NOTICE OF COLLIER COUNTY ADDITIONAL REGULATIONS

NOTICE OF ADDITIONAL RESTRICTIONS: In addition to the requirements of this permit, there may be additional restrictions applicable to this property that may be found in the public records of this County, and there may be additional permits required from other governmental entities such as the Water Management District, State agencies, or Federal agencies.

WARNING OF POSSIBLE DEED RESTRICTIONS: The land subject to this permit may be subject to deed, and other restrictions that may limit or impair the landowner's rights. Collier County is not responsible for the enforcement of these restrictions, nor are Collier County employees authorized to provide legal or business advice to the public relative to these restrictions. The landowner or any applicant acting on behalf of the landowner is cautioned to seek professional advice.

WARNING OF WORK IN THE COUNTY RIGHT-OF-WAYS: This permit does not authorize construction or installation of any structure or utility, above or below ground, within any right of way or easement reserved for access, drainage or utility purposes. This restriction specifically prohibits fencing, sprinkler systems, landscaping other than sod, signs, water, sewer, cable and drainage work therein. If such improvements are necessary, a separate permit for that purpose must be obtained from the Growth Management Department.

NOTICE OF CLEARING RESTRICTIONS: The issuance of a building permit for a single-family dwelling allows up to one (1) acre of native vegetation to be cleared. Clearing more than one (1) acre may be allowed for accessory structures and requires a separate Vegetation Removal Permit. Properties located in the following zoning district overlays may **not** be allowed to clear one (1) acre: Rural Fringe Mixed Use District (RFMU), Big Cypress Area of Concern (ACSC), and Special Treatment Overlay (ST). There may be additional restrictions related to clearing native vegetation and impacts to wetlands or protected species found on the property. State and Federal agency permits may be required. Contact the Growth Management Department's Environmental Services at (239) 252-2400 for additional information. Issuance of a Demolition Permit for a structure does not authorize removal of vegetation beyond the footprint of the structure. A Demo Permit is not a clearing permit.

WORK IN THE SPECIAL FLOOD HAZARD AREA: Be advised that Substantial Damage/Substantial Improvement requirements will apply to structures located in the Special Flood Hazard Area with Finished Floor Elevations below the Base Flood Elevation.

By initialing, I am acknowledging that I have read and understand this Notice of Collier County Additional Regulations.

Initials

Owner or Agent of Owner's or Contractor's initials are required.

WARNING TO OWNER: YOUR FAILURE TO RECORD A NOTICE OF COMMENCEMENT MAY RESULT IN YOUR PAYING TWICE FOR IMPROVEMENTS TO YOUR PROPERTY. IF YOU INTEND TO OBTAIN FINANCING, CONSULT WITH YOUR LENDER OR AN ATTORNEY BEFORE RECORDING YOUR NOTICE OF COMMENCEMENT.

The approved permit and/or permit application expires if not commenced within six (6) months from the date of issuance. The permit or application fee will be two times the amount of the permit fee, if work is started without an approved permit. The permittee further understands that only licensed contractors may be employed and that the structure will not be used or occupied until a certificate of occupancy is issued. By signing this permit application, I agree that I have been retained by the owner/permittee to provide contracting services for the trade for which I am listed. Furthermore, it is my responsibility to notify the Customer Service section of the Building Review and Permitting Department should I no longer be the contractor responsible for providing said contracting services. I further agree that I understand that the review and issuing of this permit does not exempt me from complying with all County Codes and Ordinances. It is further understood that the property owner/permittee is the owner of the permit.

WARNING OF POSSIBLE DEED RESTRICTIONS

THE LAND SUBJECT TO THIS PERMIT MAY BE SUBJECT TO DEED, AND OTHER RESTRICTIONS THAT MAY LIMIT OR IMPAIR THE LANDOWNER'S RIGHTS. COLLIER COUNTY IS NOT RESPONSIBLE FOR THE ENFORCEMENT OF THESE RESTRICTIONS, NOR ARE COLLIER COUNTY EMPLOYEES AUTHORIZED TO PROVIDE LEGAL OR BUSINESS ADVICE TO THE PUBLIC RELATIVE TO THESE RESTRICTIONS. THE LANDOWNER OR ANY APPLICANT ACTING ON BEHALF OF THE LANDOWNER IS CAUTIONED TO SEE PROFESSIONAL ADVICE.

WARNING ON WORK IN COUNTY RIGHT-OF-WAYS

This permit does not authorize construction or installation of any structure or utility, above or below ground, within any right-of-way or easement reserved for access, drainage or utility purposes. This restriction specifically prohibits fencing, sprinkler systems, landscaping other than sod, signs, water, sewer, cable and drainage work therein. If such improvements are necessary, a separate permit for that purpose must be obtained from Transportation/ROW Permits and Inspections (239) 252-5767.

NOTICE: In addition to the requirements of this permit, there may be additional restrictions applicable to this property that may be found in the public records of this county, and there may be additional permits required from other governmental entities such as water management district, state agencies, or federal agencies.

For a copy of an Environmental Resource Permit please contact the Ft. Myers office at 239-332-6975 or an informal wetland determination, please contact the Environmental Department at 239-252-2505.

The above checklist is intended to ensure the minimum required documents are included in the application and may not include all the documents required for every situation. It is the applicant's responsibility to submit all required information. If the application is found to be insufficient for a thorough review, the permit package may be cancelled, and the application fee will not be refunded.

I have read all requirements above mentioned and agree that the submissions of these plans are correct.
