ENBROOK RPUD PERMITTED USES

A maximum of 526 multi-family, two family attached and townhouse residential dwelling units or 265 single family residential dwelling units or any combination of dwelling unit types permitted in the PUD, not to exceed the trip cap specified in Exhibit F, item 4.a, shall be permitted within the RPUD. ~~For purposes of calculating density two-family attached dwelling units are considered multi-family dwellings.~~ No building or structure, or part thereof, shall be erected, altered or used, or land used, in whole or in part, for other than the following:

RESIDENTIAL:

A. Principal Uses:

Dwelling Units – Multi-family, townhouse, two-family attached, and single-family detached.

B. Accessory Uses, for use by residents and guests of this PUD:

1. Accessory uses and structures customarily associated with the principal uses permitted in this RPUD, including but not limited to garages, carports, swimming pools, spas, open space or passive park, dog park screen enclosures and utility buildings.
2. Model homes and model home centers including sales trailers and offices for project administration, construction, sales and marketing.
3. Any other accessory use, which is comparable in nature with the foregoing uses and consistent with the permitted accessory uses of this RPUD as determined by the Board of Zoning Appeals or the Hearing Examiner.

AMENITY AREA:

A. Principal Uses:

1. Clubhouse with cafes, snack bars and similar uses intended to serve residents and guests.
2. Community administrative and recreation facilities. Outdoor/indoor recreation facilities, such as a community swimming pool, tennis/pickle ball courts and basketball courts, fitness/spa, parks, playgrounds, pedestrian/bikeways, and passive and/or active water features intended to serve residents and guests.

3. Open space uses and structures such as, but not limited to, boardwalks, nature trails, bikeways, landscape nurseries, gazebos, boat and canoe docks, fishing piers, picnic areas, fitness trails and shelters to serve residents and their guests.

B. Accessory Uses:

1. Model homes and model home centers including sales trailers and offices for project administration, construction, sales and marketing.
2. Any other accessory use, which is comparable in nature with the foregoing uses and consistent with the permitted accessory uses of this RPUD as determined by the Board of Zoning Appeals or Hearing Examiner.

PRESERVE:

A. Allowable Uses:

1. Nature trails and boardwalks that do not reduce the amount of required preserve area to be retained.
2. Preservation.
3. Passive uses, as per LDC requirements.
4. Water management as allowed by the LDC.
5. Uses subject to LDC section Allowable uses within County required preserves.

EXHIBIT B

ENBROOK RPUD DEVELOPMENT STANDARDS

The table below sets forth the development standards for land uses within the Enbrook RPUD Subdistrict. Standards not specifically set forth herein shall be those specified in applicable sections of the LDC in effect as of the date of approval of the SDP or subdivision plat.

SPS – Same as Principal Structure
 BH – Building Height (zoned height)
 LBT – Landscape Buffer Tract

LMT – Lake Maintenance Tract

- *1 – The minimum front yard setback may be reduced to 12' where the unit has a recessed or side entry garage. Front-entry garages shall be set back a minimum of 23 feet from back of sidewalk.
- *2 – For corner lots, only one front yard setback shall be required. The yard that does not contain the vehicle access shall provide a minimum 10' setback.
- *3 – The minimum distance between buildings may be reduced to 0' with a shared wall. However, the principal structures shall maintain a 10' minimum separation.
- *4 – LBTs and LMTs will be platted or shown as separate tracts on the SDP or Plat. Where a lot abuts a LBT or LMT, the setback may be reduced to 5 feet for principal structures and zero feet for accessory structures. [For lots abutting Manatee Road, landscape buffer easements may be permitted in lieu of separate tracts.](#)
- *5 – Guardhouses, gatehouses, access control structures, clock towers, fences, walls, columns, decorative hardscaping or architectural embellishments associated with the project's entrance features are permitted within the "R" and "A" designated areas abutting the project's entrance, or within the private roadway as depicted on the RPUD Master Plan, and shall have no required setbacks; however, such structures cannot be located where they create vehicular stacking or sight distance issues for motorists and pedestrians, and cannot exceed 35 feet in zoned height and 40 feet in actual height.
- *6 – [An 8 foot wall will be installed where the amenity center is adjacent to external residential development.](#)

Note: Nothing in this RPUD document shall be deemed to approve a deviation from the LDC unless it is expressly stated in a list of deviations.

ENBROOK RPUD LIST OF DEVIATIONS

- DEVIATION 1: From Section 6.06.01 N., “Street System Requirements”, which requires a 60 foot right-of-way width for Local/Private roads to instead allow a 50 foot right-of-way width.
- DEVIATION 2: From LDC Section 5.06.02.B.5.a, “On-premises Directional Signs”, which requires that each sign shall be setback a minimum of 10 feet from edge of the roadway paved surface or back of curb, to instead allow a setback of 5 feet from edge of roadway, paved surface or back of curb. This deviation excludes public roads.
- DEVIATION 3: From LDC Section 5.03.02.C.1.a and 5.03.02.C, “Fences and Walls”, Excluding Sound Walls, which requires fences or walls in a residential PUD to be 6 feet or less in height, to instead allow an 8-foot high wall on top of a 4-foot high berm along Manatee Road right-of-way and adjacent to the amenity area.
- DEVIATION 4: From LDC Section 5.05.08.B.2.a.i and 5.05.08.B.2.c.i, “Architectural and Site Design Standards”, which requires where a proposed project site located within 150 to 300 feet of an arterial or collector road , including all rights-of-way , shall be required to comply with LDC sections 5.05.08 D.4., D.10., D.13., D.15., E, and F. Compliance shall be limited to the building façades facing the arterial or collector road to instead allow the buildings behind a wall to not be subject to this LDC requirement.
- DEVIATION 5: From LDC Section 4.05.04.G, “Parking Space Requirements”, which requires where small-scale recreation facilities are accessory to a single-family or multifamily project and intended only for the residents of that project, exclusive of golf courses/clubhouses, the recreation facilities may be computed at 50 percent of normal requirements where the majority of the dwelling units are not within 300 feet of the recreation facilities and at 25 percent of normal requirements where the majority of the dwelling units are within 300 feet of the recreation facilities, to instead allow the parking space for the recreation facilities to be computed at 25 percent where the majority of dwelling units are within 500 feet of the recreation facilities.
- DEVIATION 6: From LDC Section 5.06.02.B.6.b., “On-premises Sign Within Residential Districts”, which permits two ground signs at a maximum height of 8 feet with a [combined](#) sign face area

not to exceed 64 square feet, to instead allow a combined sign face area of 160 square feet. ~~two signs of up to 80 square feet (per sign face)~~. The signs are to be located along the Manatee Road frontage of the property on the project's wall or as free standing monument signs, ~~and to exceed the maximum sign height of 8 feet~~ for a maximum height of 12 feet ~~in height~~ (8 foot high wall on a 4 foot high berm) measured from the adjacent roadway centerline elevation. If the sign is on the wall, the wall will be 10 feet from the Manatee Road right-of-way.

ENBROOK RPUD LIST OF DEVELOPER COMMITMENTS

1. PUD MONITORING

One entity (hereinafter the Managing Entity) shall be responsible for PUD monitoring until close-out of the PUD, and this entity shall also be responsible for satisfying all PUD commitments until close-out of the PUD. At the time of this PUD approval, the Managing Entity is D.R. Horton, Inc., 10541 Six Mile Cypress, Fort Myers, FL 33966. Should the Managing Entity desire to transfer the monitoring and commitments to a successor entity, then it must provide a copy of a legally binding document that needs to be approved for legal sufficiency by the County Attorney. After such approval, the Managing Entity will be released of its obligations upon written approval of the transfer by County staff, and the successor entity shall become the Managing Entity. As Owner and Developer sell off tracts, the Managing Entity shall provide written notice to County that includes an acknowledgement of the commitments required by the PUD by the new owner and the new owner's agreement to comply with the Commitments through the Managing Entity, but the Managing Entity shall not be relieved of its responsibility under this Section. When the PUD is closed-out, then the Managing Entity is no longer responsible for the monitoring and fulfillment of PUD commitments.

2. MISCELLANEOUS

- a. Issuance of a development permit by a county does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the county for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law.
- b. All other applicable state or federal permits must be obtained before commencement of the development

3. ENVIRONMENTAL

- a. The RPUD shall be required to preserve 25% of native vegetation. 11.62± acres of native vegetation exists on-site requiring a minimum preservation of 2.91 acres ($11.62 \times .25 = 2.91$). A total of 12.84± acres of native vegetation will be retained.

4. TRANSPORTATION

- a. The RPUD shall be limited to a maximum of 259 p.m. peak hour two-way trips based on the use codes in the ITE Manual on trip generation rates in effect at the time of application for SDP/SDPA or subdivision plat approval.
- b. Owner, its successors and/or assigns at its expense shall provide turn lanes on Manatee Road in accordance with the LDC at the time of plat or SDP. Compensating right-of-way will be provided per the LDC.
- c. If the Developer constructs more than the project's number of vested dwelling units (i.e., 483 multi-family units) per the PUD's DCA Agreement, dated July 21, 2005 and as amended by COA# 06-0148-09, or either constructs single-family units or a combination of single-family and multi-family units that generate more than the vested trip cap of 240 two-way PM peak hour trips but less than the zoning trip cap of 259 two-way PM peak hour trips, then additional off-site impact analysis may be required at the time of acquiring SDP approval.

5. LANDSCAPING

- a. Preserves may be used to satisfy the landscape buffer requirements after exotic vegetation removal in accordance with LDC sections 4.06.02 and 4.06.05.E.1. Supplemental plantings with native plant materials shall be in accordance with LDC section 3.05.07. In order to provide the required Type B buffer, a minimum 6-foot-wide landscape buffer easement located outside of the preserve will be conveyed by owner to a homeowner's association or condominium association at time of SDP or plat approval. In the event that the preserve does not meet the buffer requirement after removal of exotics and addition of supplemental planting in accordance with 3.05.07, landscape material will be provided by owner in the 6 foot wide landscape buffer easement outside of the preserve to meet the size and spacing standards of a Type 'B' buffer. The type, size and number of such plantings will be determined at time of initial SDP or Plat.

~~6. UTILITIES~~

- a. ~~The Owner shall provide 8" water main stub out(s) at the southern boundary and shall convey a County Utility Easement (CUE) to Collier County Water Sewer District (District) for the stub out(s). The CUEs shall be 15 feet in width. The CUE shall be conveyed in accordance with Collier County Utilities Standards and Procedures Ordinance at no cost to the County or District, free and clear of all liens and encumbrances, prior to or concurrent with preliminary acceptance of utilities.~~
