PDI), which proposes to amend the previously approved Development Standards Table to reduce the multi family minimum floor area from 700 square feet (SF) to 551 SF. The applicant proposes to develop 340 marketrate multi-family apartments on the 33± acre tract within the PUD, of which 24 studio units are proposed to be 551 SF, 28 studio units are proposed to be 660 SF and the remainder of the units range from 797 SF to 1430 SF.

The subject property is comprised of approximately 33± acres, located on the north side of Thomasson Drive, west of U.S. 41 in Section 24, Township 50 South, Range 25 East, Collier County, Florida.

Business and property owners, residents and visitors are welcome to attend the presentation. The Neighborhood Information Meeting (NIM) is for informational purposes only; it is not a public hearing. Project information is posted online at www.gradyminor.com/planning. If you have questions or comments, they can be directed by mail, phone or e-mail by November 29, 2017 to:

### TRANSCRIPT OF THE

### NEIGHBORHOOD INFORMATION MEETING

FOR SABAL BAY PUD

NOVEMBER 29, 2017

Appearances:

WAYNE ARNOLD

KATHERINE HITCH

ERIC THOM

KAY DESELEM

TIMOTHY FINN

SHARON UMPENHOUR

MR. ARNOLD: Good evening, everybody. We're going to go ahead and get this meeting started.

And if I could ask you all, we need to record this meeting. So we need to make sure that we speak one at a time, and our County Planning Commission has asked that we try to do a better job of telling you who we are when we speak, so that the record's clear who's asking a question and who's speaking and who's giving the answer.

So bear with us. We're going to probably try to repeat some of your questions and make sure it gets picked up on the recorder, and we're going to try very hard to let you know that I'm Wayne Arnold that's doing the speaking right now.

I'm going to introduce Sharon Umphenhour from my office with Grady Minor & Associates. She'll be taping our meeting and taking some notes.

This is Katherine Hitch and Eric Thom from Continental Properties, who are going to be the developer of this project.

We have Tim Finn and Kay Deselem. They're both with the Collier County Government. And they're assigned planners working on the applications that's going through the process.

And the application that we have pending, it's

called an insubstantial change to a planned unit development or they call it a PDI, for the tracking, and that's an insubstantial change.

And the change we're proposing to make is for the one tract that this property is going to be located on, we'll show you more location details, to add a footnote to the development standards table that's in the PUD to allow studio units to be 551 square feet minimum, rather than 700 square feet that are allowed for other multi-family units.

And we're asking to cap the maximum number at 15 percent of those proposed on this tract. So 15 percent of the units, we're proposing to be less than 700 square feet, and they would be 551 square feet minimum.

UNIDENTIFIED FEMALE VOICE: What?

MR. ARNOLD: If I could just ask you to hold your questions, ma'am, and we'll make sure that every question gets answered the best we can.

So we have a short PowerPoint presentation that we have. And Katherine's going to lead that, and then we'll turn it over to the audience and try to answer any questions you have.

I would say that the PUD, it's part of the Sabal Bay PUD. It currently allows a multifamily

project. What it doesn't allow is us to build units less than 700 square feet. So that is the request that is in to the county. Otherwise, if not for that, they would be proceeding through the administrative review process to build the apartment complex that they're proposing.

So with that, I'm going to turn it over to

Katherine Hitch and let her give you an overview of
what they're planning to do here and talk a little
bit more about Continental Properties and who they
are. So Katherine.

MS. HITCH: Thank you, Wayne. Again, I'm

Katherine Hitch with Continental Properties. Eric

Thom with Continental Properties. We're in the

development group. And we're going to share with

you some more information about our project here

and our company.

So we are a private developer based in Milwaukee, Wisconsin. We develop retail, hospitality and apartment home projects. Our nationally branded Springs branded apartment is a suburban domicile, two-story product, all direct access, private entry units.

We have our own management staff, leasing staff and maintenance staff on each property.

The first Springs community was developed in 2001. And right now we're at over 68 properties throughout the country in 18 states. This map shows an image of everywhere that we are throughout the country right now.

This shows some local Florida properties. So the closest ones to Sabal Bay are Gulf Coast in Estero and Six Mile in Fort Myers, which are open and operational.

We just broke ground on Springs at Port Charlotte earlier this month, in Port Charlotte.

This site, specifically on the northwest corner of Thomasson and Cardinal, we chose this site for a number of reasons. The site, like Wayne had mentioned, it complies for a (indiscernible) development within Collier County's Growth

Management Plan, Future Land Use Map. It's compatible with a nearby single-family residential to the north and south. And we really view these commercial/retail/restaurant properties to the east as an amenity as well.

So proximity to transportation, the Tamiami Trail here, is another reason we like this site. Proximity to employers within the market. Those are all factors in selecting the site for this

apartment development.

This is a screenshot of the current PUD ordinance. This PUD was developed in 2008 and amended again in 2012. Our current amendment application, like Wayne had said, is to reduce the minimum floor area from 700 to 551.

So we have a number of studios. 52 of our 340 units are studios, about 15 percent. The majority of the units are one and two bedrooms. And there's also three bedrooms.

So the units range from 551 to 1,430 square feet, 1,430 at the top end for a three bedroom.

And that studio product is a really important mix of our Springs brand. It's been proven to really be an important choice that we're providing to our residents.

A lot going on in this proposed site plan, and I'll kind of walk you throughout the site plan and then I'll show some images of existing -- some surrounding existing properties.

So it is a gated and fenced enclosure. Sorry.

So there's a clubhouse at the main entrance.

That's where the full-time, on-site management

staff is located. Leasing is there. And

maintenance is there. Cafe, pool, grilling area

for the residents.

And then vehicular card entry at the gate of entry. And decorative aluminum fencing around the perimeter. Large landscape buffer at the north here. And it's 14 separate buildings. It's two story. Each unit has their own entrance. So a unit either has a ground floor or they walk up the stairs immediately to their second-floor unit.

There's a choice for parking options. Some units have attached garages. There's an attached garage building here. Here, there's some detached garages, or residents can choose for surface parking as well.

There's a 20-unit building, 24-unit building, and a 28-unit building. So there's three types of buildings.

We have the detention pond in the middle with the buildings kind of laid around that for view premiums, as well as creating courtyards in the middle for resident interaction. That's really like their yard. Some of these yards even have their own enclosures.

There's pet parks on site, car care, maintenance facility, pet wash. And I'll show some pictures of that as well.

These are the exterior elevations. So there's a combination -- it's a combination of Hardie board siding, vertical and horizontal, concrete, slate tile roof, like you'll see in some of the other surrounding single-family neighborhoods.

This is the 20-unit building that has some of the attached garages and the studio units on the second floor here.

So this building has two studios in it.

Otherwise, there's a mix of one, two and three bedrooms.

24-unit building has four studios in total.

And it's the same way out except for some of
these -- some of these units are units now instead
of attached garages, like in the 20-unit building,
and the 28-unit building just has an extra set of
two bedrooms within the middle.

These also show some -- these elevations -- these elevations show a nice layout of the private entrances and a mix of covered screened-in patios and porches. So that's just another choice that's provided.

Some interior photos. So, again, high-end finishes. There's a mix between granite, laminate counters, woodgrain flooring, espresso cabinets.

Each unit has their own washer and dryer.

Clubhouse photos. So this is where the lounge is, Wi-Fi cafe, coffee bar, fitness, pool and grilling area. And, again, our management staff is located here as well. Some photos.

UNIDENTIFIED MALE VOICE: Where are those built, where the photos are from?

MR. ARNOLD: Just for the record, if we could, Katherine, it's a question from the audience about where the photos you're showing are depicted from.

MS. HITCH: Right. So this is -- and I'll go back to the map. These are Fort Myers. So it's within 45 minutes here. I think that these two photos of the clubhouse and the interior fitness are a different location because of the color palette, and that one is in Wisconsin, this clubhouse here. But this is all Fort Myers, as well as I will show another clubhouse photo of Fort Myers as well.

So these are photos of the pet playground, on-site grilling area. Just some more of the amenities. Outdoor lounge area outside of the clubhouse. Car care center. All of the fitness areas have overhead garage doors that open up to the pool and sun deck.

And in the summary photo here, these are also exterior photos from Fort Myers. They show a nice combo of the detached garages and the other side of the building with the direct access entries, and just to summarize, this site says 340 market rate apartment homes on 33 acres in Sable Bay. And we think it's a nice transition to the single family and commercial surroundings.

So I will open it up to questions.

MR. ARNOLD: Okay. This is Wayne, just for the record.

What we typically would do is go ahead and just now open it up to questions, but I'd like to -- if we could make sure we do it one at a time, and try to be loud on your question, so maybe we don't have to repeat every one of them. That would be helpful. So thank you.

Yes, sir, in the back.

UNIDENTIFIED MALE VOICE: I will try and be loud.

You want to decrease the size of your studio apartments. Is decreasing the size of the studio, do you plan to add more studios or is it the same number of studios, just smaller?

MS. HITCH: We have --

MR. ARNOLD: Kathryn, make sure you say your name. Sorry.

MS. HITCH: Katherine Hitch.

So we have a majority of the studios -- a majority of the units are two bedrooms and three bedrooms. There's 15 percent of that overall 340 that are studios. So it's a total of 52 of the 340 that are studios.

So we would include that same number. Just -that's a factor of the buildings that we've chosen
to put on the site.

MR. THOM: This is Eric Thom jumping in, also Continental.

These building sizes, these unit sizes, are the same unit size that we've got in Fort Myers.

They are same unit size that we've got in Sarasota.

So we are not -- the interior of our package is what we're really -- always really concerned about.

One of the reasons why we have them sized the way they are is because we're trying to maximize the amount of light.

We've been doing this type of product for a long time. And what we're really trying to do on the exterior of all of our buildings is maximize the amount of light into each one of the units.

That's one of the reasons that kind of drives that studio size.

UNIDENTIFIED MALE VOICE: Okay. I want to be sure I have the answer to my question.

UNIDENTIFIED FEMALE VOICE: Yeah.

UNIDENTIFIED MALE VOICE: 52 units at 700 square feet, right?

MR. THOM: No.

MS. HITCH: Kathryn Hitch.

UNIDENTIFIED FEMALE VOICE: That's the minimum.

UNIDENTIFIED FEMALE VOICE: How many units were planned at 700 square feet? How many studios?

MS. HITCH: There's 24 at 551, and 28 at 660.

UNIDENTIFIED MALE VOICE: Okay. That still doesn't answer the question.

UNIDENTIFIED FEMALE VOICE: That's the new, what you're going for is 660 and five. That's what you want, you're putting in for.

 ${\tt MS.}$  HITCH: You're saying within the --

UNIDENTIFIED FEMALE VOICE: Your variance.

MR. ARNOLD: One at a time please.

UNIDENTIFIED MALE VOICE: My question is actually much simpler.

How many studios were you planning before this

change and how many studios will you get after this change?

UNIDENTIFIED FEMALE VOICE: Thank you.

MR. THOM: This is Eric Thom again.

We are proposing the same number of studios.

 $\label{thm:continuous} \mbox{UNIDENTIFIED MALE VOICE: Thank you. That's } \\ \mbox{what I was asking.}$ 

MR. THOM: We did not change from one to the other. It's the size that we're looking to change to get it in line with other projects that we've got within Florida.

Does that answer your question, sir?

UNIDENTIFIED MALE VOICE: Yeah. It's -- yes.

 $\ensuremath{\mathsf{MR}}.$  THOM: Sorry we didn't get to it more directly.

MR. ARNOLD: Let's go with this woman right here.

MS. KENNEDY: I'm Diane Kennedy. I think, if I'm right, the size of the unit, that piece that was put together, wasn't put together for you. That was put together by the county and now you've bought the property and you're wanting to modify what the county had put together. In other words, you didn't propose anything with a larger studio; is that correct?

MR. ARNOLD: This is Wayne Arnold.

And the property is a separate tract that's part of the Sabal Bay PUD.

UNIDENTIFIED FEMALE VOICE: Right.

MR. ARNOLD: They're under contract to purchase it from one of the entities of the Collier Development Corporation. And that was all permitted by the Colliers. They didn't entitle it specifically for this apartment complex.

UNIDENTIFIED FEMALE VOICE: Right.

MR. ARNOLD: But it is permitted to have residential, which could include anything from single family to multifamily today.

UNIDENTIFIED FEMALE VOICE: Okay. But when that was put together and those numbers of square feet were put together, there was no one specific in mind, no company in mind, no plan in mind; is that correct?

MR. ARNOLD: This is Wayne.

And I would say that is correct. I think the product that you see that's in place today was a fairly generic standard that's been used by others, but I will say, just so everybody's aware, that Collier County, if you were just not within a planned unit development and you had residential

multifamily zoning, they allow studio units to be as small as 450 square feet.

UNIDENTIFIED FEMALE VOICE: Okay.

MR. ARNOLD: Yes, sir. I think you were next.

UNIDENTIFIED MALE VOICE: I guess just to buttress his question. So whether you go from 700 to 500 on these studios, you're still going to have a total of 340 doors; is that correct?

MS. HITCH: Correct.

MR. ARNOLD: Katherine, I'll let you answer.

MS. HITCH: Katherine.

Yes, so that is correct. And the site is zoned for 340 multifamily dwellings. So the site is zoned for the number of dwellings. What we are putting on the site is our product type, which is a mix of the different unit sizes, offerings, number of bedrooms, that type of thing.

And the maximum cap within the current ordinance is just on unit size, period. It doesn't specify number of bedrooms. Our studios are within that size range. So that's why it --

MR. ARNOLD: And this is Wayne.

And then another reason why the proposed change, we're limiting it to this specific tract only. So it doesn't impact anything else that's in

the balance of the project which is called The Isles of Collier Preserve, but.

Yes, sir. I think you were next.

UNIDENTIFIED MALE VOICE: Okay. Yeah, you mentioned in your presentation that the buffer on the north side of the property is a good size buffer. And, yet, the buffer on the Thomasson Drive side of the property looks like it's nonexistent. Probably just to scale, but I'm very concerned that, on Thomasson Drive, as you drive along there, are you going to be looking at -- are we going to be looking across a parking lot and properties? And that's really incompatible with the development on the other side of the street where The Isles of Collier Preserve has a very good buffer with a good wall. It seems like it's just out of sync with what The Isles had to do or chose to do with their development.

UNIDENTIFIED MALE VOICE: Especially since you said you were putting up just a metal wall.

UNIDENTIFIED MALE VOICE: Yes.

UNIDENTIFIED MALE VOICE: As opposed to a black --

MS. HITCH: This is Katherine Hitch responding.

UNIDENTIFIED FEMALE VOICE: It's not compatible.

MS. HITCH: The buffer on the north side here, which is a 75-foot deep landscape buffer, is a buffer that was put into the PUD perimeter in the ordinance. So this line up here on Thomasson is the perimeter of the PUD, and then it extends to Cardinal. So you can see that.

UNIDENTIFIED FEMALE VOICE: No, no, we're talking about the other buffer.

UNIDENTIFIED MALE VOICE: We're talking about the other side.

(Multiple simultaneous speakers.)

UNIDENTIFIED FEMALE VOICE: The one on the road.

MR. ARNOLD: Excuse me. This is Wayne Arnold.

Can we please have one at a time? We have to record this, okay? Sorry.

UNIDENTIFIED MALE VOICE: It's on the

Thomasson Drive side that I'm concerned about,

because as you drive down Thomasson Drive from 41,

the new property will be on the right side of

Thomasson Drive, and there's going to be, from what

I understand, a metal fence, a very narrow green

buffer there. I'm not quite sure how much

landscaping you can get in there.

And then we're looking across an open parking lot towards the front of the buildings, which are denser on that side of the property than on the other side. And that's incompatible with what it would appear that The Isles of Collier Preserve had to do on the opposite side of Thomasson Drive, where there's a really good buffer with a good size six-foot wall as opposed to a metal fence.

UNIDENTIFIED FEMALE VOICE: And like six feet or eight feet of landscaping.

MS. HITCH: So the buffers within this site plan -- it's Katherine again -- so I guess I was getting to this outside, but to answer your question on the Thomasson Drive, the buffers are code compliant.

So the buffer here is denser and deeper because of the perimeter of the PUD. On this side, the buffer will be the same as the code-compliant requirement for the landscape buffer.

UNIDENTIFIED MALE VOICE: So can you explain what kind of landscaping will be going in there?

Is it going to be like three-foot hedges? Is it going to be tall trees?

MS. HITCH: Yeah. On Thomasson Drive, it will

be a mix of taller trees, bushes and decorative aluminum fencing before the parking.

UNIDENTIFIED FEMALE VOICE: Do you know what the depth is?

MS. HITCH: And the buildings are set back, as well, over 75 feet.

UNIDENTIFIED MALE VOICE: Could it be a wall instead of the bushes?

MR. ARNOLD: This is when --

UNIDENTIFIED FEMALE VOICE: Because there's really no buffer. The bushes aren't really going to -- that's really nothing there. When you have big huge walls on The Isles side, those are million-dollar homes across the street, and could you do something like that, that would be more insulated instead of just shrubs?

MR. ARNOLD: Well -- this is Wayne.

And I guess, from my perspective, the Land

Development Code indicates what type of wall, fence
or whether or not you even have one. And I don't

believe the code even requires you to have a wall
or a fence in this location. It requires a

landscape buffer.

UNIDENTIFIED FEMALE VOICE: It doesn't require, yes.

MR. ARNOLD: But I guess to get to your question. Is the question of one visual or is it security or what is the issue you're trying to get out --

UNIDENTIFIED MALE VOICE: My initial question was purely a visual one.

UNIDENTIFIED FEMALE VOICE: Visual and more compatibility.

MR. ARNOLD: It's esthetic?

UNIDENTIFIED MALE VOICE: Yes.

MR. ARNOLD: Okay.

MS. HITCH: And this is Katherine.

And, again, so we try to stay away from walls. We like to blend into the surrounding fabric rather than enclose and separate ourselves. And, you know --

UNIDENTIFIED FEMALE VOICE: And I agree.

Blending in would be very compatible to put in a
wall that's right across the street from you, which
would be -- you know, would be a good blend. That
would work very well.

UNIDENTIFIED MALE VOICE: It would seem very unfair on The Isles of Collier Preserve. It lends to the same question, when you're showing pictures of the elevations of the properties, you show that

some of them have balconies where -- on the first and second floors.

Are those balconies only overlooking the lake or are some of those balconies going to be overlooking Thomasson Drive? Because if they're overlooking Thomasson Drive, then those people on the second floor will be able to see into properties in The Isles.

MS. HITCH: This is Katherine.

So, yeah, it's four-sided architecture.

There's entries, balconies and porches on all sides. It's two stories. It's 26 feet for a height.

We drove it today. And I, you know, I don't see being able to see into anybody's --

MR. ARNOLD: Somebody who hasn't asked a question yet? Ma'am, in the red striped shirt?

UNIDENTIFIED FEMALE VOICE: When you say a metal fence, are you talking like a chain-link fence? Because you do have a gated community.

Just to have bushes up there is not going to protect a gated community.

UNIDENTIFIED FEMALE VOICE: Yeah.

MS. HITCH: It's decorative aluminum. It's vertical slats, five feet high, with bushes and

trees behind it.

MR. ARNOLD: Ma'am, on the end, you haven't had a question.

UNIDENTIFIED FEMALE VOICE: I have two questions. One is about the egress.

Is there just the one egress on Thomasson Drive?

MS. HITCH: Yeah, it's Katherine.

So this is the main entrance here off of Thomasson, which is the gated entrance for the key cards. And there is emergency access points here further west on Thomasson, which is agreed to -- which has been agreed to by the county.

UNIDENTIFIED FEMALE VOICE: Oh, they have? What was that? That's an emergency --

MS. HITCH: Emergency egress.

UNIDENTIFIED FEMALE VOICE: What does that mean?

 $\ensuremath{\mathsf{MS}}.$  HITCH: Emergency access for fire trucks, that sort of thing.

UNIDENTIFIED FEMALE VOICE: The other question

I have is, you say you're a grade A, this is a

grade A development. What does that mean, grade A?

MS. HITCH: It's Katherine.

So class A market rate means a new product

within the market that is complementary to other new garden-style, suburban, townhome, class A market rate. Our rents are set by the market by other surrounding compatibles, communities.

UNIDENTIFIED FEMALE VOICE: So the one that you put in in Estero, is that the same pricing as the pricing --

MS. HITCH: Pricing is set for each submarket separately. It's similar, but each market is looked at carefully.

UNIDENTIFIED FEMALE VOICE: And the reason I'm asking about that pricing is because I don't know if you're aware or not, but there's -- well, I know you're aware there's a school right down the road there.

Right now, that school is at 93 percent economically disadvantaged students. So I think that you would like to get kind of a mix in there, and I don't know what your focus population is going to be like, but I think that that's something that should be considered.

I mean, Estero, what would be the prices of a three-bedroom apartment in Estero?

MS. HITCH: In Estero, those are going for about 2,000, probably a little bit more.

UNIDENTIFIED FEMALE VOICE: I think we're looking at the demographics.

MS. HITCH: Three bedrooms.

MR. ARNOLD: Can we hold -- let somebody who hasn't ask a question ask.

Ma'am, in the back row, did you have your hand up?

UNIDENTIFIED FEMALE VOICE: Yes.

MR. ARNOLD: Okay.

UNIDENTIFIED FEMALE VOICE: I was wondering,

is this market rate housing?

MS. HITCH: It's market rate, correct.

UNIDENTIFIED FEMALE VOICE: What does that mean?

MS. HITCH: Market rate means it's set by other similar properties of the same quality, style, function within the market.

UNIDENTIFIED MALE VOICE: So these are rental properties?

MS. HITCH: Apartments, correct.

UNIDENTIFIED MALE VOICE: Apartments, okay.

MR. ARNOLD: Yes, ma'am. In the second row. Right here. Blue shirt.

UNIDENTIFIED FEMALE VOICE: Yes. If I may. I actually have more than one question, but has

anybody examined the impact on the existing school system that is in place there?

MS. HITCH: It's Katherine.

UNIDENTIFIED FEMALE VOICE: Can you repeat that? Because I don't think everybody could hear that question.

MR. ARNOLD: Okay.

MS. HITCH: I can. So the question was, have we examined the impact on the school system.

So with civil plans, we submit an application for -- to be reviewed by the school system, which we are doing. And we also, just to follow up on that, our demographics are 50 percent 20 to 35 young professionals, followed by empty-nesters.

It's about less than 8 percent school-age children.

And that's demographics across our portfolio.

UNIDENTIFIED FEMALE VOICE: Of course, your portfolio, but not necessarily in this location.

When you say across your portfolio, you mean other existing projects that you've completed.

MR. ARNOLD: Springs properties.

UNIDENTIFIED FEMALE VOICE: Right.

UNIDENTIFIED FEMALE VOICE: In other areas.

UNIDENTIFIED FEMALE VOICE: In other areas,

but you do not feel that you'll have more than 8

percent of school children?

MS. HITCH: That's the average across the board.

UNIDENTIFIED FEMALE VOICE: That may be the average, but based upon the rental rates and the demographics here of who you will attract, that's the maximum number of school children you feel you will have?

MS. HITCH: 3 to 18 -- 4 to 18-year-old school-age children.

MR. THOM: This is Eric Thom with Continental.

I mean, we do the best we can with the projections we have. And across our portfolio, I think we project pretty close to what we expect to have. There's always going to be variances within that 8 percent, higher or lower, but we don't expect, for example, to be at 50 percent or 20 percent. We would expect it to be within that 8 percent range.

UNIDENTIFIED FEMALE VOICE: Excuse me. But has anybody from the county assessed that? And are they in agreement with those projections?

MR. ARNOLD: This is Wayne.

And as Katherine indicated, the county -- you have to fill out a form that the school district

evaluates, actually, when you go in for projects.

And they look at your proposed unit type and mix,

and they assess what the impact is going to be on

schools. So it is evaluated, yes.

UNIDENTIFIED FEMALE VOICE: And the fact that that school is 93 percent presently economically disadvantaged, has that impacted any decisions?

MR. ARNOLD: This is Wayne.

I'm not sure that's part of the evaluation.
I'm not sure how it's -- how that would be part of
the evaluation.

Did you have other questions, ma'am? We have some other hands behind you.

MS. MURER: Which is important --

MR. ARNOLD: Hang on. Hang on.

MS. MURER: I was the first one to have a question which, you know, before we started. So I think, you know, it's my turn.

MR. ARNOLD: Okay. Go ahead.

 $\mbox{MS. MURER: How's that?}\mbox{ My name is Lenore}$   $\mbox{Murer (phonetic).}$ 

What they're talking about is the demographics. I've gotten your details about the report, where the median age is 39, which is not East Naples. This is our -- majorly, it's a

retirement community.

Part of those demographics is the economically disadvantaged children, because we have a huge economically disadvantaged population here in East Naples. You want to command \$1,100 for a studio, 550 square, 660, whatever it is, it's very small, or two bedrooms at 1,800 for the young urban professional that you talk about in your demographics here, your analysis.

That is not here. And when it fails, what happens? I think that's really our concern. Is this going to slide? Is it going to backslide?

We've had this conversation. That's my concern and I'm worried.

UNIDENTIFIED FEMALE VOICE: Yeah.

MS. MURER: Because we have too much of that, and we need a balance, a healthy balance, and some kind of assurances, is this study accurate?

Because, to me, it can't be.

You've seen that we have no business here.

You're talking about -- I saw, you know, the top

businesses in your country of where you have your

properties. We don't have that here in East

Naples.

Immokalee would be better, yes. Fort Myers,

younger people. This is a younger population. That's not here.

So that's really our concern. I can speak for a lot of people that I've talked to about this.

So what happens? Do you minimize who comes in and leases, who's leasing? Will there be five and six people in a 550 square foot studio? Because that will happen. Absolutely. Without monitoring.

MS. HITCH: So I will -- there's a lot of questions I feel like in there. So I will do my best to address them.

MR. ARNOLD: It's Katherine.

MS. HITCH: It's Katherine.

So there is the on-site property management staff, which is Continental Properties. We don't outsource our management.

So all of the residents get criminal background checks, financial, rental history, credit checks. We know who is living in each unit.

So as far as the who is living there, I think that answers that question.

Our maintenance staff is there at the clubhouse. There's a reason they're located at the main access point. They see who's coming in and out. There's one access point. So they're very

visible, high and -- on the front -- front and center. They know.

As far as filling up the units, there's a reason that we provide a wide range of the choices for the units. So we're providing the residents with the choice to pick their main priorities, right? They kind of like pick what their priorities are.

95 percent filled up throughout our portfolio, is what we, you know, we're at with the Springs.

MR. ARNOLD: Sir?

UNIDENTIFIED MALE VOICE: Yeah. There's a lot of people here who are concerned about the buffer on Thomasson. So I would like to address that specifically with two questions.

Number one, the water area, is that set or can that change? And there's a reason why I'm asking that. That will be clear in a second.

That water area, the amount of area devoted to water, can that be altered?

MS. HITCH: It's Katherine.

So the detention, that is storm water detention, which is calculated based on impervious and pervious area throughout the site, and has been engineered. In Florida, these detention ponds

can't be dug as deep, so they need to be wider.

We're really -- you know, we're utilizing the site with a specific number of units for these buildings. And I think, just to follow up on that, too, with the reduction that we've submitted the application for, we're reducing the impact on the land.

So our buildings are smaller because of this reduction. Our buffers are deeper because of this reduction.

UNIDENTIFIED MALE VOICE: Okay. So my second part of the question, which I think the county should hear, too, it just seems like the answer to the buffer issue is obvious and simple, which is take a little bit, five feet, from the water, from the retention basin, move the entire property slightly north, and add your -- add five feet, six feet, seven feet to the buffer along Thomasson so you can plant more greenery, and problem addressed.

It just seems to me, and I think to everybody else in this room, that there is better buffer, larger buffers all way around this community, except where it faces Thomasson. That's where you put the majority of your street parking. That's where you've put a very minimal buffer to a street.

And it can be solved simply by shifting the property five feet north. Easy.

Then you can put in more greenery. You can berm it. You can block the parking lot from everybody. And I think that's a reasonable compromise. Otherwise, what I'm seeing there is a tiny, infinitesimal strip of green, and everybody who goes down that street is going to be seeing nothing but cars.

UNIDENTIFIED FEMALE VOICE: No, no.

UNIDENTIFIED MALE VOICE: And that's all they're going to see.

UNIDENTIFIED FEMALE VOICE: Fencing.

MR. THOM: This is Eric Thom.

Let us go back to our engineer and ensure that that is (indiscernible) we can take a look at. We can't commit to it today. I don't think Kathy can either, but we can --

MS. HITCH: Yeah. It's Katherine.

That would be an amendment to this PUD, which would be more of a substantial change than we're asking for, because this buffer on the north is set. So this is a code-compliant design. We're following the buffer required on the south side.

We're following the current buffers on the north

side, and requesting that buffer to be reduced
would be a major --

UNIDENTIFIED MALE VOICE: I appreciate that.

But if the county -- if the county wants to create a good-looking street there, that satisfies the buffering needs, not only of the people at The Isles, but the people who are going to live in those apartments --

UNIDENTIFIED FEMALE VOICE: Yeah.

UNIDENTIFIED MALE VOICE: -- who are going to look out on that -- on their parking lot, and into the street, the county could move you forward on this, take a little bit away from the water, the other buffers could stay the way they are, and everybody is --

UNIDENTIFIED FEMALE VOICE: Wins.

UNIDENTIFIED MALE VOICE: Everybody wins.

MR. THOM: Yes, I think we can take a look. This is Eric again.

We can take a look at that. Make sure that the engineering would work and let us analyze that. I appreciate the comments here tonight. There is more than one comment that we've had about landscaping in that -- along that area. Let us go back to our engineering professionals, our design

professionals and make sure that that's feasible from a design perspective. (Indiscernible).

UNIDENTIFIED MALE VOICE: I agree with what he said 100 percent, and also, as the county and you guys and, you know, maybe even The Isles, too, the island in between, can't a lot of landscaping be done on that island to -- I mean, that would really enhance the whole thing. And that would be --

UNIDENTIFIED MALE VOICE: Another buffer, another area.

UNIDENTIFIED MALE VOICE: Is anybody talking about that with the county? Because normally you just don't leave it just all grass as wide as that area is.

UNIDENTIFIED FEMALE VOICE: Yeah, it's huge.

UNIDENTIFIED MALE VOICE: So along with what he's saying which is -- and for you to consider it, that's what we need. I mean, that's absolutely right. But is the county even thinking about landscaping there? Are you guys? Or I don't know how that works. Do you guys contribute money?

Does The Isles contribute money? Or how does it work? But it should be -- you know, a lot of that would really enhance that section there.

UNIDENTIFIED FEMALE VOICE: Uh-huh. You're

right.

MR. ARNOLD: Okay. This is Wayne.

We'll certainly take that under advisement,
just as Eric said he would get back with the design
engineers regarding the Thomasson Drive buffer.

I'm not sure what would be involved in us
landscaping the county's median, but it's a county
road, so --

MR. THOM: Right. But on that point, we do have impact fees that would go -- we provide impact fees -- this is Eric again -- to the county for just that kind of improvement.

MR. ARNOLD: This gentleman on the front row hasn't asked a question yet, but he had his hand up.

UNIDENTIFIED MALE VOICE: I have a ton of questions, but if you were -- I'm kind of concerned, I guess, a lot of people are concerned about, let's say you're at full rental capacity based on what your design is, how many residents is that total, roughly? If you were at 100 percent capacity, rented all the apartments, based on the design, how many residents is that?

MS. HITCH: It's Katherine.

So at 340 units, we have an average of 1.8 per

unit, so.

UNIDENTIFIED FEMALE VOICE: So, 2.

UNIDENTIFIED MALE VOICE: And how many --

UNIDENTIFIED FEMALE VOICE: 1.8?

UNIDENTIFIED FEMALE VOICE: 1.8 people?

MS. HITCH: Right, right.

UNIDENTIFIED FEMALE VOICE: What's the

average?

(Multiple simultaneous speakers.)

UNIDENTIFIED MALE VOICE: All right. Let's

say that's it. So then how many parking --

MR. ARNOLD: One at time, please.

UNIDENTIFIED MALE VOICE: How many cars are going to be -- how many parking spaces are there in that development?

MS. HITCH: Again, so at 340 units, it would be the same amount of cars average. So you're looking at -- each unit is not going to have -- you know, a three bedroom is not going to have necessarily two cars, so 1.8 per --

MR. THOM: Do you want me to answer more directly your answer?

UNIDENTIFIED MALE VOICE: Sure.

MR. THOM: This is Eric again.

In the data we have that we provided, the

county required parking code requires this size development to have 626 spaces.

UNIDENTIFIED FEMALE VOICE: Okay.

MR. THOM: We're providing a little bit more than that. Actually, when you count all surface parking, we're at 671 spaces. So it's more than that.

UNIDENTIFIED FEMALE VOICE: Does that include the garages?

MS. HITCH: The garages are separate. And the (indiscernible).

MR. THOM: No, that doesn't include garages.

UNIDENTIFIED FEMALE VOICE: So how many spaces were there? Sorry.

UNIDENTIFIED FEMALE VOICE: 680 spaces?

UNIDENTIFIED FEMALE VOICE: 671.

UNIDENTIFIED MALE VOICE: 671.

UNIDENTIFIED MALE VOICE: 671.

UNIDENTIFIED FEMALE VOICE: So that means 671 people.

UNIDENTIFIED FEMALE VOICE: No.

UNIDENTIFIED FEMALE VOICE: (Indiscernible).

MR. THOM: No.

MR. ARNOLD: Just one at a time, please.

MR. THOM: What Katherine was saying before,

where we get the 1.8, is you take the number of units you have, which in this case is 340, take that times 1.8, that would roughly be a projection of what the population could be, but that's going to, again, fluctuate on how many single professionals you have, how many families you have. So that's just an estimate.

UNIDENTIFIED MALE VOICE: So how many parking spaces does each unit get? Do they differ in the size of the unit or is it based on how many residents are there?

MR. THOM: Well, we've got it set aside so that we can meet right now (indiscernible).

MS. HITCH: The attached garages are rented out. Obviously, they're connected to the unit. Otherwise, residents can choose to add a detached garage space to their apartment no matter where they are, and then surface. Kind of just goes along with the rent.

UNIDENTIFIED FEMALE VOICE: You're renting them separately?

MS. HITCH: The detached and attached.

UNIDENTIFIED FEMALE VOICE: And then additional parking would be --

MR. THOM: Surface parking.

UNIDENTIFIED FEMALE VOICE: On the street?

MR. THOM: No. Everything is self-contained -- this is Eric again -- within the apartment community. Nobody's parking on the street. Just so that's clear.

This is a self-contained development. Everything is (indiscernible).

UNIDENTIFIED FEMALE VOICE: So you're limiting how many cars each renter can have? Is that it?

Like I can have one car?

MR. THOM: Yeah, depending on -- I mean, you can't have 10 cars. We're not going to allow it.

I mean, there's limits. There's limits to what we can --

UNIDENTIFIED FEMALE VOICE: Does that happen?

MR. THOM: Well, I mean, do people ask? I'm

sure they ask. But that's -- we do limit it.

MR. ARNOLD: This gentleman at the table had a question,  ${\hbox{\it Eric}}.$ 

 $\ensuremath{\mathsf{MR}}.$  ADAMS: I have a couple questions. My name is Joe Adams.

MR. ARNOLD: Could you speak up just a little so we can get you on the --

MR. ADAMS: I sit on a pathways advisory committee with the MPO and the Haldemann Creek

Committee here locally. So this is my neck of the woods and I'm very fond of it.

And what I've seen so far, I have managed apartment communities in this town. I've managed condominium communities, homeowner's associations in this town. So I get it. I see what you're doing here.

At first, I -- the only objection I have is that they're not for sale. Of course, you're not going to do anything about that because you're an apartment, but I would really like to see -- this -- people had questions about market rate.

To explain that, there's a myth going on here that there's such a thing as low income housing.

Not since the '70s in New York City and New Jersey.

There's no such thing as -- no. There's tax credit properties --

UNIDENTIFIED FEMALE VOICE: No.

MR. ADAMS: -- where the owners -- no, there are no government-owned or privately-owned low income. You have to have certain incomes to qualify for tax credit. I know the law, dear.

UNIDENTIFIED FEMALE VOICE: Excuse me. I work in federal --

MR. ADAMS: I am talking.

MR. ARNOLD: Excuse me. Please.

MR. ADAMS: Federal grants can be given to companies to build tax credit properties, but there are none designed like they used to be.

So that said, this is a market rate. That means whatever the market will bear, you will charge. Apartments are hot right now. Rentals are very hot. More so than real estate in this town.

There are condominiums going up much nicer than these. I mean, no offense, but I mean, these are nice, but 15, 20 stories at Airport Road and Golden Gate Boulevard, you know, that overlook highways that are rented like that on Livingston. They're rented like that.

So, in East Naples, the concern was here, as I heard, that's probably true, there are not a lot of people who live in East Naples that can afford those types of rent, but I would like the people who can afford those kind of rents moving into East Naples.

I mean, it's not your responsibility as a company to address issues that the county has with the school system and what's going on in their schools is a disgrace, but that's not your place to take care of it.

I realize things that, as far as the buffer and all that kind of stuff, I know that that island will be populated with trees and bushes and stuff.

UNIDENTIFIED FEMALE VOICE: When?

UNIDENTIFIED MALE VOICE: And I did have one question. And that was (indiscernible) and Haldemann Creek. There's a project for Thomasson that's going to end about a quarter mile that way from you guys.

Has the County put a stipulation on you to maybe connect to that, you know, as like a favor to the county? How far are you going to be taking your sidewalks and pathways around the community?

MR. ARNOLD: This is Wayne.

And we actually have met with the CRA staff, and they've told us about the pathway project, and we are constructing a sidewalk on Thomasson Drive. I think there's still going to be a gap piece because it doesn't go as far as our property, and it's outside the boundary of the MSTU.

MR. ADAMS: Well, (indiscernible) pathways.

Maybe I can talk (indiscernible).

MR. ARNOLD: So I think -- and staff acknowledged that there is going to be a gap. I'm not sure we can -- we can do anything about that,

but I think we're going to shorten the gap.

You are proposing the sidewalk on -- there is a sidewalk on Thomasson Drive. I was talking about Thomasson Lane. I'm sorry. Yeah.

Okay. Yes, ma'am, in the back?

UNIDENTIFIED FEMALE VOICE: Okay. A couple of different things. As a homeowner in this area, yes, East Naples does have a lot of affordable housing. We are overrun with Habitat housing, which is given to low and moderate income people whose income is 80 percent or less of annual median income, okay?

And we have developments all up and down 41, okay? What I'm concerned about is right now we have a hot market, and just like we saw during the boom and leading up to it, everybody was building. Then came the bust. And you couldn't fill these places, and a lot of them came down in prices. And that's what we're concerned about.

Another issue I would like to address is that I want to know, what is the elevation? Because that area is prone to flooding. You've got a lot of impervious surfaces there. And usually, what happens when you get new buildings is they build it up and areas that never flooded before flood,

because they've raised the altitude.

Now, I understand that towards Bayshore there is more happenings coming, perhaps a pathway to the Sugden area and linking Bayshore and around the Botanical Gardens, et cetera. I understand the vision that is there, that you may link up to.

But I want to know, how is that going to affect, with that much impervious surfaces, what is the altitude going to be?

UNIDENTIFIED FEMALE VOICE: Are you talking about the affordable housing plan?

UNIDENTIFIED FEMALE VOICE: I'm talking -- no.

I'm talking about that project and where -- because
that area is very prone to flooding. We saw it
during Irma.

MS. HITCH: It's Katherine.

So the site is being raised three feet. It's currently in the base flood elevation. And all of the civil engineering, storm water management drawings go through the Water Management District, all the calculations get checked and permits are based on engineering calculations that are agreed upon by the Water Management District.

UNIDENTIFIED FEMALE VOICE: Do you know, is there anyplace that we can find what the altitude

differences are going to be, how much they're going to be built up?

MS. HITCH: The site needs to be raised approximately three feet to get out of the base flood elevation.

UNIDENTIFIED MALE VOICE: So can I just -linking into that question -- so does that mean,
then, that if you look at the elevation of
Thomasson Drive as it stands right now, and you
look across that, through that chain-link fence and
that very narrow border, that the parking lots are
going to be three feet higher than Thomasson Drive?

No. No. Currently, Thomasson Drive is higher

UNIDENTIFIED MALE VOICE: Okay.

MS. HITCH: It's Kathryn.

than the site.

UNIDENTIFIED FEMALE VOICE: The site goes way down if you walk -- I've walked it.

UNIDENTIFIED MALE VOICE: Okay.

UNIDENTIFIED FEMALE VOICE: And they're adding a pond, is that it, the water?

MR. ARNOLD: They're digging a lake, yes.

UNIDENTIFIED FEMALE VOICE: Is that water in the -- you're adding water?

MS. HITCH: Yes.

UNIDENTIFIED FEMALE VOICE: That, I think, is what's adding to her -- what she's talking about the problem already exists.

MR. THOM: This is Eric Thom again.

Let me be clear. When you have a new development, you have to provide capacity for the development on site. That's where the lakes will be.

UNIDENTIFIED FEMALE VOICE: That's (indiscernible) pond.

MR. THOM: Yeah, the lake is designed so that it can counterbalance the impervious area that's on the site. It has to be designed that way.

You can't exceed -- you cannot exceed, and this is getting technical now, you can't exceed the pre-development versus the post-development runoff for a site. Engineering and approvals have to be in line with the county standards, and that's what we're going to be held to.

So, in the end, when we get the final design, it will be checked off by all the municipal requirements, the state requirements, and it will be in line, and a lot of that stuff that you just mentioned will have to be analyzed as part of that process.

MR. ARNOLD: Yes, ma'am? I think you had your hand up.

UNIDENTIFIED FEMALE VOICE: I'm going to change the subject here for a second.

On the demographics, is there a limit or is there a number of low income housing, whatever they call it, I don't know what they call it in Florida, I'm from Boston, we have low income housing there, still, as far as I know.

Is there a number -- like do you have to have a percentage of low income in there? Is that a Florida state --

MS. HITCH: This is Katherine.

The answer is no.

UNIDENTIFIED FEMALE VOICE: Okay.

MS. HITCH: It's 100 percent market rate.

UNIDENTIFIED FEMALE VOICE: Okay.

MS. HITCH: We're private investors.

MR. ARNOLD: This gentleman on the end has --

UNIDENTIFIED FEMALE VOICE: Your discussions with DOT, is there any anticipation of a required light to be located --

UNIDENTIFIED FEMALE VOICE: That percentage doesn't apply.

MS. HITCH: This is Katherine. We are not

doing anything with the DOT. They do not have jurisdiction. We're adding a decel lane here, lining up with the existing curb cut.

UNIDENTIFIED MALE VOICE: No need for a traffic study for this project?

MS. HITCH: We did a traffic analysis. It's being submitted with the site development plans to the county.

UNIDENTIFIED MALE VOICE: I'm just looking at the potential traffic flow, and for the young professionals, either going into downtown to work or I'm not quite sure where, they're going to turn left coming out of the development, and to go to 41. So that's a good percentage of people that are going to be going that direction, potentially.

Yes, you do have the right to turn -- the option to turn right, and you come through Bayshore, which loads that area even more so.

Living in the area, you really do experience, especially seasonal traffic, and Bayshore can only handle so much with the current light program. And I'm just wondering if this additional load is going to cause us to eventually require a signal light at this cross intersection between your property and the existing drive which is the backside of the

commercial development across the street.

MS. HITCH: Are you saying right here?

UNIDENTIFIED MALE VOICE: No. At your existing drive.

MR. ARNOLD: At your entrance.

UNIDENTIFIED MALE VOICE: Excuse me.

UNIDENTIFIED FEMALE VOICE: Right there.

MS. HITCH: Currently -- that would have been brought up in the traffic analysis, which has been completed and submitted to the county. So the answer is no.

MR. ARNOLD: Any other questions we haven't answered?

Yes, ma'am.

UNIDENTIFIED FEMALE VOICE: Just some information.

Are the units going to be offered furnished or unfurnished or both? And you spoke about washers and dryers in each unit. Does that mean in the efficiencies as well? And are you going to have any handicap-equipped units?

MS. HITCH: It's Katherine.

So each apartment unit is not furnished. We have a model unit that is furnished and set up to show for prospective residents. Each unit has a

washer and dryer, including the studios.

And I'm sorry. What was the last?
UNIDENTIFIED FEMALE VOICE: Handicapped.

MS. HITCH: Yes. So all of the ground floor units are built so that they can be converted into handicap accessible units. Otherwise, there is a percentage, I think it is 5 percent per code, that are handicap accessible right away.

MR. ARNOLD: Yes, ma'am.

UNIDENTIFIED FEMALE VOICE: Yes. I want to find out, and I guess the county would better address this, based upon the rental projections, are there any other rental developments or units in Naples, per se, that match these rates? I guess what I want to know is, is this going to be the lowest rental project in Naples?

 $\ensuremath{\mathsf{MR}}.$  THOM: I can answer that question. This is Eric again.

No. And when we're saying market rate, we're following what the market is. I mean, we're not looking for subsidies and having, you know, a lower tier. We're looking to be up here.

UNIDENTIFIED FEMALE VOICE: I understand that.

MR. THOM: Okay.

UNIDENTIFIED FEMALE VOICE: But based upon

your projected rates, I personally have looked into it, and I don't know any rental apartments right now that are going for the rates you are speaking of.

UNIDENTIFIED FEMALE VOICE: Similar.

UNIDENTIFIED FEMALE VOICE: Yeah similar apartments.

UNIDENTIFIED FEMALE VOICE: Similar style complexes.

UNIDENTIFIED FEMALE VOICE: Similar size.

MR. THOM: Yeah. I mean, we look at comps in the area that we've identified. I don't want to say them right now, but we shop the market. We look at who we feel our competitors are, and we make sure that our projections are in line with what those competitors are.

UNIDENTIFIED FEMALE VOICE: So you've found studio units available in Naples for 1,100 a month?

MR. THOM: Well, it's not just based on studios.

UNIDENTIFIED FEMALE VOICE: East Naples.

MR. THOM: It's also based on one bedroom, two bedroom and three bedroom units.

UNIDENTIFIED FEMALE VOICE: Right. I concur. I mean, up the line.

MS. HITCH: And it's Katherine again, too.

And I can tell you that in the recent properties that we have completed and opened in Florida, we project on the low side. So once they are actually open and operational and all of those properties that I have in the last handful, they are renting above and beyond quite a bit. We just -- these are estimates.

UNIDENTIFIED FEMALE VOICE: Here in East Naples?

MS. HITCH: These are estimates. These are projections that we build our financials on.

UNIDENTIFIED FEMALE VOICE: (Indiscernible) lower expectation?

MS. HITCH: Exactly.

MR. ARNOLD: Yes, sir.

UNIDENTIFIED MALE VOICE: Keep in mind the market can go down, too, for these rents, as we're all discussing.

The one thing that I find is just the density of rentals. And I think, in fairness to these guys, most of our questions are really with the county, our issues as far as permitting. Another 340 doors going in here.

Just on Bayshore, between Naples 701,

Botanical Place and Abaco Bay, you've got, what, almost 600 units. Those are condos. Naples 701 is all apartment at 188, but that's still -- Botanical Place, where I used to live, 40 to 50 percent of those are rentals. Abaco Bay, most of those are rentals.

If you look at the Davis, which is also in the 34112 ZIP code, which is where we're speaking of, Napoli, that's a 300-unit complex that used to be apartments, was converted into condos. I just sold a couple of them in there to both renters and investors, so.

And getting back to the market rents, they are charging a hefty rate for rents here, but if you've got a three-bedroom property, I can tell you that -- and just being -- you know, looking back at my young days when I was in college or shortly thereafter, we'd have three or four guys at 4 or 500 bucks apiece piling into an apartment until we got on our feet.

So I know you say you can watch who's coming and going, but believe me, with key fobs or stickers or call boxes, whatever you want to come up with, there are always ways around those things.

So I've been in these complexes. I'm in them

every day. And I'm sure everybody else has witnessed this sort of thing.

So, again, just to reiterate, I think our issues are more with the county. These folks are doing everything to code, and everything that's being asked of them. I don't like it. I prefer his answer. I wish there was a for sale sign on them instead, but that's not why we're here today.

MR. ARNOLD: Yes, ma'am?

UNIDENTIFIED FEMALE VOICE: So kind of piggybacking on that. In your lease agreement, okay, say I come in and I want to rent a studio apartment, and I execute a lease. Is there any stipulation in the lease agreement as to the number of residents I can have in that studio? I know it's kind of defined by the number of parking places, but --

MR. THOM: You've got to fill out who's going to be there with you. So if it's --

UNIDENTIFIED FEMALE VOICE: And you hold people's feet to the fire to that?

MR. THOM: Yes.

MR. ARNOLD: In practice, (indiscernible).
Yes, ma'am.

UNIDENTIFIED FEMALE VOICE: Do you have a

percentage at all as to what units are for federal bulk income rentals?

MR. THOM: None.

UNIDENTIFIED FEMALE VOICE: None? You're subsidized by the government?

MR. THOM: No.

MR. ARNOLD: Yes, sir.

UNIDENTIFIED FEMALE VOICE: To answer your question, the county only allows two per bedroom, two people per bedroom.

UNIDENTIFIED FEMALE VOICE: But it will be monitored is my --

UNIDENTIFIED MALE VOICE: Well, I mean, I managed apartments. Did I go in every one every night and review? No. They're apartments.

In that area -- I remember I did, too, sure, I remember (indiscernible). But these are a little bit more upscale, you know.

And it's not just apartment rentals in East
Naples we're talking about. Everything in East
Naples is a rental except for a couple of gated
communities, almost everything. I would say 70
percent, you know, just along Bayshore itself, and
back in that area.

And it's still not a bad area. It's -- it's

not a high crime area, you know, where they've got SWAT teams running around all the time.

MR. ARNOLD: Thank you. Yes, ma'am?

UNIDENTIFIED FEMALE VOICE: Question. I was wondering -- well, I was just wondering. So this is going to be market rate and we're going to have another, say, 3 to 400 people coming out of one exit and one entrance?

UNIDENTIFIED FEMALE VOICE: 600.

UNIDENTIFIED FEMALE VOICE: 600, right?

UNIDENTIFIED FEMALE VOICE: It's 340 units.

UNIDENTIFIED FEMALE VOICE: Yeah, 340 units.

UNIDENTIFIED FEMALE VOICE: So double that.

UNIDENTIFIED FEMALE VOICE: So we're talking about another 600 people going in and out one entrance. This is more for the county.

Has anybody -- I mean, I went to the meeting a couple of weeks ago where they were looking at the 41 corridor. Okay? And they were looking at the envisionment of what they wanted to do, and they were querying the residents of what we wanted to see happen to it.

I'm afraid that 41 is already failing. And this has nothing to do with yours. I mean, your development will add to that, of course, but

especially in season, what is the county doing to ensure the reliability of 41?

MR. ARNOLD: If I can, this is Wayne Arnold.

And I'm not with the county, but I can tell you
this was part of a development of regional impact,
one of the largest, most intense types of
developments that are planned in the State of
Florida.

Extensive traffic analyses were prepared, and several transportation improvements were made with the expectation that they were going to build all 1,999 units. I don't know where (indiscernible) is on track to build out theirs, but our units were included in that original traffic analysis, and they further analyzed it as part of their site plan that's being reviewed by the county.

UNIDENTIFIED FEMALE VOICE: Thank you.

MR. ARNOLD: Any other questions we haven't touched on before we try to move on? Yes, ma'am.

UNIDENTIFIED FEMALE VOICE: Getting back to the buffer, the landscape buffer and what Mark Rosenberg (phonetic) brought up about pushing everything back a few feet and giving us some more green buffer, that parking. Eric said that you would look into it.

MR. THOM: Yeah.

UNIDENTIFIED FEMALE VOICE: How will we know what the results of that looking into it is?

MR. THOM: Well, we've got to do -- I can't give you a timeline, because we just heard it tonight. We've got to go talk to our engineers.

UNIDENTIFIED FEMALE VOICE: Right.

MR. THOM: We've got to have them doing some figuring and kind of ask them okay, is there any cushion there. It's probably going to take us a couple of weeks to analyze that, because it's not just the distance.

UNIDENTIFIED FEMALE VOICE: How will that information -- how will we, sitting here tonight with this concern, get the information once it's been analyzed again?

MR. ARNOLD: Well, we can either  $\operatorname{\mathsf{--}}$  this is Wayne.

We can do a couple of things. We can post to our website, which there's a link in the letter -- actually, it's to Katherine. It would probably be easier for us to either get the information to Kay and Tim, and if you want to contact Kay and Tim to follow up on that, or we're happy to follow up directly with anybody who has a specific comment if

you leave us an e-mail address.

UNIDENTIFIED FEMALE VOICE: Okay. I'll do that.

UNIDENTIFIED MALE VOICE: Just to pile on to that, the sign-in sheet was back there. If you've get your information there, we can make sure we can go -- yep.

UNIDENTIFIED FEMALE VOICE: You take it from that and send it to us?

UNIDENTIFIED MALE VOICE: Uh-huh.

MR. ARNOLD: We will.

UNIDENTIFIED FEMALE VOICE: That would be much appreciated.

MR. ARNOLD: Okay.

UNIDENTIFIED FEMALE VOICE: What is -- what is the current width of the buffer as shown?

MR. ARNOLD: Do you know that, Katherine?

MS. HITCH: On the south side, the landscape buffer? It's approximately 15 feet.

UNIDENTIFIED MALE VOICE: That's width.

MR. ARNOLD: Okay. Anybody else?

Going once --

UNIDENTIFIED MALE VOICE: I just have one question.

MR. ARNOLD: Yes, sir.

UNIDENTIFIED MALE VOICE: You know, the other establishments like this you have in the area, like in Fort Myers, do they have a metal fence around the area?

MR. ARNOLD: Yeah.

MS. HITCH: That's correct.

MR. ARNOLD: Excuse me. We're still trying to record the meeting, please.

UNIDENTIFIED FEMALE VOICE: Repeat the question.

MR. ARNOLD: Can you repeat the question for us?

UNIDENTIFIED MALE VOICE: I was wondering if the other locations that you built similar footprints like this, do they have metal fences around them?

MR. ARNOLD: So  $\operatorname{\mathsf{--}}$  everybody didn't hear that. This is Wayne.

The question was, from the gentleman in the front row, do other communities that they've built in the area have the metal fences that they're describing for a portion of the perimeter of this project.

MS. HITCH: Yeah, there's the pet park -- well, go back one. Here.

UNIDENTIFIED MALE VOICE: There it is. Yeah.

MS. HITCH: This is the decorative aluminum metal fence that would be an example of the perimeter fence. So it's five feet high. It's aluminum, particle slats.

MR. ARNOLD: Ma'am, in the back, you had your hand up?

UNIDENTIFIED FEMALE VOICE: I had asked a question about the elevation. I wasn't sure if this was a two-story. I came in late.

MR. ARNOLD: This is Wayne.

They're all proposed to be two-story buildings.

UNIDENTIFIED FEMALE VOICE: So we won't be seeing lights from our side of (indiscernible) because we actually live down Andros (phonetic), down by the construction entrance. So how does that impact us at night with lighting or parking lot lighting?

MR. ARNOLD: Well, you have to do photometrics to (indiscernible).

MS. HITCH: This is Katherine. Right.

So this -- we do photometrics on this site so the parking light is lit, the buildings are lit, but it's 26-foot high medium roof height for the --

to the top.

You're going to get less of an impact than commercial or retail adjacent. So I think it's -- we think it's a --

UNIDENTIFIED FEMALE VOICE: The nearby stadium has been a problem for some of the homeowners with the lights, so.

MS. HITCH: This is Eric.

We're not going to have it 20, 30 feet high.

UNIDENTIFIED FEMALE VOICE: Okay.

MR. THOM: Just so everybody is clear. This is more residential, lower type lighting that's going to be down lit, not up lit.

MS. HITCH: More for safety.

MR. THOM: Yeah, safety. And we're going to have to have some extra lighting around the pond, for example, because there's more of a -- we've got the sidewalks that kind of go around the interior of the pond. So there's going to be certain things that we're going to have to do with lighting, but it's going to be downcast. It's not going to be --

MS. HITCH: So people can see their entrance.

UNIDENTIFIED FEMALE VOICE: Right.

UNIDENTIFIED MALE VOICE: Okay.

UNIDENTIFIED FEMALE VOICE: Okay.

MR. ARNOLD: Yes, ma'am.

UNIDENTIFIED FEMALE VOICE: What was -- you said 26 feet. What was the 26 feet referring to?

MS. HITCH: Building height.

MR. ARNOLD: Midpoint.

UNIDENTIFIED FEMALE VOICE: The very top of the building?

MR. ARNOLD: No, the midpoint of the building.

MS. HITCH: It's the median roof height. So it's a pitched roof. So it's the halfway point, the top half.

UNIDENTIFIED FEMALE VOICE: So 30 feet, Eric, you said before --

MR. THOM: Right.

MS. HITCH: To the tip. To --

MR. THOM: The tip. And then the tower, too, is on the club, which I don't have a good picture of the club here, I think. There's a little bit of a tower feature.

Let me bring that out. So this tower is about that 30 feet height that I was talking about.

UNIDENTIFIED FEMALE VOICE: That same height.

MR. THOM: Right.

UNIDENTIFIED FEMALE VOICE: Okay.

MS. HITCH: Yeah. And I think that maybe some

of the confusion is between the peak and the mean roof height. So it's -- we're talking four feet here. People describe height differently.

MR. ARNOLD: Anything else from anybody? No?

We appreciate everybody coming out and
expressing your questions and comments.

MR. THOM: Great questions, everybody.

MR. ARNOLD: Thank you, everybody. Goodnight.

(Recording concluded.)

STATE OF FLORIDA

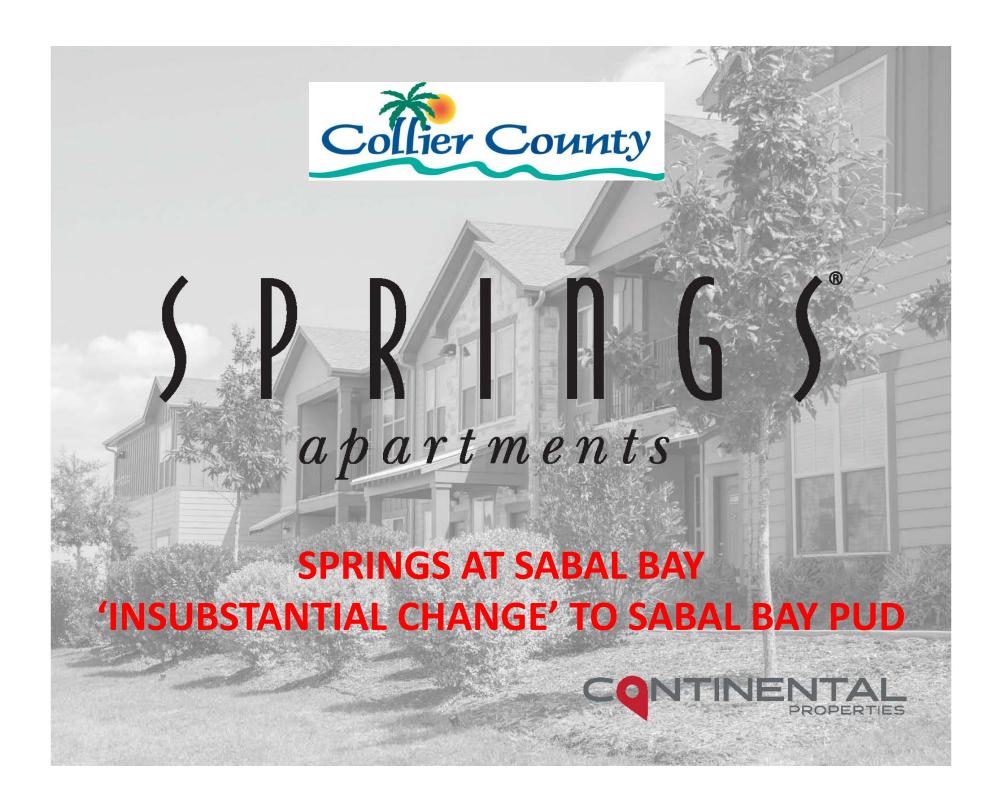

COUNTY OF COLLIER

- I, Joyce B. Howell, do hereby certify that:
- 1. The foregoing pages numbered 1 through 64 contain a full, true and correct transcript of proceedings in the above-entitled matter, transcribed by me to the best of my knowledge and ability from a digital audio recording.
- 2. I am not counsel for, related to, or employed by any of the parties in the above-entitled cause.
- 3. I am not financially or otherwise interested in the outcome of this case.

DATED: December 8, 2017

SIGNED AND CERTIFIED:

Joyce B. Howell

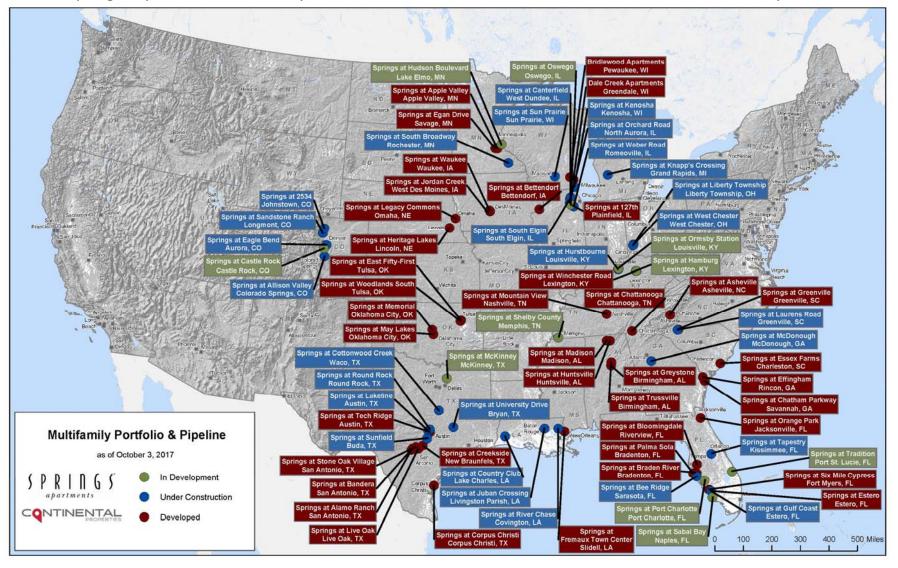

### ABOUT US

- Private Milwaukee based developer, founded in 1979
- Retail, Hospitality, and Apartment properties throughout US
- <u>Develops</u>, <u>owns</u>, and <u>manages</u> all of its nationally branded Springs® apartment communities
- No third-party management, each community is managed by Continental's full time, on site leasing and maintenance staff

#### **SPRINGS MARKETS**

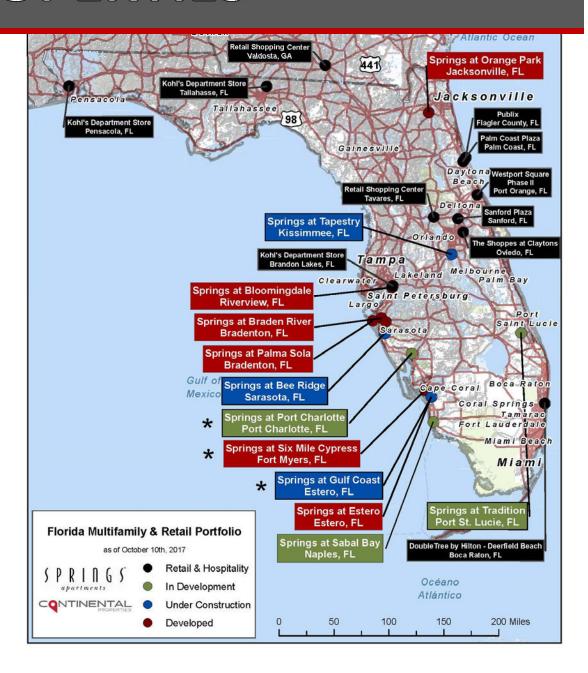

- Carefully selected sites in vibrant and growing markets
- First Springs® apartment community in 2001, now over 68 communities in 18 states, over 18,000 apartment homes

#### FLORIDA PROPERTIES

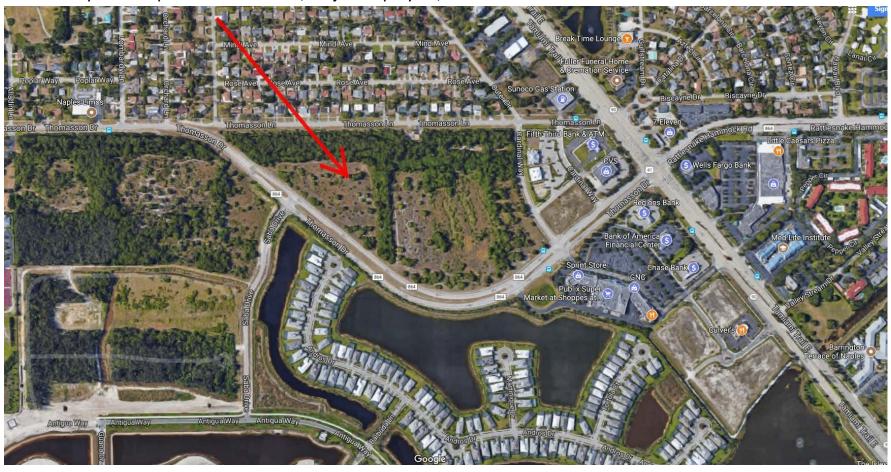

#### Local properties:

- Springs at Gulf Coast in Estero
- Springs at Six Mile in Fort Myers

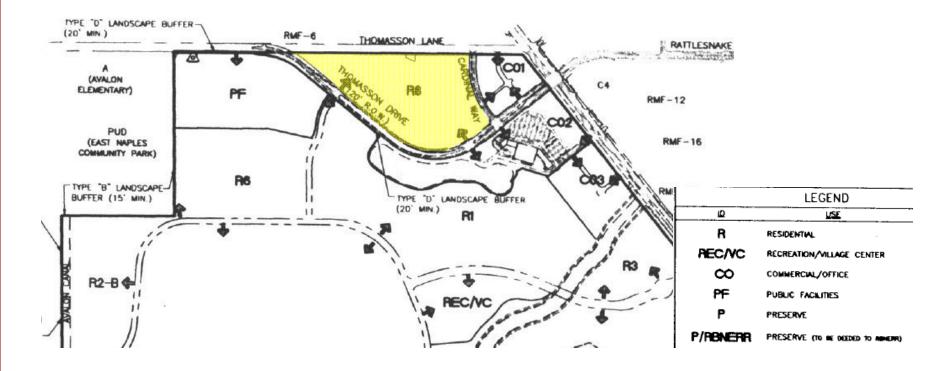

## SITE SELECTION

- Apartment development is consistent with <u>Collier County's Future Land Use Map</u> & <u>Growth Management Plan</u>
- Suburban townhome style product is compatible with adjacent land uses
- Nearby <u>employment</u>, <u>shopping</u>, <u>restaurants</u> and <u>entertainment</u>
- Proximity to transportation corridors, major employers, etc.

### ZONING

- Site is currently zoned as a <u>Residential Area</u> within the <u>Sabal Bay Mixed-Use Planned Unit</u> <u>Development (PUD)</u>, allowing for the development of 340 apartments
- Continental has submitted an amendment to reduce the minimum floor area for multi-family dwellings within the PUD from 700 SF to 551 SF

### **OVERVIEW**

- Springs® Apartments offer a mix of studio, 1, 2, and 3 bedroom units ranging in size from <u>551 SF</u> to <u>1430 SF</u>
- A wide variety of choices including studios is an important component of the Springs<sup>®</sup> successful branding model, which has been proven throughout the country, including locations in close proximity to the project site
- The development will be a Class-A, upscale and market-rate apartment community that will enhance the synergy of the surrounding area, and stimulate nearby development

### SITE PLAN

#### SITE DETAILS

- Class-A, market rate 340 unit apartment development on 33 acres within the PUD
- Smaller building footprints reduced impacts / increased buffer yards & setbacks
- Clubhouse at entrance with management staff including <u>leasing</u> & <u>maintenance</u>
- Lounge, café, 24 hour fitness center, pool & grilling area
- Gated community entry, decorative fencing at perimeter
- (14) buildings, 2-story garden style with private, ground level entries
- Attached or detached garages, surface parking
- Abundant open space & landscaping
- Some units with private fenced in yards
- Buildings oriented around pond
- Interior courtyards
- Pet playgrounds / Pet wash / Car care center
- Walking paths, outdoor seating areas
- Community feel / sense of place

## **AMENITIES**

PET PLAYGROUND

## **CLUBHOUSE**

- Full time on site leasing and maintenance staff
- Large lounge / gathering room for events
- Demonstration style kitchen & coffee bar
- wi-fi throughout
- 24-hour fitness facility
- Resort-style pool & sun deck with outdoor grilling area

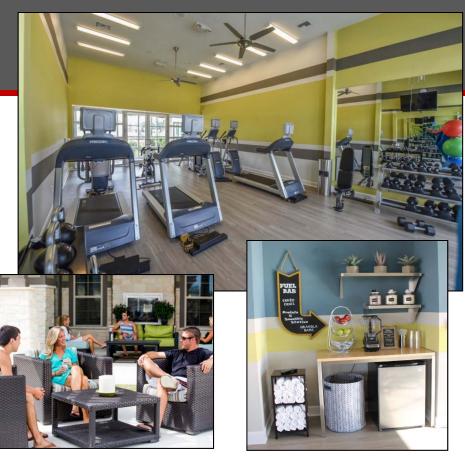

# CLUBHOUSE

## 20 UNIT BUILDING

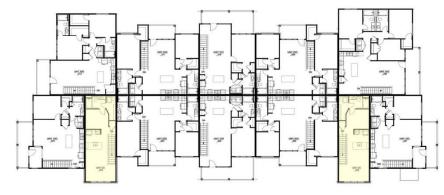

- Suburban townhome style with private ground-level entries
- Private balconies, patios and covered screened in porches
- Varied roof lines
- Complementary color selections

First Floor Plan

Second Floor Plan

## 24 UNIT BUILDING

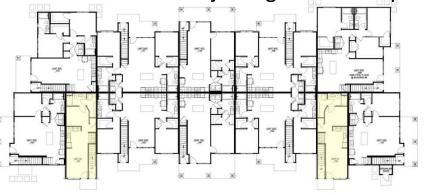

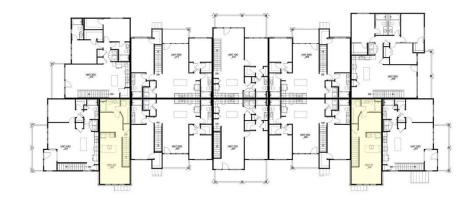

- Durable materials vertical & horizontal cement board siding
- Coral Stone
- Concrete tile roofs
- Projecting metal canopies

First Floor Plan

Second Floor Plan

### 28 UNIT BUILDING

## **EXTERIORS**

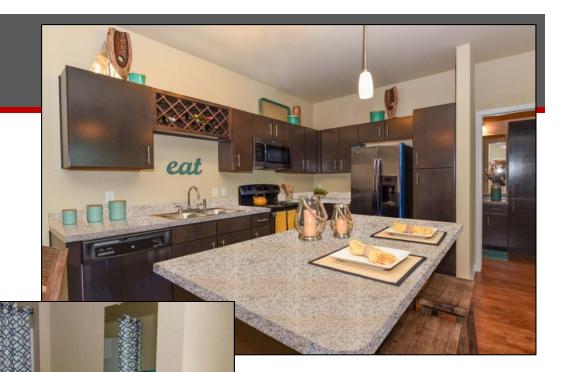

- Articulation with a variety of high quality materials & accents
- Many large windows
- Courtyards promote resident interaction
- Shared open space
- Professionally maintained landscaping

## INTERIORS

- High quality finishes
- Granite and laminate counters
- Stainless or black appliances
- Washers / Dryers in each unit
- Espresso cabinets
- Wood grain flooring

### **SUMMARY**

- Springs® at Sabal Bay will be a Class A, marketrate, 340 apartment community
- Complies with the site zoning within Sabal Bay Mixed-Use Planned Unit Development
- Amendment to reduce the current minimum floor area within the PUD
- Decreased intensity of the land use

- 2 story garden-style design with private entries
- Wide range of choices for type of apartment including size, interior features and amenities
- The development will be a complementary transition between adjacent retail, commercial, and residential neighborhoods
- Will provide a new high quality housing option to support job growth and stimulate nearby development

# **QUESTIONS?**

#### SIGN POSTING INSTRUCTIONS

#### (CHAPTER 8, COLLIER COUNTY ADMINISTRATIVE CODE FOR LAND DEVELOPMENT)

A zoning sign(s) must be posted by the petitioner or the petitioner's agent on the parcel for a minimum of fifteen (15) calendar days in advance of the first public hearing and said sign(s) must be maintained by the petitioner or the petitioner's agent through the Board of County Commissioners Hearing. Below are general guidelines for signs, however these guidelines should not be construed to supersede any requirement of the LDC. For specific sign requirements, please refer to the Administrative Code, Chapter 8 E.

- 1. The sign(s) must be erected in full view of the public, not more than five (5) feet from the nearest street right-of-way or easement.
- 2. The sign(s) must be securely affixed by nails, staples, or other means to a wood frame or to a wood panel and then fastened securely to a post, or other structure. The sign may not be affixed to a tree or other foliage.
- 3. The petitioner or the petitioner's agent must maintain the sign(s) in place, and readable condition until the requested action has been heard and a final decision rendered. If the sign(s) is destroyed, lost, or rendered unreadable, the petitioner or the petitioner's agent must replace the sign(s)

NOTE: AFTER THE SIGN HAS BEEN POSTED, THIS AFFIDAVIT OF POSTING NOTICE SHOULD BE RETURNED NO LATER THAN TEN (10) WORKING DAYS BEFORE THE FIRST HEARING DATE TO THE ASSIGNED PLANNER.
