Re: Pezzettino Di Cielo PUD Insubstantial Change

To Whom It May Concern,

We have reviewed the proposed revisions to the Pezzettino Di Cielo PUD document and master plan. We have no objection to the proposed relocation of the required perimeter landscape buffers to the previously recorded landscape buffer easement. We understand that the existing landscape material located within the buffer easement will be supplemented with vegetation meeting the requirements for the otherwise required landscape buffers for the Pezzettino Di Cielo PUD.

Sincerely,

Robert Greenberg
