Instructions for Section D. Project Information

D.1. Description of Work: The Description of Work must convey a detailed account of the work identified on the construction plans. For a multi-story project, identify the floor/story where construction work will take place. In addition, for permit applications addressing a Code Enforcement violation, please include the case number. Do NOT state “Please see attached plans.” The description of work must be included on the approved Permit.

D.2. Commercial Project Name: Identify the Commercial Project Name, if any.

D.3. Declared Value: Identify the Declared Value of the construction. The Declared Value must be either the contract value OR the value established by the *Items to Be Included*, pg. 3 of the [50% Structural Improvement/Structural Damage Form](#).

D.4. 1 & 2 Family Dwelling/Townhouse Sq. Ft.: This series of tables are to be filled out by applicants applying for a 1 & 2 Family Dwelling/Townhouse building permit. For alterations or additions, the work area is considered the square footage only where the construction will occur, not the total area of the structure.

Follow the instructions in Table D.4 and fill out the D.4 table series, based on the type of work proposed. For example, an applicant seeking to construct a NEW single family dwelling unit must complete tables D.4.a New Construction and D.4.b Work Area (Sq. Ft.). All 1 & 2 Family Dwelling/Townhouse applicants must fill out D.4.d Totals by Area, i.e. Total Living: D.4.b.i + D.4.c.i and Total Non-living: D.4.b.ii + D.4.c.ii. See the Note below for condominium buildings.

D.5. Commercial Sq. Ft: This series of tables are to be filled out by applicants applying for a commercial building permit. For alterations or additions, the work area is considered the square footage only where the construction will occur, not the total area of the structure. Follow the instructions in Table D.5 and fill out the D.5 table series, based on the type of work proposed. For example, an applicant seeking an alteration to a commercial building must complete D.5.c. Work Area.

Note: Condominiums: For construction work in a residential condominium building unit, fill out D.4. For construction work in a lobby (or communal space) in a condominium building, fill out D.5.

NOTICE OF COLLIER COUNTY ADDITIONAL REGULATIONS

NOTICE OF ADDITIONAL RESTRICTIONS: In addition to the requirements of this permit, there may be additional restrictions applicable to this property that may be found in the public records of this County, and there may be additional permits required from other governmental entities such as the Water Management District, State agencies, or Federal agencies.

WARNING OF POSSIBLE DEED RESTRICTIONS: The land subject to this permit may be subject to deed, and other restrictions that may limit or impair the landowner's rights. Collier County is not responsible for the enforcement of these restrictions, nor are Collier County employees authorized to provide legal or business advice to the public relative to these restrictions. The landowner or any applicant acting on behalf of the landowner is cautioned to seek professional advice.

WARNING OF WORK IN THE COUNTY RIGHT-OF-WAYS: This permit does not authorize construction or installation of any structure or utility, above or below ground, within any right of way or easement reserved for access, drainage or utility purposes. This restriction specifically prohibits fencing, sprinkler systems, landscaping other than sod, signs, water, sewer, cable and drainage work therein. If such improvements are necessary, a separate permit for that purpose must be obtained from the Growth Management Department.

NOTICE OF CLEARING RESTRICTIONS: The issuance of a building permit for a single-family dwelling allows up to one (1) acre of native vegetation to be cleared. Clearing more than one (1) acre may be allowed for accessory structures and requires a separate Vegetation Removal Permit. Properties located in the following zoning district overlays may **not** be allowed to clear one (1) acre: Rural Fringe Mixed Use District (RFMU), Big Cypress Area of Concern (ACSC), and Special Treatment Overlay (ST). There may be additional restrictions related to clearing native vegetation and impacts to wetlands or protected species found on the property. State and Federal agency permits may be required. Contact the Growth Management Department's Environmental Services at (239) 252-2400 for additional information. Issuance of a Demolition Permit for a structure does not authorize removal of vegetation beyond the footprint of the structure. A Demo Permit is not a clearing permit.

WORK IN THE SPECIAL FLOOD HAZARD AREA: Be advised that Substantial Damage/Substantial Improvement requirements will apply to structures located in the Special Flood Hazard Area with Finished Floor Elevations below the Base Flood Elevation.

By initialing, I am acknowledging that I have read and understand this Notice of Collier County Additional Regulations.

Initials

Owner or Agent of Owner's or Contractor's initials are required.

ACKNOWLEDGEMENT OF COLLIER COUNTY REGULATIONS

Application is hereby made to obtain a permit to do the work and installations as indicated. I certify that no work or installation has commenced prior to the issuance of a permit and that all work will be performed to meet the standards of all laws regulating construction in this jurisdiction. The permit or application fee may have additional fees imposed for failing to obtain permits prior to commencement of construction.

The approved permit and/or permit application expires if not commenced within 180 days from the date of issuance. The permittee further understands that only licensed contractors may be employed and that the structure will not be used or occupied until a certificate of occupancy is issued. By signing this permit application, I agree that I have been retained by the owner/permittee to provide contracting services for the trade for which I am listed. Furthermore, it is my responsibility to notify the Building Plan Review and Inspection Division should I no longer be the contractor responsible for providing said contracting services. I further agree that I understand that the review and issuing of this permit does not exempt me from complying with all County Codes and Ordinances. It is further understood that the property owner/permittee is the owner of the permit.

Note: An Owner-Builder must complete Sections A and B and the Owner-Builder Affidavit form.

SECTION A. OWNER or AGENT OF OWNER ACKNOWLEDGEMENT. The Contractor may sign as the Agent of Owner so long as Contractor's contract with Owner permits such action:

NOTICE OF COMMENCEMENT INFORMATION

Per Florida Statutes 713.135 a Notice of Commencement (NOC) is required for construction of improvements totaling more than \$2,500, with certain exceptions. For A/C Repairs or Replacements a notice of commencement is required for improvements more than or equal to \$7,500. The applicant shall file with the issuing authority prior to the first inspection either a certified copy of the recorded NOC or a notarized statement that the NOC has been filed for recording, along with a copy thereof. In order to comply with the state requirement, permits will be placed in inspection hold until proof of the NOC is filed with the building permitting and inspection department. The issuing authority shall not perform or approve subsequent inspections until the applicant files by mail, facsimile, hand delivery, email or any other means such as certified copy with the issuing authority.

WARNING TO OWNER: YOUR FAILURE TO RECORD A NOTICE OF COMMENCEMENT MAY RESULT IN YOUR PAYING TWICE FOR IMPROVEMENTS TO YOUR PROPERTY. IF YOU INTEND TO OBTAIN FINANCING, CONSULT WITH YOUR LENDER OR AN ATTORNEY BEFORE RECORDING YOUR NOTICE OF COMMENCEMENT. A NOTICE OF COMMENCEMENT MUST BE RECORDED AND POSTED ON THE JOB SITE BEFORE THE FIRST INSPECTION.
