Re: City Gae Phase Three A

To Whom It May Concern:

FPL will furnish electric service upon request to City Gae Phase Three A

Electric service will be supplied by FPL to the customer, based on terms and conditions outlined in the General Rules and Regulations for Electric Service as approved by the Florida Public Service Commission.

FPL has also reviewed the proposed plat for the above mention project and has found the proposed platted easements to be satisfactory.

It is understood that FPL Company may require additional electric easements within the boundaries of this project to complete the installation of our facilities.

If you have any questions, please do not hesitate to contact me at (239)-353-6003

Sincerely,

John Benavides
Associate Enginner
